# Chairman's Message

On behalf of the Heartland Santa Breeders Group, I have much pleasure in inviting you to join us at our 29th Annual Bull and Female Sale to be held at the Roma Sale Yards.

This year we have welcomed Andrew & Angela Doering into our group as a full member after being an invited member before that. Again we have the Franz Family and the Goodhew Family Studs as invited vendors, as well as new invited members Ben & Molly Eastwell from Rocky View Stud.

This year the group has put together a line of 79 Bulls and 14 Heifers for your competition. This offering represents a good selection of genetics with the ability to suit whatever breeding program you have, whether it be Jap Ox, trade or selling weaners.

I would like to thank my other committee members for their hard work in supporting me which has made my job alot easier.

I would also like to thank the advertisers in our catalogue. If you require any of their services we can recommend their products 100%. If you need any further information about the sale, please contact any of our members or our two agents – TopX Roma or PJH Livestock.

On behalf of the group, I wish you well with your purchases and that you have a safe trip home.

**Kind Regards**

**Greg Kroll, Chairman**

# STUD NOTES

## Murgona - Stud 2049

Murgona was established in 1998 and is currently run on "Burradoo", West of Wandoan, by Daniel, Kasey and our two children Taylor & Brian. Female bloodlines include Murgona, Murgo, Oakdale, Talgai, Kabunga, Diamond H, Dangarfield and Yarrawonga Waco. We are pleased to once again offer in our sale team a range of elite genetics with four different Sire's represented in our offering of 15 classified bulls.

Yarrawonga Jupiter (P) was purchased for \$44000 in 2014. He is breeding a very consistent line and passing his faultless temperament onto his progeny. 26 sons have sold through the ring, to date, for an average of \$8058. This year he is represented by Lot 6 & 57 - 59.

This year sees the second Warena Lennox (P) sons offered as Lots 3-5, 7 & 56. We purchased Lennox in 2017 at Santa Central for his length, tight sheath, structural soundness, dark coat, muscle pattern, large scrotal circumference and high IMF. 9 of his sons were offered and sold last year for a \$12333 average.

Also on offer is Lots 1 & 2, the final natural sons of Yarrabee Drover (P). Drover was purchased in 2015 with the intentions of joining him with our heifers. He has fulfilled this position well producing low birth weight calves which develop an impressive muscle pattern. Drover (P) leaves a definite mark on his progeny and we are pleased with how his females are breeding on.

We purchased Wave Hill Molton (PS) in 2018 at Santa Central. He is extremely easy doing and possessed impressive raw data on sale day including a DWG of 1.37, EMA of 142cm, Fat Scans of 16/10 and IMF of 6.1. His tropical coat, faultless temperament and large testicles also caught our attention. We are pleased to offer Molton's first sons this year as Lots 8-10 & 55. We are also very excited by his second drop of calves, recently weaned.

All our bulls are semen tested, breeding soundness evaluated, and vaccinated with three germ blood, three day, vibrio & 7 in 1. Murgona has a JBAS 7. If you have any issues with your purchase please let us be the first to know.

We single sire our heifers in winter each year. This results in them calving at approximately 2.5 years of age. We find this has eliminated calving difficulties and resulted in a high percentage of heifers going back in calf when re-joined with the rest of the herd in November, December, January & February. We pregnancy test at weaning time and anything not in calf is culled. We pride ourselves on offering accurate, detailed dam notes to aid with your decisions. Our cattle are handled by men, women and children, dogs, horses and motorbikes.

Follow us on Facebook, Murgona Cattle Co, or contact us for more information.

## Dunrobin - Stud 1489

Dunrobin Stud was started by Roy and Dorothy Harrison with cows upgraded from a commercial herd and purchased females from Buckhaven, Calga West, Wirrillee and Talgai Studs.

In 2017 Dunrobin Stud was purchased by Brendan, Paula, Rowan and Lucy Harrison and has been relocated to "Bungaringa" Mitchell, running in conjunction with our commercial herd. Our Cows are controlled joined from November for a 4 month period while our heifers get a 9 week joining, to calve as 2 year old's. Cows are scan pregnancy tested at weaning time with PTE's being culled. This year sale bulls are by Dunrobin 978 & Talgai Lockyer. Bulls will be vet checked by Roma Vet Clinic, morphology tested and will have Breedplan figures.

