Karmoo Brahms - *W.F.A*

Once again we extend a big welcome to the
'Karmoo Brahms' Bull Sale.

For those who find the time to attend, we hope you enjoy the day and invite you to stay for a free feed and drinks afterwards.

We are very proud of our cattle and feel very honoured to present a selection of them to you, with both Stud and Herd bulls on offer. Inspection of all bulls is from 8am sale day or any time prior by appointment.

Our bulls are bred, raised and managed with continuing to enhance 3 key factors kept in mind. Their ability to:

* Adapt

* Live

* Work

in a variety of environments for as long as possible. Having had very few call backs regarding bulls with faults, since the establishment of Karmoo Brahms nearly 40 years ago - We 100% guarantee our sale bulls. A large portion of our sires sell to repeat buyers for which we are proud and say a huge thank you.

Whether you are chasing red or grey, we look forward to discussing any bull requirements with you. Our emphasis is on delivering what the client wants and making sure they receive the best service and highest level of satisfaction from their new purchase.

Please feel free to come and view the bulls at any time prior or give us a call to discuss your needs. So again, a warm welcome to everyone who is able to attend our 10th of September sale date. We sincerely thank you, look forward to your involvement on our day and please stick around after the conclusion of the sale for the free grub and a yarn.

Good Buying,
Lance, Sonia and Kirstin Faint.

Sale Information

Inspections

Welcomed on sale day or prior to the sale by contacting Lance or Kirstin Faint by phone **(07) 4985 3556**

Delivery

Delivery will be given as soon as possible after the completion of the sale.

Buyer's Instruction Slip

Must be completed by all successful purchasers and registered with the selling agent prior to delivery.

Transfers

All registered lots can be transferred to the respective purchaser free of charge on request.

Health

All bulls have been vaccinated with 7 in 1, Botulism, Tick Fever and 3 Day. All bulls have been tested negative for Pompes and Pesti Virus. JBAS score of 6.

Breeding Soundness

All bulls will be Semen Morphology tested twice and examined for reproductive and structural soundness.

Insurance

There will be a representative of Elders Insurance at the sale. We encourage buyers to insure their purchases.

Fertility Guarantee

We guarantee all bulls to be structurally sound, fertile and capable of natural service. Bulls are guaranteed for up to two years from the date of sale. However if a bull becomes infertile or breaks down within this time frame we will:

- * Replace the bull with an agreed substitute if available, or
- * Issue a credit equal to the purchase price less salvage value.

This credit may be used for any future purchase at Karmoo.

This guarantee covers the purchase of the bull, without interest, cost or damages. The guarantee shall only apply providing the bull's incapacity is not caused through injury/ misadventure or disease contracted after leaving Karmoo. And is calculated on the basis that the bull's value is decreased by half the purchase price each year from date of sale. Any claim must be accompanied by a written veterinary report.

All bulls have passed 2 Semen Evaluations!

Outside Agents Rebate

A 5% rebate will be offered to outside agents who:

1. Introduce their clients more than 24 hours before the sale (to vendors or selling agents).
2. Attend the sale with them (or purchase on their behalf) and settle within 7 days.
3. Agents may **ONLY** introduce clients under the specific instruction of their clients.
4. Sale day buyers registration forms must be consistent with instructions.

Transport Assistance

Karmoo Brahmans is offering **FREE TRANSPORT**, within 200km of Clermont, for any bull purchased at the sale when carrying is done by Karmoo or its authorised carrier.

In addition, a free delivery service to major centres in QLD, is being offered on a purchase of 3 or more bulls. Buyer's instruction slip must indicate the intention to undertake the free transport offer.

Purchasers should note that the bulls are at the purchasers risk at the fall of the hammer and all transport offered by Karmoo is at the purchasers risk.

Catering

Morning tea and a BBQ lunch will be provided on the day.

ABOUT *KARMOO BRAHMANS*

We run a purebred brahman herd of 1500 cows (stud and commercial) and have been breeding brahman cattle for over 40 years within our operation which we feel gives us a balanced and realistic commercial approach that is lacking in many stud operations. Our stud believes in watching breed trends but doesn't always "Follow the Crowd". Breeding a consistent, fertile female line that performs under any circumstance mother nature can throw at us is more important.

