Welcome

Welcome to our first Tamworth Bull Sale. After purchasing the Wombramurra herd in early 2020, we were keen to continue providing high quality black Simmental and SimAngus bulls to this area which will also allow our existing northern clientele to purchase closer to home.

The bulls we have drafted for this sale have been specifically selected for this market and display explosive early growth, doing ability, increased fat cover and IMF in a structurally sound and docile package.

A third of the catalogue are out of first calving heifers which gives you a great indication of the strength of the fertility, efficiency and calving ease of our herd.

A progressive herd with superior genetic strength should always have their heifers producing some of the best calves. Our black Simmental and SimAngus herd has grown to nearly 600 females which gives us the flexibility to offer the very best bulls at both our on property sale and this sale in Tamworth.

The black Simmental bulls represent exactly what we are striving to produce. Bulls with outstanding performance and carcass quality with softness, style and doing ability.

These bulls have both maternal and terminal traits that give you the flexibility to target whatever market you choose.

We have invested heavily in our SimAngus programme and are excited to offer this group of outstanding bulls to you. They represent the best of both breeds and appeal to those looking for extra weight for age in a superior carcass with fat cover and IMF. A great option for those wanting a touch of Simmental to add value to their angus herd.

As with all of our sale cattle, these bulls have passed a rigorous structural and docility assessment, have been tested negative for pestivirus, are up to date with their vaccination programme and have been genomically tested and sire verified.

All bulls have also been weighed at birth, 200 days, 400 days and 600 days for the Q drop bulls plus scan data entered into breedplan. No stone is left unturned in presenting these bulls to you.

Please feel free to contact us if you would like any specific information or assistance with your selections.

Sale Information

HEALTH

Woonallee Simmentals has a J-Bas score of 8 and eligible for all states in Australia except WA. Bulls have received both shots of 7 in 1 and Pesti guard, plus their first shot of Bovilis and drenched with Eprinex . All bulls have been tested negative for pesti virus. Semen testing has been conducted by Nationwide Artificial Breeders and all bulls lotted have passed both semen and morphology testing.

DNA, COLOUR AND POLLED TESTING

All bulls have been tested for colour and polled status with the results indicated in the catalogue. They have also been 100K DNA tested and sire verified.

DELIVERY

Woonallee and Elders will organise delivery of the bulls at the conclusion of the sale. Please fill in the buyers slip with clear directions and contact phone number. Woonallee will deliver free of charge within 200 km of Tamworth.

TRANSFERS

All animals are registered with the Australian Simmental Breeders Association and are eligible for transfer. Please indicate on the buyer's instruction sheet if you would like your purchases to be transferred.

BUYERS REGISTRATION

Buyers are requested to register with the selling agent prior to commencement of the sale and to display their registration number at the fall of the hammer. This sale will also be interfaced with Elite Livestock Auctions and Auctions Plus. Please see information on page 5 of this catalogue to register.

INSPECTION AND SALE TIME

Sale animals will be yarded and available for inspection from 10am on sale day Wednesday, 11th August. Selling to commence at 1pm sharp. Supplementary sheets available on sale day. Private inspection before sale day can be arranged by contacting Tom Baker on 0428 475 066. All times quoted are Australian Eastern Standard Time.

GST

All lots are sold exclusive of GST.

PHONE BIDDING

Please contact the selling agent to arrange phone bidding. Lincoln McKinlay 0419 239 963.

REBATES

A rebate of 2% is available to outside agents introducing buyers in writing to the selling agent prior to the sale and settling within 7 days.

INSURANCE

Woonallee recommends insuring all purchases at the fall of the hammer. An insurance representative will be available on sale day to help with this.

GUARANTEE

All cattle sold at Woonallee come with a two year structure and fertility guarantee. In the rare case a bull is found to be infertile or incapable of natural service, Woonallee will refund or replace the bull provided the problem is not caused by injury or disease incurred after taking delivery.

COVID REGULATIONS

The sale will be conducted under the government regulations current at the time of sale.

