

2021 Bull Sale

 *Forest Hills*
BRANGUS

Welcome

Once again, it's a pleasure to welcome you to our third Forest Hills Brangus Bull Sale held at AgGrow Bull Selling Complex located on the Capricorn Highway east of Emerald.

This year we are excited to announce that we will be proudly offering a great line up of 50 Brangus Bulls. All our bulls will be exclusively offered at our sale this year and are rising two-year old along with two sires that will be rising three years old.

We have carefully catalogued a varied selection of bulls for your consideration this year, from our extremely sleek coated higher Brahman content bulls, right through to the longer haired coats with higher Angus content and a varied selection in between in an attempt to please many varying markets and requirements of our buyers.

Naturally, we still continue to strive for excellence and continual improvements within our stud and we are pleased with our great selection of sires on offer this year. Our bull selection criteria focus' on fertility, structural soundness and temperament for great all-round sire articles that are adaptable and ready to work in any environment. We aim to provide functional bulls suitable to enhance and improve herds by concentrating on quality beef features consistent with good bone, length, depth and muscle with strong growth rates.

For your convenience and herd security we have fully vaccinated our Bulls with 7in1, 3 Germ Blood, Lepto, Botulism, 3 Day Sickness, Vibrio and Pesti. They have also been semen tested (crush-side and morphology) and examined for structural and physical soundness by a veterinarian and full scan data and weights will be available in the week leading up to the sale. All bulls will be pre-treated for tick clearance and ready to present for clearance on sale day.

All our Bulls have had additional DNA testing completed in accordance with the Australian Brangus Cattle Association, including Sire/Parent Verification, Poll/Horn, Coat Colour, Tenderness Traits and a further Pesti Virus Test, which all our bulls returned negative results.

A kind invitation is extended to join us and we sincerely hope to see you on Tuesday, 28th of September 2021 for our third Forest Hills Brangus Bull Sale at Emerald. Inspections are welcome at our Bull Walk the afternoon before from 4-6pm or on sale day from 7am or any other time. Many thanks for your interest and support in our sale, we greatly appreciate the effort and time taken to travel to our sale.

Michael & Kellie Silvester

MK Forest Hills

BRANGUS

10:30am Tuesday 28th September • AgGrow Selling Complex, Emerald

All bulls have been fully vaccinated, treated and tested:

- ✓ Pesti
- ✓ 7 in 1
- ✓ Lepto
- ✓ Vibrio
- ✓ Botulism
- ✓ 3 Germ Blood
- ✓ 3 Day Sickness
- ✓ Pre Treated for Tick Clearance
- ✓ Semen Tested (Crushside & Morphology)
- ✓ Breedplan Figures will be available on sale day
- ✓ Pestivirus Tested (All Bulls returned Negative Results)
- ✓ Registered with ABCA (Australian Brangus Cattle Association)
- ✓ Full Scan Data will be available (Weights, Scrotal, Rib, Rump, EMA & IMF)
- ✓ DNA Tested (Sire/Parent Verification, Poll/Horn, Coat Colour & Tenderness)

The Last Year at Forest Hills...

Once again, the groundwork has commenced in preparation for our third annual Forest Hills Brangus Bull Sale and its hard to believe that another year has passed by so quickly. We would like to sincerely thank everybody who attended our sale last year, we are very appreciative for your continued support and always enjoy seeing and catching up with you all. It's been another truly fabulous year for all graziers and beef producers alike as we continue to experience an unprecedented combination of record cattle prices, record property sales and record low interest rates. We are very grateful and fortunate to be witnessing and experiencing these amazing dynamics in our current beef industry.

On the property front, we are very pleased to report that we've had a much better season over the last twelve months and all our cattle are thriving again in well-grassed buffel paddocks. Our country has responded and bounced back very well with most of our dams being filled earlier in the year due to some very fortunate storms that landed upon us. Thankfully, you'd never know that we were in drought twelve months ago. It still amazes us how quickly things can turn around with rain – from green grass, full dams, creeks running, cattle thriving, calves bucking, shiny coats on cattle and most importantly the attitudes and outlook for all farmers change in an instant. Suddenly, the smiles return to so many faces and everyone's lives are uplifted and happiness returns for everybody along with a few celebrations.

Well, the last twelve months has certainly been a massive juggling act here at Forest Hills with not enough hours in a day, days in a week, weeks in a month or months in the year. We've undergone some major improvements around the property with more fencing and clearing being completed along with solar pumps being installed, concreting sheds and we finally started building our new family home. A massive project that we've all participated in and one that has been very inspiring, satisfying, perplexing and time consuming. We are all looking forward to finishing it next year and moving out of our beloved little 'Love Shack' and excitedly move up to the hill to enjoy some more space and appreciate the amazing views over Forest Hills each day.