As breeders of commercial brahman cattle, governed by the genetics of our bull breeding operation, we are well aware of the profit drivers in the beef industry. From this we realise that a functional breeding herd maintaining high survival and calving rates is the main ingredient for profitability in a cattle enterprise. Our goal selection criteria revolves around making dollars within a commercial herd.

Main Yard at Karmoo

The core of the matter

Breeder performance and environmental adaptation is only achievable with functional cows that are able to maintain body condition to survive, lactate, cycle and fall pregnant, in our too often challenging environment. In our stud females, we believe that selection pressure must be harsh and anything that doesn't meet the standard is culled therefore allowing us to offer bulls to the client which provide genetic gain at their new homes.

The bulls we offer you are a product of these highly functional females. Over-preparing our bulls is not in our DNA, and we regularly face discrimination in the market place because of it. Too much time and effort is put into breeding our cattle to wreck them by overfeeding.

A gain without grain

Our auction bulls have had no feet trimming and minimal sale preparation on a soft mill run feed so as not to compromise their present or future health. This means that the bulls are not as visually impressive (lighter weights and lower scans) to the eye, as what you may see at most other sales. They don't need to be pampered when you get them home and are bred for breeding not for looking prime on sale day.

We ask our clients to lower your sale day assumptions but increase your long-term expectations of what the Karmoo Brahman Bulls can bring to your herd. We guarantee our bulls and if they don't perform to your standards, we need to know so the problem can be fixed. Both positive and negative feedback is always welcome as this feedback helps us refine our breeding program.

INVEST IN BULLS THAT HAVE THIS CORE FOCUS

"We have purchased several bulls now over a couple of years and have been very happy with them. Since arriving they have never looked back which is an achievement given we mainly have spinifex country. They are quiet, easy to handle, good doers and are fertile. We are very happy with their offspring too. We would recommend them to others particularly those who have challenging country like ours".

Nina House, Fortuna Pastoral Co, Aramac QLD.

REPRODUCTION NEEDS!***

CHARTERS TOWERS

GENER8 Gener8 Reproduction

REPRODUCTION

There are 3 main types of collection methods for collecting a sample from your bull, Artificial Vagina (AV), Electro Ejaculation (EJ), and manual palpation.

At the Centre, Gener8 specialise in collecting bulls using the AV technique. A collection off the back of another beast with an AV, provides the most natural simulation for your collection, allowing your bull to perform to the best of his potential.

On farm, most collections are done using the EJ method, EJ uses a probe to stimulate your bull into providing a sample.

After using one of the methods and obtaining a sample we then move onto evaluating that sample.

Progressively motile percentage is a term you see on most bull evaluation results. When assessing a sample for progressive motility, the result only includes cells that are alive and swimming in a straight line. However, there will always be damaged cells in a collected sample for a number of reasons that can happen on any day, therefore a 100% progressive motility percentage is unrealistic.

Using our ANDROVISION program created by MINITUBE is where our results differ from your standard veterinarian report. ANDROVISION is a semen analysis program that is the gold standard of assessment equipment, it gives the most accurate motility possible as it takes all the guess work and biases out of assessments. The program is run through a laptop and connected to our microscope, we can then view your sample right there on the screen and with the push of a button the motility percentage is calculated. No fuss, no guess work, no bias. **THE PROGRAM DOESN'T LIE.**

After acquiring a motility we move onto assessing morphology in the lab. We use the latest in microscopy from Olympus, the Bx53 which allows us to produce the most comprehensive evaluation of samples possible. Like motility, morphology will be reported as a percentage. A brief report may only have a percent normal but the whole report has a minimum total of 8 main categories and at times even more sub categories. These results can be quite overwhelming to look at without some insight. We are only a phone call away to help simplify it.

Give us a call today to discuss any of your bull needs.

Up-coming Sires for Karmoo

Jaffra Oklahoma

Oklahoma was purchased from Cambil Brahmans at the 2019 Big Country Sale for \$20,000. His impressive butt profile, good pigment, exceptional temperament and thick body set made him a great poll sire for our herd.

