SANDOWN SAMMS

Welcome to our 20th annual sale.

Since 1998, we have continued in our endeavours to produce top quality sheep and are pleased to present these Sandown Samm rams and ewes today.

Our selection criteria has always been to use visual appraisal and use only those sires which have the highest measurements for carcase traits and weight gains, and produce a quality white fleece. All our animals are recorded on Lambplan, using ASBV's as a guide for selection. The graph included in this brochure shows that our sheep have continued to increase in genetic gain.

2000 embryos imported from leading South African studs (which included progeny from SA champion ewes and rams), together with stud ewes from Arradale and Bryn Awelon, has resulted in our stud numbering 1050 ewes today.

Thank you for your interest and we wish you well with your ram and ewe purchases.

GRAHAM AND ROBYN

**ALL SALE RAMS WEIGHED, TESTED FOR FAT AND EYE
MUSCLE ON 11thAUGUST, WOOL TESTED 12TH JULY 2021.
AVERAGE MICRON IS 20.4**

ASBVS FOR SAMM BREED ARE INCLUDED IN THE CATALOGUE.