The magic of construction finally started and was certainly a very long-awaited day when the concrete trucks started rolling in and the slab was finally poured for our new house. A big day, that we will all remember fondly as a family and cherish the memories, satisfaction and gratitude that we finally had progress from dreams to reality. This was a momentous occasion, especially after years of careful design, planning, preparation and organising. Our house has continued to progress a little further amid the sudden demand within the building industry and we have now managed to complete the roof and the windows and doors are currently being installed. We are looking forward to the dramatic progressive changes in the next few months ahead as it continues through to the final stages.

Michael continues to be incredibly busy with his Cattle Buying & Consulting Business (Silvester Livestock Services Pty Ltd), buying more cattle than ever before and paying more for them than ever before, which also equates to more pressure than ever before. With our incredible Australian Beef Industry continually breaking many records throughout the year with consistently increased cattle yarding's and prices to match, it certainly still portrays exciting and uncharted times in the cattle industry at present. From a Cattle Buyer's perspective it has been a privilege to see so many good quality black cattle continue to come through the saleyards, including some of own seedstock progeny and they're all consistently achieving premium prices. Fortunately, the demand for black cattle continues to be strongly desired for their consistency, profitability and the adaptability throughout many areas of Australia and the World.

Kel has had a much better year, returning to her regular outdoor activities but it's been a crazy busy twelve months between her beloved cattle work, new house construction and organising multiple other projects amongst the property, kids, various sports, boarding school, office duties, not to mention bulls or a sale catalogue.... there's been a few late nights and very early mornings. All was going well until last month when Kel broke her right forearm while mustering one of Michael's 'special' commercial heifers that decided to jump on the motorbike with her! Subsequently, she's back on light duties for a couple months.... impeccable timing when there's lots of cattle work to be done, numerous bull photographs to be taken, not to mention trying to complete a bull sale catalogue.

After our bull sale last year our focus turned to spending quality time with Jayden and Heidi along with preparing ourselves to become empty nesters. The Love Shack at Forest Hills has definitely been a little quieter this year and we've certainly become a lot busier when both our head ringers went to Boarding School in Rockhampton. They both continue to grow and amaze us with their personalities and individual accomplishments achieved both at home and Boarding School.

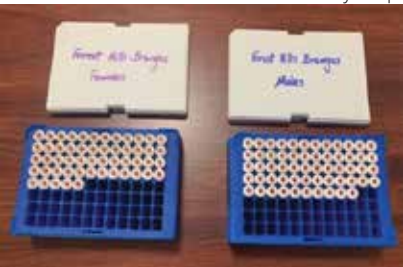

Jayden (14 years) returned to Boarding School at Rocky Grammar School to commence year 9 and has had an extremely successful year competing in his adored sport of Rowing. He has been fortunate enough to compete in many Rowing Regatta's throughout the year, successfully winning many medals. Rowing has also led him to endure some very disciplined training programs, which has given him another level of strength, muscles, appetite and growth, now taller than both of us. This year he also discovered another love and interest in aviation, he continues to learn about helicopters but has become particularly interested in drones and he has certainly accomplished the art of flying and using them successfully on Forest Hills. Earlier this year, Jayden conducted a dingo culling program at Forest Hills and was keen to purchase a drone with his earnings. He got a great surprise when we bought him one for his birthday, now he enjoys flying it when he can and he has discovered another new found talent.

Heidi (12 years) commenced year 7 Boarding at Rocky Grammar School this year and has continued her strong passion for sport, she's been busy playing netball, touch football, rugby, athletics and swimming. Although, she still has a severe love and passion for all animals, particularly her beloved Foxy dog 'Dash' who she misses dearly. Subsequently, negotiations are still currently underway between Heidi and the girls boarding staff on how she can take her dog back to her dorm! As always, our little pocket rocket continues to amaze us with her capabilities, determination and resourcefulness at school and home. She's full of character and always surprises us with her beautiful personality, funny faces and quick antics, making sure there's never a dull moment when she's around.

We continue to learn, adapt and enhance the many changes and technology advances within the cattle industry by recording genetic traits where possible. Once again, this year we completed multiple Tissue Sample Units to obtain and establish DNA profiles within our herd. We always find it very interesting going through the results and data obtained and find it very helpful when purchasing new stud sires.

Earlier this year we took a show team of cattle to Beef 2021 for the week. A very big Thank You to everybody that took the time to come and visit us and our cattle during Beef Week, it's always wonderful to catch-up. We were very fortunate and humbled to take home multiple ribbons from the show ring at Beef 2021 with our cattle and very honoured to receive Brangus Calf Champion Female with our Forest Hills Hannah. We would like to sincerely thank all sponsors, particularly Mark and Katrina Brown of M1B Brangus for sponsoring this award. We would also like to thank our special friends who generously helped us out on show day, it was greatly welcomed and appreciated.

We would like to wish everybody a wonderful and successful Bull Season ahead for all Buyers and Vendor's and we hope that the Bull Sales and general cattle markets continue to stay strong and positive throughout the year ahead along with great seasons for everybody.

So once again, we would like to sincerely welcome you to our sale, and we hope that you can make confident selections with our Forest Hills Brangus Bulls. We are pleased to showcase our powerful genetics which are backed by some great pedigrees, performance data and the most current DNA technology, which presents buyers with greater information and confidence in their overall breeding values.