Big River Hank

Purchased at RBWS 2019 for \$10,000, Hank's interesting combination of both old and new breeding was his first draw card. His ample amounts of loose skin, depth of body and sirey head sealed the deal for us.

First calves of both sires hit the ground earlier this year.

Terms and Conditions

STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE: All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the Purchaser provided that the vendor reserves the right to bid either by himself or through his Agent or Auctioneer and should any dispute arise among the bidders for any lot, during or immediately after the sale of the lot, it shall be settled at the Auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again.

The bidding from time to time shall be regulated by the Auctioneer and no bid shall be retracted.

2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the Vendor who will immediately after the fall of the hammer declares "Sale" or "No Sale".

Should the Vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the Vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.

3. The details of the Purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the Auctioneer shall be equally binding on both Purchaser and Vendor,

4. The Auctioneer expressly reserves the right, without giving any reasons therefore, to:

(a) Refuse to acknowledge any bid;

(b) Withdraw any lot or lots before or during the sale;

© Exclude any person from the auction venue should it think fit.

5. Each lot in all cases shall be at the risk and expense of the Purchaser upon acceptance of his bid by the Vendor or upon acceptance of the highest bidders offer by the Vendor whichever shall be earlier.

6. Except as expressly provided in these terms and conditions of sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the Auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.

7. In the event of any dispute in respect to the sale of any lot:

(i) The Purchaser shall nevertheless be obliged to pay the Auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these terms and conditions;

(ii) The Vendor and the Purchaser shall resolve the dispute between themselves;

(iii) The Auctioneer shall have no liability or responsibility in regard to the dispute;

and (iv) No lot shall be returned to the Auctioneer and the Purchaser shall indemnify the Auctioneer for all costs, expenses and damages which the Auctioneer is put to or incurs by reason of the Purchaser so doing.

8. The name of the Vendor for whom the Auctioneer acts is acknowledged to have been furnished to purchasers prior to the sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any disputes the remedy of the purchaser shall be against the Vendor only and in no case or under any circumstances against the Auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.

9.(a) PAYMENT - Unless prior credit arrangements have been made in writing with the Auctioneer the full purchase price for each lot shall be due and payable to the Auctioneer in cash upon acceptance of the highest bid or the highest bidders offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated within 14 days of the date of sale the Auctioneer reserves the right to:-

(i) Rescind the contract on behalf of the vendor and repossess and resell any lot;

(ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA bill rate plus two per centum. For the purposes of this condition, the expression "the AMBA Bill rate" is the rate published by the Australian Merchant bankers Association in good faith as at the date of the sale as its bill rate for 180 day bills of exchange expressed as a percentage per annum. If at any time the AMNA Bill rate becomes unavailable for any reason, the Auctioneer shall determine and advise the purchaser of the interest rate to apply for the purposes of this condition. (b) The Auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the Auctioneer and be fully recoverable by the Auctioneer in its own name.

Terms and Conditions CONT.

10. If the Purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.

11. Any Vendor or Purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.

12. The Purchasers, if any more than one, shall be jointly and severally bound by these terms and conditions, and shall jointly and severally carry out and perform same.

13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that persons bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or Auctioneer, provided however, that this condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be byway of guarantee.

14. The Auctioneer may, should it think fit, make arrangements on a Purchasers behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchasers risk and expense.

15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.

16.(a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the trade practices act or any applicable state legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these terms and conditions of sale, any express or implied condition, statement of warranty, statutory or otherwise, is hereby excluded. The Auctioneer is not liable in respect of any error, misdescriptions or omission in any particulars appearing or stated regarding the description of pedigrees of any lot offered for sale and no such error, misdescriptions or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.

(b) Each lot will be sold subject to passing all veterinary tests required by the law of the state or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchasers expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert or remain with the vendor.

17. In these condition:- (a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;

(b) "Purchaser" shall have the meaning ascribed to it in Condition 1;

(c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;

(d) "Lot" shall be taken to mean the animal offered for sale and/ or sold by the Auctioneer on behalf of a Vendor.

IMPORTANT NOTICE

The selling agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy. All persons who attend the sale do so entirely at their risk and the Selling Agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.
