Curlew Valley

Suffolks

...meating the market...

It is with please that I welcome you to the 2021 annual Mt Pleasant Suffolk Sale, in Conjunction with Belmont Studs. This year I am putting up 35 rams and 30 elite ewes. A number of the young ewes have lamb/s at foot, maying them an excellent breeding package.

It's been another unusual year with no shows, but a busy one all the same. We made a brief 2hr appearance at Bendigo Sheep and Wool Show before having to race back across the border before the border closed at midnight! Certainly makes it harder to source new genetics, but Auctions Plus has been excellent way to see what sheep are around the country. I have also finally taken over my muscle scanning run from Advanced Livestock Services, and are now trading as RAC Farming.

Although I have been in Lambplan since 2006, in recent years I have been placing increasing pressure on selecting stock that not only have the visual type I am looking for, but can back it up with their genetic data. This gives you the confidence to buy stock, knowing how they will perform for you. This year's team has got solid data, which is backed up with visually great structure and muscling.

I am thrilled to present this line of rams and ewes for your selection. To make it to sale day they have passed 3 sets of culling processes. Buying a ram is an investment that will have a significant impact on your lamb production, therefore it's important to select a ram that will produce the type of lamb that your market need. This can be achieved by using ASBV's that target your breeding objectives. Please have a chat to me about any questions you may have.

With a wide selection of rams on offer, I trust you find rams that match your breeding criteria. I would like to thank repeat clients for their loyalty and welcome new buyers.

BELMONT SUFFOLKS BORDER LEICESTERS

Welcome to the 2021 Sale
On offer are 55 Suffolk Rams, 30 Suffolk Ewes and
29 Border Leicester Rams

Suffolk Rams this year are all by Allendale rams and are up to the quality as in previous years. LAMBPLAN figures are available for all of the Suffolks. Due to Covid, nearly all opportunities to measure our rams against others in the breed, didn't happen, other than local Autumn shows.

At Tanunda : Champion Border Leicester Ram

At Mount Pleasant : Champion Suffolk Ram; Reserve Champion Suffolk Ewe;
2nd Suffolk Breeders Group;
1st Border Leicesters Breeders Group

At Mount Barker Show : Champion Suffolk Ram

Grace and I were within an hour of Bendigo and the Australian Sheep and Wool Show in July, when we did a u-turn (with impending restrictions and subsequent cancellation of the show) with the 5 rams I had hoped to exhibit.

On the Border Leicester front, I am pleased to offer some of the best rams that I believe I have bred. The purchase of North-South 180204 from the Makeham family at Young NSW has diversified the genetics, and with the further purchase of three scanned in-lamb ewes at the Geraldine dispersal sale, we look forward to the future with 1 ewe lamb and 4 ram lambs now on the ground. In 2022, we will hopefully have some 40 rams available.

The videos and weights were recorded on August 27.

Blood Tests on each individual ram on offer were taken on September 3 and have all returned negative to Brucellosis, with the relevant certificate and results on display at the sale. All were vaccinated with *Gudair* at shearing in early August. Flock Health status is MN3

Once again, we congratulate our clients who have achieved top prices for their Border Leicester/Merino 1½ year old ewes and ewe lambs, at the annual Mount Pleasant and Naracoorte off-shears sales.

Today's sale is also available on AuctionsPlus.

Physical distancing will be adhered to as per directions on sale day.

With thanks to previous purchasers of our sheep, and a special welcome to new purchasers. Here's to Belmont rams improving returns for you in your business.