Thank you for your interest and for taking the time to review our annual Forest Hills Brangus Bull Sale catalogue and cattle. We genuinely appreciate your support and effort in attending our sale and we look forward to catching up after the sale over lunch and drinks. If we can provide any additional information regarding sale lots or be of any further assistance, please don't hesitate to contact us or stay connected www.foresthillsbrangus.com.au

We look forward to seeing you all at various Bull Sales in the near future!

Michael, Kellie, Jayden & Heidi Silvester

BRANGUS

Location Information

ACCOMMODATION:

Emerald has numerous accommodation options. The agent will be happy to assist with accommodation and transport requirements for visitors if required.

CAR HIRE:

All major hire car companies are available at the Emerald Airport. We recommend you book vehicles in advance.

EMERALD AIRPORT:

The Emerald airport offers flight services to and from Brisbane daily.

AG-GROW SELLING COMPLEX:

The Ag-Grow Selling Complex is located just 5km from the center of town; and 7km from the Emerald Airport.

Helicopter landing is available at the Ag-Grow Selling Complex at:

23°32'38.39"S
148°12'26.18"E

FOREST HILLS BRANGUS:

Forest Hills is located 65km from Emerald on the Forest Hills Road via Wyuna Road. Pre-sale inspections are welcome by appointment.

Buyer Information

INSPECTION DETAILS:

All sale lots will be penned and available for inspection from 7:00am on day of sale.

There will also be a **Bull Walk**
Monday 27th September
4:00-6:00pm
AgGrow Selling Complex

REFRESHMENTS:

Complimentary morning tea and lunch will be provided and everybody is welcome to stay and catch up over some drinks after the sale.

THE SALE:

- all lots will be sold in accordance with conditions of sale by auction in Queensland.
- potential purchasers must register with the selling agent prior to the commencement of the sale.
- all lots are sold exclusive of GST; therefore 10% GST will be added to all purchases.
- a "Buyers Instruction Slip" is provided in the back of the catalogue. Written Transport instructions must be supplied on this slip at the conclusion of the sale.
- all accounts to be settled with Emerald Land and Cattle Company (Livestock) Pty Ltd.

ANIMAL HEALTH:

Forest Hills maintains a J-Bas 6 score.

All bulls have been vaccinated with 7 in 1, 3 germ blood, Lepto, Pesti, Botulism, 3 Day Sickness and Vibrio.

All cattle have been pre-treated for ticks and Animal Health Declarations will be provided.

HEALTH AND SAFETY:

Under normal circumstances our livestock are placid and quiet. However care must be taken when inspecting the stock as crowd pressure can alter their behavior. Please don't crowd the stock and ask for assistance if you would like a closer inspection. Visitors enter the cattle pens at their own risk. No Children are allowed in the pens.

TRANSPORT AND DELIVERY:

We take personal interest and will endeavour to help co-ordinate efficient delivery of the bulls where required. Trucks are welcome on sale day and we offer freight assistance to Clermont, Charters Towers, Springsure and Gracemere if required. Please talk to the agent, Brock Palmer or Michael Silvester regarding these details.

MOBILE PHONES:

Phone bidding accepted. Please register with the selling agent prior to the sale if you wish for them to bid on your behalf live at the sale. Mobile phones operate very well at the AgGrow Bull Selling Complex.

SUPPLEMENTARY SHEETS:

Supplementary Sheets will be available on sale day and in the week leading up to the Sale. Sale bulls have scan data supplied by certified scanning technician, Lonnie Stone for Eye Muscle Area, Rump and Rib Fat, Marbling (IMF%) and will also have Sale Weight and Scrotal Size measurements.

AGENTS REBATE:

The vendors agree to a 3% rebate to outside agents introducing approved buyers in writing 48 hours prior to the sale with the condition they accompany them on sale day and settle on their behalf within 7 days. These conditions will be strictly enforced.

BREEDING SOUNDNESS:

Forest Hills Brangus has taken great care to ensure the information provided in this catalogue is accurate. However, we take no responsibility for the accuracy and/or interpretation of the information or any mistakes and negate any actions taken by any party resulting from such. We retain the right to use photographs and/or information we hold on a particular animal both now and into the future. Unauthorised copying is prohibited.

TICK CLEARANCE:

All lots are raised in a tick area and have received pre-clearance treatment. All animals will be available for clearance on sale day.

For clearance contact:

Central Highlands Regional Council 4982 1402;
or Kira McKee 0428 964 113

QUALITY ASSURANCE:

All Bulls have been subjected to independent assessment for Fertility, Structural soundness and temperament and have been prepared for their working lives.

PRE-SALE BID CARD REGISTRATION:

You can register for a bid card prior to sale day by contacting the selling agent:

Reference Sires

BINDAREE D652 DIXON (P) 8DD15RD652

Bindaree D652 Dixon's been a very successful purchase for us, his progeny are all quality that are full of thickness and depth with very clean coats. He effortlessly displays lots of meat with ample softness that passes through to his progeny along with strong growth patterns, exceptional temperament and polled heads.

