WELCOME

The Edson family would like to extend a warm welcome to all participating in our 20th On-property Ram Sale. We have presented our rams in their working clothes and all rams are paddock reared. All rams have been Glanvac 6 plus B12 and Drenched with Zoetis Start Tech Drench. All the rams are showing signs of shedding or have nearly lost their winter coat, most of the rams have now cut their teeth.

Our focus at Red Rock is to produce quality fast maturing Rams, we have selected rams for their early growth rates, structural correctness, temperament and overall quality. This year we are offering new blood lines in the white dorpers from Normulla and sons of 140772, these are 150674 and 170994, and in the Dorpers, swamp road and Sons of Dell Dipstick, these are 188188 and 188376.

This year we are introducing Classi Mate to help with the selection of your rams. Brad and Tanya will use the program to assess each animal out of 10. Each ram will have a score chart printed out showing you if the ram is stud or commercial and where they lost points.