## Spring Creek - Stud 1833

The Spring Creek Stud is operated by Andrew and Angela Doering and family.

It was registered in 1996 after our separation from the family partnership and Walmona stud in South Australia.

Currently, the breeding herd is run on properties in NSW and QLD, with numbers exceeding 350 classified females and still growing.

Our selection criteria for breeding is strongly focused on commercial traits. We believe that fertility, growth, muscling, constitution, temperament and conformation are all vital criteria when selecting stud stock. We also use a balance of poll and horned sires, in order to maintain breed type and the sought after qualities Santa Gertrudis are renowned for.

Due to the seasonal conditions experienced across our properties, we have made the decision not to offer any bulls at the 2021 Heartland Bull Sale.

## CG SantaS - Stud 2155

CG Santa's was registered in 2019 by Steven & Sharon Goodhew, "Laurbrook" Roma, with the purchase of classified females from Santa Park Stud, Chinchilla.

More recently the purchase of stud females from Moongana & Watasanta Studs, and have had some of our own females upgraded to S.Bar.

We will offer 1 classified bull at this year's sale, sired by Allendale J162P. Vaccinations 7-in-1, vibro and 3-day.

# STUD NOTES

## Carntyne – Stud 1556

Carntyne Santas is a family operated business owned by Ben & Carly Evans and their children Grace, Oliver & Isla. Their rural enterprise runs around 1500 breeders over 5 properties in the Roma, Surat & Injune districts maintaining up to 150 stud females for the purpose of breeding bulls for their own stud and commercial herd, as well as for private paddock sales and the Heartland Sale.

We are always striving to boost our herd quality and focus on purchasing sires to improve and compliment the attributes of our herd. We place a lot of emphasis on using bulls that will produce highly fertile, sound, thick, easy-doing progeny that will fatten easily, have good constitutions and placid temperaments.

Current stud sires include:

Cardona Ray Ban (P) - \$34,000; Dangarfield Abdul (P) - \$22,000; Watasanta Landrover (P) - \$12,500; Dangarfield Zelot (P) - \$14,000; Dangarfield Zerkex (P) \$36,000; Moongana Nudge (P) - \$13,000 plus a number of home bred classified bulls.

Current AI sires include Waco Chancellor (P), Waco Oddesy (P) & Dangarfield Tornado.

In past years bulls have been purchased from Yarrowonga, Waco, Watasanta, Pinnaroo, Murgona, Hayleigh, Dunlop, Diamond H and Dangarfield studs.

We join our heifers as yearlings to homebred Santa bulls and expect them to calve unassisted and reconceive with no special treatment. Any female that does not return a positive pregnancy test annually is culled from the herd. Additionally any sire whose progeny return poor conception rates are also removed from the herd. We have been pelvic measuring our heifers and bulls for 10 years now, and only joining heifers and using bulls that have adequate pelvic measurements. It is an important herd practice that has all but eliminated maiden calving problems in our herd. Interestingly, some heifers that appeared to be big, roomy heifers outside actually had minimal pelvic room on the inside which could have resulted in calving trouble.

Our sale bulls are prepared for a long working life, we don't endeavour to feed and pamper our bulls to be the biggest, heaviest bulls at the sale, but we are very confident that they are sound, fertile and have the genetics behind them to compliment your breeding program.

All our cattle are handled by men/women/children with horses, motorbikes, dogs (border collies and sausage dogs!) and on foot.

We welcome enquires or inspections anytime and are always interested in all feedback on our cattle.

## Talgai Santas – Stud 1990

Max and Roz Baldwin (Yawarra Pty Ltd) established 'Talgai Santas' in 2004 after purchasing the Robenlea Santa Gertrudis Stud and property at Toogoolawah. The companies' agricultural enterprise is managed by Malcolm & Chick Gadsby.