Sire of lots: 13 High Roll'n 15 Hard Liquor

BINDAREE D665 (P) 8DD15RD665

Bindaree D665 was a very slick coated bull that we used temporarily in our herd. He was a strong upstanding sire with superior length about him.

Sire of lots: 26 Highjacker 51 Hit Man

FOREST HILLS ELDORADO (P) MK 16R881

One of our own bred bulls that has grown into a lovely big strong sirey bull. He is an extremely deep and long bull that has a lovely strong polled head and very clean coated. He is a pleasure to be around with a faultless temperament. Greatly represented throughout the sale with 7 sons.

Sire of lots: 11 High Flier 17 Hot To Trot
22 Heart & Soul 24 Heavy Hitter 30 High N Mighty
48 Holy Grail 50 Hell Of A Time

FOREST HILLS ELVIN (P) MK 16R839

Another one of our own bred bulls that we've used extensively throughout our herd. He's a very even Brangus type bull that has impeccable length and temperament. A very strong bull overall with a beautiful broad head and hooded eye. He was a very big favourite at our Beef 2018 site with multiple kids riding him throughout the week.

Sire of lot: 23 Hot Shot

FOREST HILLS EXPO (P) MK 16R978

We bred and retained this bull for his strong carcass qualities, he is a very tall and upstanding bull with a natural and easy doing ability. His progeny also demand attention with eye catching sire appeal and wonderful growth for age. Strongly represented throughout the sale with 14 sons.

Sire of lots: 3 Hamilton 5 Hang Tough 6 Headliner
7 Hot Off The Press 8 Heart Stealer 9 Hustle N Bustle 10 Hot Stuff
14 Hilfiger 16 Hot & Heavy 19 Hold All The Aces 20 Handsome
26 Hollywood 43 Hey True Blue

TRIPLE B J410 (P) BBB13RJ410

J410 was a higher Angus content, used bull that we utilised temporarily, he is recorded as almost 60% Angus.

Sire of lot: 2 Grazer

KARINGAL KELSO (P) 26311R206

Kelso has been successfully used throughout our herd for ease of calving traits, especially on our first calf heifers. He has great Brangus attributes and style about him with good length, bone and a lovely polled head.

Sire of lots: 18 High Impact 46 Hunka Spunk

LUNAR KANYE (P) BBC14R1246

Kanye was recognised and purchased as a powerful beef bull with exceptional bone, structure and stance. When we placed him over our strong female herd; we've been able to produce progeny that are thick and soft with plenty of eye appeal.

Sire of lots: 4 Huxley 32 Hakuna Matata 33 Hammer N Tongs
34 Honky Tonk 36 Halifax 42 Heart Of The Outback
44 Hot Expectations 45 Heads Up 47 Hide N Seek

WEONA 2869 (P) (AI) (ET) WEO11R2869

This bull has been used extensively throughout our herd and has produced some lovely progeny, especially females. He is a lovely super fleshy bull with loads of bone and body dimensions with a strong beautiful polled head.

Sire of lots: 27 Hooked 28 Holster
29 Hank 31 Hammer Time

WEONA CALYPSO (P) (AI) (ET) WEO12R3137

Calypso has matured into a real beef bull with great constitution and has placed his stamp on our stud producing very good quality stud bulls and females. All his progeny have plenty of finishing ability and natural Brangus breed traits and characteristics.

Sire of lots: 12 Have A Crack 21 Hell Raiser 35 Hugo Boss

WEONA ECHO (P) WEO14R3388

Echo is a very strong and upstanding sire with a lovely nature and very easy doing ability. He carries a deep and strong hind-quarter with even muscle distribution, yet is still a very free moving bull with a broad polled sirey head.

Sire of lot: 1 Gambler

BRANGUS BULL UNKNOWN SIRE

Our children Jayden and Heidi are selling six Brangus Commercial Bulls that they purchased last year out of good Brangus cows. Unfortunately, we are unaware of their sire details.

Sire of lots: 37 Hercules 38 Hannibal 39 Hacker
40 Honest Broker 41 Hell Bent For Leather

Registrations

FOUNDATION REGISTER:

Foundation level cattle are required to be between 25% and 75% Bos Indicus blood with the balance being Angus. All progeny of enrolment level cattle with the required Bos Indicus content will be recorded as Foundation level.

REGISTERED BRANGUS:

Animals whose parents are at least recorded in the Foundation level and whose Bos Indicus percentage falls between 25% and 75% are eligible for the Registered level. Registered Brangus is the highest level in the Brangus Herdbook.

GENERATION NUMBER:

Registered Brangus and Advanced Foundation level Brangus have their number of fully registered generations recorded. The Registered progeny of a Foundation animal will be recorded as Zero Generation. Subsequent progeny by Registered or Advanced Foundation level will be One Generation.

Registered Brangus cannot be bred from any other breed than Brahman and Angus. Only animals of the same register level and above can be used to advance the registration status of their progeny.

