D - Shannon Brook Handfords Goldie

To be Demonstrated: Cattle

Yellow & White

Male

1yr 8mths

Leo has been started on weaners, has been intentionally held back and started later to allow him to mature physically and mentally which is the suited method for his particular pedigree. He has good awareness for the whole mob and covers sides and lead naturally. Leo has a natural 'pressure and release' ability much like his sire. The proven breeding behind Leo is extensive on both Dam and Sire side.

Leo is a genuine sale dog, I would prefer to have another 6mths training to showcase his ability however a sale date deadline and other young dogs coming through I am offering him for sale. He offers a great opportunity with his potential yet to be reached. For genuine inquiries please feel free to contact me to discuss. Registration eligible at purchaser's expense.

Lot 26 – Cabra Glebe Big

Vendor: Joseph Leven– Casino NSW (0427 108 861) GST Registered

Working Description: Paddock & Cattle

Breed: Border Collie

Farm/Station Experience: Capable

Pedigree: S – Brutonvale Junior

Training: Fully Trained

D - Shannon Brook Handfords Goldie

To be Demonstrated: Cattle

Yellow

Male

2yrs 3mths

Big is ready to go straight to work, he has spent the last few months breaking weaners and mustering cows and calves. He has great walk-up strength and applies force square on the head, he is kind on young stock but turns it up for grown cattle. He is not whip shy and works from horseback. Big has a ton of proven breeding behind him with no introduction required for either Dam or Sire. To a potential buyer he presents a great opportunity for both breeding and work purposes. Big is a full brother to Cabra Glebe Joey, owned by Shaun Carr though 12mths younger. A 2-year-old dog that has his whole working life ahead of him. He is a genuine sale dog, I have retained a full sister to carry on the pedigree. Due to the vendors high regard of the dog, semen has been retained by the vendor. Video footage demonstrates his characteristics and ability in natural and high-pressure work situations. For genuine inquiries please feel free to contact to discuss.

3yrs 10mths

Classy 3yr old female black and tan kelpie, bred in stud 2018. Highly capable and well experienced, excellent paddock ability, very good cast and gather, works off any vehicle or from horseback. Jazz has been exposed to demanding station work on large and small mobs year-round. One of the easiest dogs to train, extremely natural, very good heading ability, and balance with a very good stop. Jazz has natural backing and barking ability, works in yards, sheds, and trucks. She has a wonderful nature and calm temperament.

Has yard trialled and placed in maiden and novice classes.

Very reluctant sale.

Breeders note; Has had one litter of ten and can only be impregnated by A.I.

2yrs 6mths

Fully trained on sheep, just started on cattle, and showing great potential on them. Bella is a very good natured and obedient bitch who has won the novice section at Longreach, QLD three sheep trial in 2021. She has good strength and is clean on livestock. This young bitch is very well bred, being the granddaughter of the Australian Dog of the Year, Wondara Drift, and her other grandfather is Wondara Snap, who was NSW Dog of the Year. Bella is ready to go to work and would suit farm or trial.

I don't sell many bitches so here is someone's chance to secure a good bitch with years of work in front of her. Registered.

I believe this pup to be the complete package and the real deal future sire material. He has been nothing but easy to deal with right from the start. He carries a double cross of Crowsdale Clover through Munns Heart and Munns Peg both being litter sisters. Sired by Dave Crawford's Butch and out of one of my main bitches in Crowsdale flirt who is my go-to Bitch for any job, Cattle trial winner and has placed in utility trials. Gus is above average for size and extremely well structured. Has shown great temperament and work ethic right from the and a switched-on attitude with a calmness of mind and movement. Would be well

Suited to sheep or cattle in the paddock. Has displayed great cover and holding ability as well as great confidence and strength with a huge work drive right from an early age. Registered at purchasers' expense. <https://youtu.be/ZTRdQvzqwPw>

5-year-old bitch Sired by Crawford's Jackson and out of JMD Kate. Jackson needs no introduction as he has proven himself as a highly versatile and sort after sire this would be a golden opportunity to get yourself a young Jackson Bitch ready to go. Sascha has a high work drive and big motor, she will work sheep and cattle and can gather and bring to you or drive away both large and small mobs, has good strength and style and a lot of cover and holding ability. She has also been used over the years in the yard's and can back and race and load trucks but more suited to the paddock side of things. She has been in my main team however I have retained a bitch pup and over half of my bitches are by Jackson and you can't keep them all. Registered at purchasers' expense.