Talgai's operation consists of a stud breeding program, a commercial herd and a hay business which are situated at, 'The Gorge', and the neighbouring property, 'Broadlands', in the Nindooinbah area just outside of Beaudesert. The entire Stud operation is based at 'The Gorge', and the commercial herd of Santa/Charolais/Charbray breeders which we are building up is run on 'Broadlands', where steers and heifers are fattened for the meatworks market or domestic market. Talgai also runs, 'Talgai Prime Hay Suppliers'. Quality hay is produce from both 'The Gorge' and 'Broadlands'. Two more properties, 'Cloverdale' & 'Bull Bull', situated in the Tyalgum area in NSW, consist of a mixed line of commercial breeders.

Talgai's breeding objective has been to breed herd improving sires for the commercial cattle producer. The aim is to breed high growth, well muscled, easy finishing cattle to meet the market specifications. Talgai believe that fertility is one of the strongest traits that should be in any herd. Talgai run single sired female herds and maiden heifers are joined at 15 months. Our cattle are handled with dogs, horses and quad bikes.

In 2018, we purchased Dangarfield Bonanza (P). Then early 2019 Dangarfield Big Bang (P) and Rocky View Nitro (P) were privately purchased. We look forwards to offering their sons in 2022.

This year we offer the first crop of sons of our home bred sire Talgai Milton (P), and the last sons Dunlop Palatable (P), better known to the stud as "Mr Baggy Pants". He was purchased as top price bull in 2015 at the Dunlop Santa Sale.

Talgai's bulls have been bred in the coastal area, so they will do extremely well in the west.

Bulls are inoculated for three day, three germ blood, 7 in 1, Vibrio, and Pestigard.

All booster inoculations will be due late July/August 2022.

All sale bulls are scanned for EMA, RIB & P8 FAT and IMF is organized by Paul Kenny (Accredited Breedplan Muscle Scanner 1039).

Crush side semen tested and breeding soundness evaluation is completed by Veterinarian Dr. Dianne Sorley from Beef Breeding Services. Sale bulls have been Morphology tested.

## **Pinaroo – Stud 1150**

Back in the early 70s we first tried Santa Gertrudis for an experiment to combat bloat on a heavily clovered property in Bowral. It worked, so we started buying Santas. Around the mid 70s, I started a composite breed using Santas and Angus. When I first showed them to my future father-in-law, the late Brian Bootes, he said "they're too bloody hamie".

For a honeymoon I dragged Robin around New Zealand looking for top Angus sires, which we used in an AI program.

In 1980 we moved to the Horton Valley and became much more involved with Santa Gertrudis. The composite breed sort of went by the wayside and were used in our grading up program. As we've never culled for colour we now have a herd of pure black Santas.

In 1982 we purchased 300 cows from the Cumberland Stud, along with some top older sires, eg Cumberland Ragtime and T155. Possibly the best bull we have ever bought was Boongarry Lancelot, who we used heavily, giving us great size and exceptional udders.

In 1984 we purchased Waratah 134, who bred Pinaroo Boris. Boris amassed well over \$200,000 in his 13.5 years, the most noted being Pinaroo Eureka (\$40,000) sold to J Bolster, The Lakes, Pinaroo Edgar (\$30,000) sold to Goonoo Goonoo, and Pinaroo Exodus (\$11,000) sold to the Greenup Family, Rosevale.

In 1997 we purchased 'Claren Park' Augathella where our cattle have adapted well. Pinaroo cattle have enjoyed success in the show ring, as well as carcass competitions and feedlot trials.

## **Whitalby - Stud 1242**

Operated by Cameron & Rosie Drynan, the Whitalby Santa Gertrudis stud was originally established in the 1980's at "Bogong" South West of St George. Early in 2020 the stud breeding herd was relocated to an additional grazing property south of Beaudesert. The ability of the Whitalby Santa Gertrudis cattle to prosper across a range of conditions is being demonstrated with the breeding herd adapting and prospering in the coastal environment.