INTERPRETING BRANGUS IDENTIFICATION:

Brangus cattle when recorded with the ABCA are given a constructed identification, which indicates

The first three alpha numeric digits are the Breeder Ident which is unique to each herd (e.g. XXX) The next two numeric digits are the year drop (e.g. 04)

The next alpha character is the registration level:

- Commercial = C
- Enrolment = E
- Foundation = F
- Registered = R

The last alpha numeric characters are the breeders identification in their herd (e.g. 256)

Genetic Tests

All Forest Hills Brangus bulls have been DNA tested for Sire/Parent Verification as well as Coat Colour, Polledness and Tenderness.

COAT:

ED Homozygous dominant black
ED/e Dominant black/recessive red
ED/E+ Dominant black/wildtype
E+/e Wildtype/recessive red
E+/E+ Homozygous wildtype
e/e Homozygous recessive red

TENDERNESS:

Increase in 'tenderness' is associated with favourable alleles seen within the selected marker panel. In this report, the combined genotype results have been scored between 1 to 10, where 10 has the most favourable number of alleles present.

POLL:

When tested through SNP based genetic testing, the result will be reported as seen below:

Result	Interpretation	Animal's Appearance
PcPc PcPf PfPf	Homozygous Poll (PP)	Predominantly Polled (occasional scurs)
HPc HPf	Heterozygous Poll (PH)	Predominantly Polled (occasional scurs)
HH	Horned (HH)	Horned

Mating outcomes are depicted below:

P	P	PP x PP
P	PP	100% progeny will be Homozygous Poll
P	PP	
P	P	PP x PH
P	PP	50% chance progeny will be Homozygous Poll
H	PH	50% chance progeny will be Heterozygous Poll
P	P	PP x HH
H	PH	100% progeny will be Heterozygous Poll
H	PH	
P	H	PH x PH
P	PP	25% chance progeny will be Homozygous Poll
H	PH	50% chance progeny will be Heterozygous Poll
H	HH	25% chance progeny will be Horned

Note: Pc and Pf are interchangeable for 'P' in the graphic above.

EBV's Explained

GL: Gestation Length (days) is an estimate of the time from conception to the birth of the calf and is based on AI records. Lower (negative) GL EBVs indicate shorter gestation length and therefore easier calving and increased growth after birth.

BW: Birth Weight EBV (kg) is based on the measured birth weight of progeny, adjusted for dam age. The lower the value the lighter the calf at birth and the lower the likelihood of a difficult birth. This is particularly important when selecting sires for use over heifers.

200D: 200 Day Growth EBV (kg) is calculated from the weight of progeny taken between 80 and 300 days of age. Values are adjusted to 200 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth to early ages.

400D: 400-Day Weight EBV (kg) is calculated from the weight of progeny taken between 301 and 500 days of age, adjusted to 400 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for yearling weight.

600D: 600-Day Weight EBV (kg) is calculated from the weight of progeny taken between 501 and 900 days of age, adjusted to 600 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth beyond yearling age.

MCWT: Mature Cow Weight EBV (kg) is based on the cow weight when the calf is weighed for weaning, adjusted to 5 years of age. This EBV is an estimate of the genetic difference in cow weight at 5 years of age and is an indicator of growth at later ages and potential feed maintenance requirements of the females in the breeding herd. Smaller, or more moderate EBVs are generally more favourable. The Mature Cow Weight EBV may also be used by steer breeders wishing to grow animals out to a larger weight.

MILK: Milk EBV (kg) is an estimate of an animal's milking ability. For sires, this EBV indicates the effect of the daughter's milking ability, inherited from the sire, on the 200 and 400 day weights of her calves. For dams, it indicates her own milking ability.

SS: Scrotal Size EBV (cm) is calculated from the circumference of the scrotum, measured in centimeters and adjusted to 400 days of age. This EBV is an estimate of a sire's genetic merit for scrotal size and is positively correlated to age of puberty in female progeny.

CWT: Carcase Weight EBV (kg) is based on abattoir carcase records and is an indicator of the genetic differences in carcase weight at the standard age of 650 days.

EMA: Eye Muscle Area EBV (sq. cm) is calculated from measurements from live animal ultrasound scans and from abattoir carcase data, adjusted to a standard 300 kg carcase. This EBV estimates genetic differences in eye muscle area at the 12/13th rib site of a 300kg dressed carcase. More positive EBVs indicate better muscling on animals. Sires with relatively higher EMA EBVs are expected to produce better muscled and higher percentage yielding progeny at the same carcase weight than will sires with lower EMA EBVs.

Rib Fat and Rump Fat EBVs (mm) are calculated from measurements of subcutaneous fat depth at the 12/13 rib site and the P8 rump site (from live animal ultrasound scans and from abattoir carcasses) and are adjusted to a standard 300kg carcase. These EBVs are indicators of the genetic differences in fat distribution on a standard 300kg carcase. Sires with low, or negative, fat EBVs are expected to produce leaner progeny at any particular carcase weight than will sires with higher EBVs.

