# Well done Digby!

Digby Huggins and Hay Sheep Show secretary Gabby Flattery as 11 year old Digby was presented with his award for Under 15s Junior Judging winner at Hay Sheep Show in June – it replicated the same award by Olivia Huggins four years ago and a runner-up for Lily Huggins the year before that.

Hay Sheep Show is the only show we compete in as it's our local, and is an absolutely cracking event with a great draw of studs from throughout NSW, Victoria, South Australia and Queensland with a strong flock showing.

# Woodpark Woodpark Poll

## The Woodpark Poll difference.

*A purpose driven breeding program using visual appraisal and objective measurement to breed the sheep for a modern market. A bulk of soft, well-nourished wool on a productive framey sheep from a fertile mother.*

Performance structured breeding groups based on the profit drivers of:

■ **body weight**   ■ **fleece weight**   ■ **micron**

**Cutting 8-8.5kg of 18 micron wool on Riverina grasslands on a fertile, productive body.**

- Young sheep producing 17 micron wool
- Nineteen years of:
  - fleece weighing   ● micron testing   ● body weighing
- 18 years internal and external benchmarking:
  - ASBVs   ● Sire evaluation   ● DNA testing   ● Pedigree recording
- Four decades of:
  - careful selection   ● judgement
  - putting sheep through the classing race
- Visually assessing with every management practice
- Measuring eye muscle size and shape, fat depth
- 3300 stud ewes, with stud and commercial operations at Hay, NSW and Balmoral, Vic
- 1100 stud ewes individually mated through AI and natural mating for enhanced mating outcomes.
- Year in, year out lambing averages 115-125%.
- Not trying to breed one ram or individual animal but seeing what a whole flock can do.

## The balance is right.

# Woodpark Poll

## The balance is right.

## Woodpark Poll most profitable bloodline

in Australia's largest commercial genetic evaluation

- Highest combined carcase and wool value across 16 years, more than 400 flocks and 50+ bloodlines
- Australia's largest genetic evaluation, the Peter Westblade Memorial Merino Wether Challenge, found Woodpark Poll blood was the most profitable bloodline in the trial's history, for fleece and carcase value combined.
- Measures fleece and carcase value of teams of 30 wethers with entries from WA, SA, Vic & NSW.

### Top of the Challenge: Mulquiny family's Wooronook (Vic), Woodpark Poll-blood flock

- Highest earning flock in the three year PWMMC which finished in 2020.
- Earned \$10/head more than the next highest returning team, with combined wool and carcase value.
- Highest carcase value
- Highest Rampower DP rank
- 3rd Highest wool return – 7.1kg of 16.2 micron wool
- 2nd highest Rampower MP and FP rank

### Australian Merino Lamb Trial

- McCorkell family, Hamilton, Vic's Woodpark Poll blood team had
- Second highest combined gross sheep value.
- Third highest growth rate in the Australian Merino Lamb Trial which started in 2020.
- Wethers were \$12.76/head above the average fleece value of the trial.

### MerinoLink Sire Evaluation July 2021

- WP Poll 16 0058 ● Highest hogget weight
- Third highest hogget wool weight ● 18.0 micron
