SALE INFORMATION

Inspection:

Cattle may be inspected any time prior to the sale by arrangement. If you can't make it on sale day, we encourage you to inspect the bulls at a time convenient to you and bid via phone or AuctionsPlus. Please discuss your bull requirements with Ben, we enjoy being a part of the decision making process.

Sale Day Safety:

We pride ourselves on the excellent temperament of our bulls, however, there are risks associated with bull behaviour on sale day and it is our responsibility to keep you safe.

If you wish to enter the pens please be aware that bulls may fight with each other or they can be playful. We cannot accept responsibility for your safety if you do not follow the instructions of our staff.

If you are limited in your mobility or if you have children accompanying you, **please do not enter the sale pens.**

AuctionsPlus:

AuctionsPlus is an alternate bidding option if you can't attend the sale in person. However, it is only available to registered users. We recommend registering online as soon as possible - at least 24hrs prior to the sale.

Register at www.auctionsplus.com.au

Breeding Soundness:

All sale bulls offered for sale have passed a semen test by Veterinarians, Ced or Adam Wise.

All bulls offered for sale have been examined by the stud's Veterinary consultant for structural and physical soundness to Australian Veterinary Association standards. A Bull Breeding Soundness Evaluation Certificate will be available.

Guarantee:

All stock are guaranteed breeders. Any claim against the breeding ability of an animal purchased should be made in writing and accompanied by a Veterinary Certificate within six months of the date of sale. In the event of a bull failing to breed, it may either be replaced with an animal of comparable value or credit to the full purchase price will be given at the following sale or on a private sale animal.

Health:

Palgrove maintains a J-Bas 7 status, so bulls are free to move to anywhere in Australia - excluding Western Australia.

Sale bulls have been inoculated twice with 7-in-1; Pestigard, Vibrio and 3 Day Sickness and 3 germ tick blood vaccinated.

Delivery:

We take personal interest in the efficient delivery of all stock after the sale. George & Fuhrmann, Nutrien & Hourn & Bishop will be handling the delivery of sale cattle.

We offer Freight Assistance to several major centres including Emerald, Roma, Inverell and Glen Innes. Please talk to Ben Noller M:0427 700 949 prior to the sale.

Palgrove Stud:

The Palgrove sale complex is based near Warwick QLD, with breeding properties also located at Ben Lomond and Inverell. Our bull depot is located at Drillham.

For over 50 years, we've adapted our Charolais genetics through a commitment to research, education, new technologies and a common sense 'cattleman's eye' to suit clients' environmental and management conditions.

We've grown the stud to a size where it ranks as the largest Charolais stud in Australia and by all accounts, the second largest in the world.

In 2009, we started developing our Ultrablack bull breeding program. We're positive that they offer another profitable option to our clients' production and target markets.

Our Ultrablack female herd is now around 1,800 breeders.

The Sale Bulls:

Our policy has always been to prepare our sale bulls on pasture and oats, so that they remain structurally and reproductively sound. This means that the sale weight of our bulls may be slightly less than bulls at other sales that have been fully prepared on a high grain ration.

A bull's career begins rather than ends on sale day - so be cautious about comparing bull weights and fat scans between the various sales. Comparison of bulls in a contemporary group is a far more reliable indicator.

It is in your best interests to purchase bulls that have had a moderate long term feed ration rather than one that has been 'pumped up' for sale day.

Our Approach:

Even though the scale of the registered herd has increased substantially since 1969, our breeding objectives haven't wavered. We aim to be leaders in genetic improvement and customer satisfaction.

Palgrove buyers expect the best from our cattle - whether it's a one stud sire or a draft of 100 commercial bulls. Our job is to deliver cattle and service that is beyond our clients' expectations.

Commercially Focused Genetics:

Since the early beginnings of the Palgrove stud, we have been using raw data and Breedplan to measure the genetic improvement in our cattle for the three main profit drivers:

- a) Fertility
- b) Growth and Weight Gain
- c) Carcase Merit

It's been a systematic selection process over 50 years with Palgrove possessing the largest and most comprehensive Charolais and Ultrablack EBV data in the country.

We've always focused our breeding program on the commercial profit traits, but until now it was difficult to verify the value of Palgrove genetics - particularly for eating quality and the carcase \$ value that Palgrove genetics add.

Over the last few years, we've entered cattle in the Paddock to Palate competition which has enabled us to verify the profitability of Palgrove commercial progeny. Our cattle have risen to the top consistently with winning pens across weight gain, carcase and eating quality. We don't just make claims - we deliver value!

Please refer to Terms and Conditions of Sale at the back page of this Catalogue.

PERFORMANCE INFORMATION

In this sale, there are three separate BREEDPLAN figures presented:

- a) Charolais Group Breedplan
- b) Angus MBR Breedplan
- c) Brangus Group Breedplan

Each breed runs a separate BREEDPLAN evaluation. As the genetic base for each breed is different, only EBVs for animals within a particular breed can be directly compared.