RBV: Retail Beef Yield EBV (%) indicates genetic differences between animals for retail yield percentage in a standard 300kg carcase. Sires with larger EBVs are expected to produce progeny with higher yielding carcasses.

IMF: Intramuscular Fat EBV (%) is an estimate of the genetic difference in the percentage of intramuscular fat at the 12/13th rib site in a 300kg carcase. Depending on market targets, larger more positive values are generally more favourable.

Rockhampton QLD 4701

Calvin Lee Brangus

The Forest Hills Brangus Bull sale marks a special occasion for us and will be the first forum in which we are able to show case all our hard work and efforts and a chance to thank Michael and Kellie for their assistance in getting our dream started.

When we first moved to Emerald in 2012 we had no idea what was in store for us. As Senior Sergeant, Officer in Charge at Emerald Police station, owning cattle seemed like a somewhat distant dream, a passion I would be able to follow in my retirement years. However, in 2013 my wife Michelle and I took a leap of faith and threw ourselves head first into the cattle industry. After an introduction to the industry through friends Michael and Kellie Silvester at their Forest Hills property, we purchased our own humble slice of pie, a 100 acre block on the banks of the Nogoa river on the outskirts of Emerald. We dedicated the next two years to converting the retired watermelon farm into Calvin Lee, a small cattle stud lovingly named after our two children. In 2015, after 24 months of hard work, dedication and careful planning, we were able to purchase 10 registered Brangus stud heifers from Forest Hills.

The cattle industry is something I've always had a passion for, as a kid growing up in south east Queensland in the small town of Beaudesert, I always spent the weekends and holidays on mates' farms and working with cattle. It's something I've always wanted to do but traveling and living throughout Queensland, dragging Michelle, Daniel and Kelsey around for 25 years meant that the cattle passion could never fully take root. Since purchasing the block eight years ago, it has been a slow process of fencing, organising water infrastructure and getting ready to purchase cattle. In that time, we were able to call upon help from our good friends Michael and Kellie, known Brangus breeders, who were kind enough to show us the ropes and help us find steady footing within the industry. Their advice and knowledge has proven to be invaluable to Michelle and I, and the impeccable genetics from the Forest Hills Brangus stud didn't hurt our efforts either.

LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE – PRELIMINARY

- A vendor is bound by these terms and conditions by offering livestock for sale by auction.
- An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
- A buyer is bound by these terms and conditions by bidding at an auction.

1. Competition and Consumer Act (Cth) 2010

- It is unlawful for parties that are, or otherwise would be, in competition with each other to make or attempt to make arrangements of such a kind or understanding that contains a provision relating to:
 - price-fixing; or
 - restriction in the production and supply chain; or
 - allocating customers, suppliers or territories; or
 - bid-rigging; or
 - collusive bidding.

- Large fines and other sanctions may be imposed for unlawful conduct.
- In these terms the expression auctioneer, agent, buyer and vendor respectively includes the agents, contractors and assistants of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term 'auctioneer' includes, so far as the law and context permits, the vendor's agent.

- When used in these terms the expressions "companion animals" means all animals originating from the same property on a particular day. Where lots are split and sold to multiple establishments, then all of these animals shall be regarded as companions.

- The following apply in interpreting these terms and conditions:
 - The following words have the following meanings:
 - Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dust, cartage, advertising and rebates, and whether paid for or incurred by the agent;
 - Livestock means animals auctioned pursuant to these terms and conditions; and
 - Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions
 - It plus any fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
 - (ii) plus any GST added in accordance with clause 12.
- These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation in that State prevails. These terms and conditions are, in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO – STANDARD TERMS OF SALE

- Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.
- The auctioneer has the right to bid on behalf of the vendor provided that notice is given to the vendor prior to the commencement of the sale to that effect.
- A bid cannot be re-tracted or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.
- Prior to the fall of the hammer the auctioneer shall announce the last bid and receive any further bids. The auctioneer shall be deemed to have accepted the bid of the hammer shall be the amount at which the lot has been sold.
- In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot to sale. The auctioneer's decision is final.
- The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interests of the vendor and need not give reasons for doing so.
- A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid on his or her behalf.
- The successful bidder at a livestock auction sale must notify the auctioneer at the fall of the hammer:
 - the purchaser's name; or
 - the bid card number which identifies the purchaser; or
 - the name of the person on whose behalf the successful bid was made; and
 - the Property Identification Code (know as the "PIC") of destination.
- The auction shall be conducted on the basis that the bid price shall be decisive of Goods in the event of a GST. GST shall be added after the fall of the hammer for those sales subject to GST.

- The vendor warrants:
 - That the vendor has (or will have) the right to sell the livestock at the time of delivery; and
 - That the purchaser will obtain title on completion of the purchaser's obligations under this contract including payment.
- If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is entitled to any resulting profit.
- The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other arrangement is made in specific circumstances between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.
- No person may bid unless, prior to the commencement of the sale, that person has made arrangements to be made to the auctioneer to purchase the livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary or to the contrary of these terms and conditions shall prevail.

