# Invitation

---

We would like to welcome you all to our 21st on property Sale at Mungabunda on the 13th September, 69km west of Moura.

A draft of 120 bulls with 49 years of consistent quality have been selected for the sale. These bulls are well muscled with excellent conformation. Sired by 15 different bulls. Whether you're wanting to produce prime quality vealers, steers, bullocks, stud females or bulls, you will find a bull to do the job at the Ayr sale. Hair clippers are not used on heads, necks or bodies - what you see is what you get.

All the bulls are paddock reared with no special treatment for individual animals. In preparation for the sale self feeders and hay have been available in their large paddocks for the past few months.

All bulls have lived with horse's and have been handled with four wheel bikes and a dog.

Ayr Charolais Bulls are acclimatised to Central QLD. They are Born and Bred also reared here, living with ticks and humidity. So if you are looking for good quality Flatbacks to use on Bos Indicus cows don't miss this sale.

The Ayr genetics have had great success in producing top priced bulls for other stud owners and also have an excellent reputation with the commercial beef producers. Ayr producing the ideal terminal sire.

In 1972 the Ayr Charolais Stud was established using Full French AI over Santa, Angus, Hereford and Shorthorn foundation females. We still use only Full French sires. Full French females have been bought at various sales over the years, from Queensland to Victoria, Embryo's and Semen were imported from France in 1997.

Our bulls have sire power, character, smooth shoulders, good toplines and excellent hindquarters, that go on to produce high yielding progeny. Our females have volume but still remain feminine, structurally correct, good milkers with excellent udders, teats and feet. Each cow has to pass the strictest assessment before going out again with a bull. There is no room for cows that don't perform.

*Please bring this catalogue to the sale.*