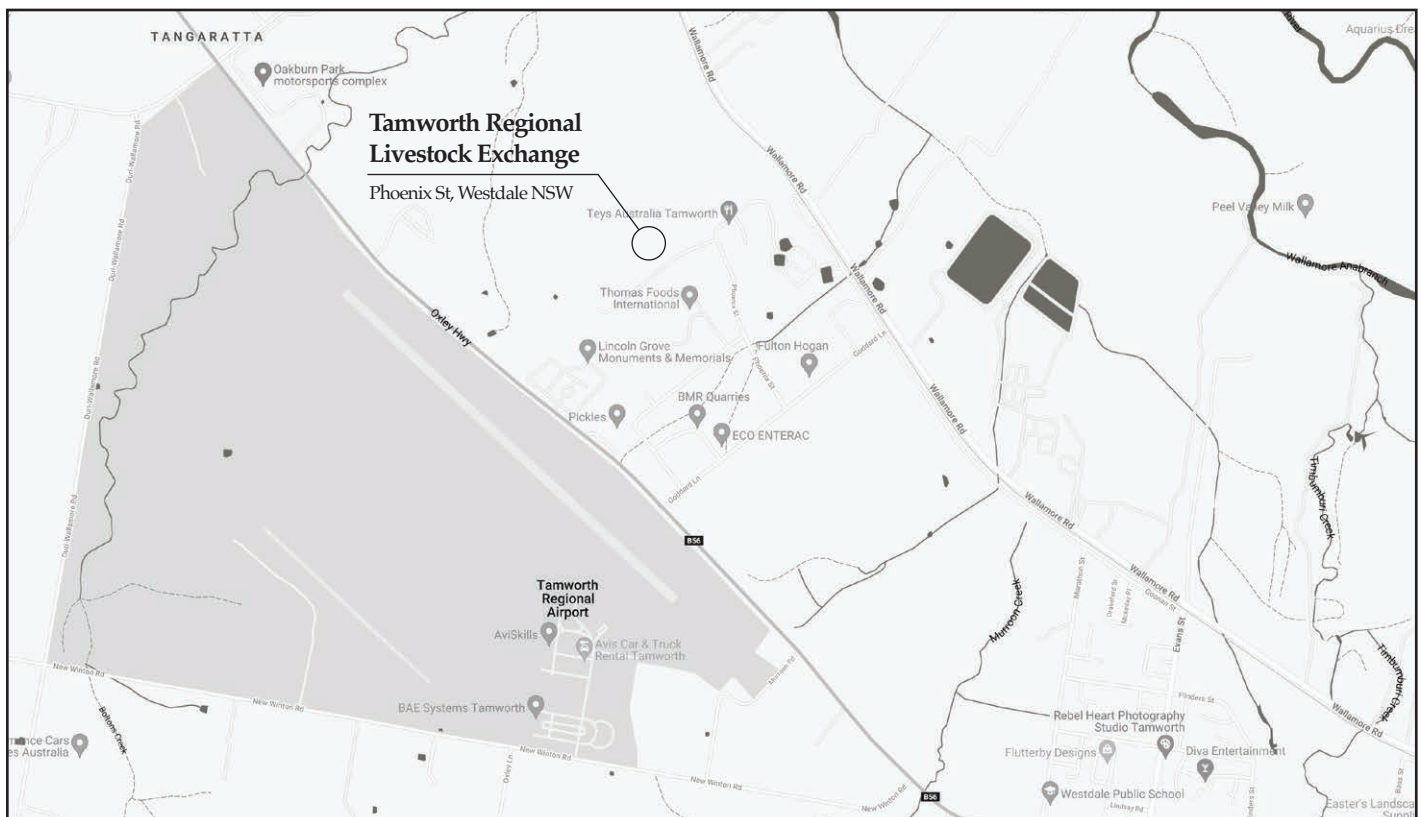

EBV Information

SIMMENTAL GROUP BREEDPLAN

The breedplan values in this catalogue were calculated in the 2019 Simmental Trans Tasman Group Breedplan evaluation. Each reported trait shows an EBV and its accuracy level. The EBV (Estimated Breeding Value) provides the best current estimate of the bull's true genetic merit for that trait, relative to the overall base for the Simmental breed. It indicates how its progeny should perform relative to those of other bulls in the breed. The accuracy indicates how well an EBV predicts the true genetic worth of an animal. The accuracy of an EBV will be higher for traits with a higher heritability and will increase as more performance information on an animal and its relatives become available. The accuracy of an EBV is reported as a percentage. EBV's with higher accuracy will change less than EBV's of low accuracy when more performance records are analysed.