- Cattle sold on a livestock basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.
- Cattle sold on a livestock basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.
- All livestock other than cattle sold on a livestock basis are at the risk and expense of the vendor upon the fall of the hammer.
- Subject to this clause the sale is complete on the fall of the hammer.
 - The time for rejection is the time commencing at the fall of the hammer and ending at the first of the following:
 - delivery is taken by a representative of the buyer;
 - departure of the animal from the purchaser's delivery pen; or
 - one hour after the fall of the hammer.
 - In the case of post-sale weighing, selling, or sort:
 - In the case of post-sale weighing, selling.
- During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.
- If the purchaser rejects an animal during the time for rejection then the sale of that animal is complete on the fall of the hammer and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, but if the agent has disclosed the condition for rejection to the buyer then the agent is not bound by this clause.
- This subclause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape that may result from the injury of those cattle during the time of the fall of the hammer, for delivery to and from the scales, to the buyer's delivery pen and the transport of those cattle to the slaughter. This responsibility ends at the earlier of those cattle bearing the buyer's nominated transport or carried on the day after the sale. This

- subclause does not apply if the agent makes an announcement to that effect prior to sale.
- Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that they conflict with the following. All lot and animal numbers prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number or error in any of lots sold or otherwise.
 - Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 6:00pm on the seventh day after the fall of the hammer. No objection, rejection or claim against the vendor or agent in respect of such an error or misdescription may be made after that date.
 - Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positively shall be taken as a statement of fact. If pregnancy testing shall be supplied to the buyer by a qualified veterinary agronomer or certified scanning contractor for a certificate which is tested and scanned on the date specified in the certificate and in the opinion of the surgeon or contractor was prepared on that date.
 - For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number every transferred from the slaughter PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.
 - For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the NLIS information transferred from the slaughter PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.
 - Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NUISERP database, the agent will ensure the buyers by pre-sale catalogue and/or other means that the information is correct and that the information is responsible for the safety and well being of the livestock;
 - It may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer. The agent shall not be liable for the sale of the livestock, however as between the vendor and buyer, the sale shall be made as a sale and agent's responsibility shall be as follows:
 - must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the purchaser; agrees that:
 - Clause 19 creates a registrable security interest under the Personal Property Securities Act (Cth) 2009 (PPSA);
 - The Purchaser acknowledges the rights of the Seller (and/or the Agent if Clause 25 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;
 - The livestock are collateral for the purposes of the PPSA;
 - to the extent permitted, the Purchaser waives any right the Purchaser has under the PPSA to receive notice; and
 - the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to this contract.
 - The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, expenses or costs incurred by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clause 20 or 21.
 - Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the de facto agent of the vendor at that time.
 - The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.
 - When this clause applies, in addition to any rights of the agent that arise by operation of the law in the particular State, subject to clause 23.2 the agent is subrogated to all rights of the vendor under these terms and conditions applicable to the livestock being sold by the buyer under these terms and conditions:
 - when this clause does not apply, as agent of the vendor (including by selling the livestock) on the agent's own behalf exercising the rights of the vendor by negotiation or assignment under these terms and conditions (whether or not the vendor or the agent has notified the livestock has not passed to the agent, by selling the livestock as agent of the vendor under the contract having to account to the vendor for the proceeds of sale.
 - The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).
 - The vendor hereby irrevocably appoints the agent as the vendor's attorney to:
 - do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests referred to, or intended to be afforded, to the agent under these terms and conditions; and
 - appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney under these terms and conditions.
 - These terms and conditions do not render the agent liable to the buyer as vendor or entitle the buyer to set off against any right the buyer may have against the vendor or otherwise.
 - The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in an event:
 - by this clause 23, other than as expressly provided; or
 - by the failure of the agent or the vendor or either of them to comply with the terms of this clause.
 - The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is allowed to or in favour of the buyer, at the request of the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor or the agent's interests under these terms and conditions.
 - The agent agrees that it is liable to pay to the vendor the Price, less any deduction as is agreed between the vendor and the agent, and in the absence of any agreement such amount is reasonable, and less any Fees that are payable by the vendor or the agent, as agreed by the agent on behalf of the vendor in relation to the sale of the livestock.
 - In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor in respect of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor then the agent has no liability to the vendor, then the vendor must return to the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.
 - Regardless of whether or not a sale has occurred the agent may, but is not bound to, make any claim against the vendor or the agent, or to be indemnified by the vendor, of the amount of the commission and any fees to which the agent is entitled in respect of the sale.
 - The auctioneer has been retained by the vendor as auctioneer for the purposes of selling the livestock comprised in the lots. The terms of

- engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environment.
- The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines set by the Land Transport Management Board and the Australian Quarantine and Inspection Service in accordance with any other or additional requirements and conditions of any such standards, guidelines, regulations or codes of practice and to the jurisdiction in which livestock is consigned, managed, received, transported and sold in the course of the auction process.