Our breeding aim is to produce structurally correct and commercially productive cattle, with a strong focus on temperament and fertility. With the introduction of bloodlines from Santa Lyn, Santa Park and Bullamakinka, and more recently Oakdale, Wave Hill, Sujo and Strathmore we endeavour to stay up to date with market demands, whilst maintaining a true Santa Gertrudis type.

# STUD NOTES

## Oakdale – Stud 1159

The Oakdale Stud was founded in 1980 at Boonah in the scenic rim area. We relocated to Chinchilla in 1993.

In 1983 the Brisbane and Sydney Grand Champion Female was purchased. This proved to have had a huge impact on our cow herd. Her best son Forecaster and her 6 daughters have gone a long way to breeding fertile feminine and functional cows with ease of calving and good udders and teats.

In 2013 we were lucky enough to win Grand Female at Brisbane with Oakdale Holly. She has Purdy in her extended pedigree six times.

In 2018 we embarked on an upgrade of Sire power with two young sires in Dangarfield Anzac (P), and Nioa Nitro (P) being purchased, and our own breed bull Oakdale Longbow being retained.

The bulls this year are by Anzac and Longbow.

Longbow had a short, but successful show career being the Supreme Exhibit at Boonah Show at 14 months. A show of over 300 head that year, which also included a Droughtmaster Feature Show of 150 head.

Anzac was the top price bull at the Dangarfield Sale.

We are looking forward to selling Nitro son's in the future as this last breeding season was his first with his own cow herd. He was a weaner bull when purchased at Brisbane. We have 2 very impressive weaner heifers by him out of show cows, in our show potential group with one being entered for Brisbane this year.

## Glenview - Stud 558

In 1972, Glenview Stud was registered by Graeme and Margaret Ferguson of Nobby. The stud commenced with the purchase of a sire from Old Hidden Vale and females from Talooona, Myola and Laidlaw studs.

Since the stud commenced, our females have largely maintained a strong King Ranch, Yarrawonga and Waco bloodline, with many sires being purchased from those studs.

Glenview runs approximately 50 breeders, with the stud now run by our son Scott, and his wife Wendy. My breeders run alongside the Glenn Oaks and Wave Hill females, using sires from Diamond H, Goolagong, Yarrawonga and Waco, including Renegade, Red Foo, Leopard, Attorney, H1304, L596, Eland. All of these are sires of this year's sale bulls.

Glenview has consistently sold bulls for above average prices for use in commercial herds as well as selling successful show bulls to studs including Barbados, Granville, Frampton. These bulls have bred well for their purchasers.

This year's sale draft have been vaccinated for 7 in 1, vibrio, and blooded for 3 germ blood.

## Chilgerrie Hill - Stud 991

Santa Gertrudis cattle were first introduced into the Chilgerrie Hill herd in the mid 1960's. A stud was formed in 1974 by Merv and Val, and then in 1998 Adam and Karen took over the stud after a reduction sale.

This year's draft are all by Questman (P) who has produced some really good cattle for us. All bulls are poll. Diamond H Volcano and Chilgerrie Hill Leonard were used in the stud last year and the calves hitting the ground look really good.

Last year we purchased Glenabyn Pegasus and are eagerly awaiting his calves later in the year.

# STUD STOCK - AUCTION TERMS & CONDITIONS OF SALE

## IMPORTANT NOTICE

All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneer's absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefor, to:-
  - (a) Refuse to acknowledge any bid;
  - (b) Withdraw any lot or lots before or during the sale;
  - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
  - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
  - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
  - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
  - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9.
  - (a) PAYMENT - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser
  - or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-
    - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
    - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two percentum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per

## STUD STOCK - AUCTION TERMS & CONDITIONS OF SALE

annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purchase of this condition.

- (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
- 10.** If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
- 11.** Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
- 12.** The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.
- 13.** Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
- 14.** The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
- 15.** No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
- 16.** (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
- (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.
- 17.** GUARANTEES OF FERTILITY:-
- 17.1** BULLS. Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.
- 17.2** FEMALES. Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later.  
A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
- 17.3** Claims under Clauses 17.1 and 17.2 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.
- 17.3.1** All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.
- 17.3.2** Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.