CHAPTER THREE – VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

- This chapter applies only in the case of livestock and their companion animals sold at auction. It obligates the vendor, the agent, the buyer and the livestock are transported direct from the sale yard to the markets at which they are to be slaughtered. The agent, the buyer and the vendor shall not subsequently resell the livestock to a slaughterer. A slaughterer is any person who pays the AMPIC Processor fee.
- The warranty of vendor is that livestock and their companion animals offered for sale at auction:
 - pass government and other regulatory authority requirements and expectations at the time of slaughter;
 - are of merchantable quality;
 - carry no NLIS disease in accordance with State law;
 - in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in the document, that the livestock will have those characteristics and will be fit for the particular purpose or market; and
 - all information in any document provided by the vendor is true.
- In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer, the agent shall be liable to the buyer for the Price of such of the vendor's livestock to which the breach applies.
- However if the breach by the vendor is such that the livestock are not rejected outright but are in fact disadvantaged the buyer will pay the value of the livestock at their next highest and best use.
- In the case of a breach by the vendor of the vendor's warranty then the vendor shall be liable to the buyer for the amount of the difference between what the agent and vendor will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.
- Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these terms and conditions:
 - the buyer will be entitled to delay payment for the price of all livestock in that lot only; or
 - the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law, or having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where a sentinel animal is potentially quarantined, the Processor has the right to refuse slaughter and send the livestock back to the auctioneer's property at the vendor's expense.
- The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:
 - an error by the auctioneer of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
 - any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the vendor's warranty if the buyer establishes that the agent knew of such breach prior to the sale; and
 - any failure by the auctioneer to refer to the results of any tests in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR – OWNERS RISK FOR CONDUCTION OF CATTLE

- This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported to the slaughterer's premises for slaughter. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPIC Processor fee.
- Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. It is the producer's responsibility to ensure that the cattle are fit for human consumption if they are not condemned as unfit by government. Owners risk includes the condemnation of cattle by government, or the rejection of cattle by establishments, by the relevant government certificate, existed prior to the fall of the hammer.
- The buyer bears the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.
- Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:
 - the certificate is issued by government which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and the reason for condemnation existed prior to the fall of the hammer;
 - the certificate is received by the selling agent either in its original form or by fax or electronic communication in the form of data, text or imaging by 5:00pm on the 7th day after the fall of the hammer; and
 - if the condemnation is due to chemical residue the certificate follows testing in a government approved laboratory which establishes maximum residue limits in excess of the Australian limit.
- Owners risk does not apply, and the buyer must pay for cattle, if the following conditions are satisfied:
 - the certificate is received by the selling agent after 5:00pm on the 7th day after the fall of the hammer;
 - the certificate is received by the selling agent after 5:00pm on the 7th day after the fall of the hammer;
 - if the condemnation is due to chemical residue the certificate follows testing in a government approved laboratory which establishes maximum residue limits in excess of the Australian limit.

CHAPTER FIVE – NOTICES REQUIRED BY LEGISLATION

- NW Property, Stock and Business Agents Act 2002 Warnings
 - Provisions for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to enter into or attempt to enter into a collusive practice, or to induce or attempt to induce another person to be a party to such a practice, or to do any other thing which may prevent free and open competition.
 - to abstain from bidding; or
 - to bid to a limited extent only; or
 - to bid to any other act that might prevent free and open competition.
- Severe penalties may be imposed on persons convicted of collusive practices.
 - The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announced that prior to the sale.
- Transparency Legislation. An auctioneer conducting a public auction must not participate or acknowledge the making of a bid or bid was made. A person must not engage in collusive practices by way of making or receiving an undertaking, promise to abstain from bidding, or to bid to a limited extent or do any other thing which may prevent free and open competition.
- WA Auctioning Act 1973-21 NOTICE
 - It is an offence to:
 - enter into or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to bid to take over as buyer or to lose or draw lots to establish who is to become the buyer;
 - abstain or agree to abstain from bidding as a result of such a promise;
 - knowingly enter or permit or cause to be entered in the auctioneer's record any name other than the name of the successful bidder;
 - enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or
 - the case of successful bidder supply wrong information as to the name of the vendor or the auctioneer or to any person, firm or corporation to whom behalf the sale is conducted.
- The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.

Thank You

We sincerely thank all new and repeat Buyers, Bidders and Underbidders for your interest in our 2021 Forest Hills Brangus Bull Sale. We appreciate the distances travelled and the time taken to attend our sale and we look forward to seeing future progeny flourish within your herds.

A special thanks to our Family, extended Brangus Family, Members, Colleagues, Associates and Special Friends for your continued support, inspiration and motivation. We look forward to continuing, developing and enhancing these great relationships.

We would also like to acknowledge our close relationship with various businesses that help us throughout the year and thank you for your services, knowledge, products and contributions.

We wish you and your families all the very best for a wet and prosperous season ahead with continued amazing cattle prices and we hope that you have great success with your Forest Hills purchases and we look forward to seeing you in 2022.

Please don't hesitate to contact us or stay connected www.foresthillsbrangus.com.au