Putting this in practical terms, a 600 day weight EBV of +41 on an Ultrablack or Brangus bull is not equivalent to a 600 day weight EBV of +41 on a Charolais bull.

Our Ultrablack bull EBVs are provided to us as registered animals on the Angus Multi Breed Register (MBR). Only pure Angus cattle are recorded on HBR/APR registers.

We have not included the \$Indexes on our Ultrablack bulls as they are only relevant for purebred Angus genetic comparisons.

Perhaps we may even live long enough to see breed societies produce one single Breedplan report for all breeds.

When assessing cattle performance, it is essential to always compare 'apples' with 'apples'.

Therefore, we suggest you use the Angus Society EBV information provided in this catalogue to assess the Ultrablack bulls as a contemporary group only (ie. compare Palgrove bull to Palgrove bull within this sale).

Charolais Group Breedplan Averages 2019 born calves

	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$
Charolais	0.2	7	12	24	32	1.1	1.6	0.5	0.2	\$25	\$34	\$18

Angus Group Breedplan Averages August 2021

Covid-19 Sale Day Arrangements:

In response to the ongoing Covid-19 risk, the following preparations have been made for our on property sale at Strathgarve, Dalveen on Friday 10th September. This information is current as this catalogue goes to print but may be subject to change. For updates, please visit our website palgrove.com.au; Palgrove Facebook page or contact Ben Noller M: 0427 700 949.

The safety and wellbeing of our staff, clients and visitors remains our highest priority and we will be implementing measures to ensure the sale day safety of all attendees at Palgrove.

1. In person attendance at the Sale

- We welcome all buyers and visitors to the sale in person. We will ensure all necessary hygiene and social distancing measures are in place
- Please pre-register for a bid card on our website to save time and reduce contact on sale day and do not attend if you or anyone you have been in contact with have any Covid-19 symptoms
- Rules for entry to Qld can change, so we suggest you refer to the guidelines at health.qld.gov.au closer to the date

2. Pre-Sale Inspections

- If you wish to inspect the bulls prior to the sale, please make arrangements with Ben Noller
Mob: 0427 700 949

3. AuctionsPlus

- Sale will be livestreamed. Lots will have photos and videos to assist with your selections. These will be uploaded well before sale day, ensuring we can answer any queries.

4. Absentee Buyer Options

- If you are unable to attend the sale, we can assist with a nominated party to speak with you by phone during the sale.
- Palgrove has many clients who request us to collate a list of bulls to match their specific requirements. We offer this service to all buyers. In addition, the Palgrove catalogue provides a truckload of comprehensive data and information to assist with your decision making.

There is so much to be thankful for with a change in season and unbelievable cattle prices continuing to strengthen our industry. Thank you for your support and we look forward to welcoming you on the 10th Sept. The 2021 sale bulls really do deserve to be seen in person!

CHAROLAIS REFERENCE SIRES

HRJ CROWD FAVOURITE (P)

- Exclusive Australian rights owned by Palgrove & Elite Charolais.
- Ranked in the top 1% of the breed for 200D Weight, 400D Weight & Carcase weight and the top 5% for 600D weight, Scrotal Size & Rib Fat. His Birth Weight is well below breed average.
- His sons are the type that appeal to commercial cattlemen. We sold his first son as a yearling at our 2020 bull sale for \$24,000.
- He is represented by 10 sons in this sale which include some standout yearling stud sire prospects

PALGROVE MASTERPIECE (P)

- A magnificent sire we retained as the 'pick' of all our M drop bulls
- Charolais breed Trait leader for 200 & 600 Day Wt. Also ranks in the breed's top 2% for EMA along with Positive fat cover and IMF% EBV's
- He is a graduate of our 'accelerated genetics program' and was selected for use as a yearling bull as was his sire, Palgrove Jericho
- His sons have already sold to a top of \$26,000
- Represented by 7 powerful sons in this sale including a cracker, homozygous polled yearling, Lot 59

PALGROVE JUSTICE (P)

- Homozygous polled. An impact sire whose progeny excel for weight gain, carcass and yield.
- Ranks in the top 1% of the breed for Eye Muscle as well as having positive fat cover
- The first Charolais bull from Australia to have semen sold back to France - the home of the breed! Semen also exported to Canada and the UK, where his progeny have excelled in the show & sale arenas.
- Six sons sold at our 2020 bull sale to a top of \$34,000 & averaged \$18,666.
- His sons in this year's sale include Lots 3 & 7 which we consider to be two of his best we have offered for sale to date
- Semen available for sale

PALGROVE LANDMARK (P)

- An outstanding breeding sire whose reputation for quality progeny keeps building each year
- Homozygous polled & backed by one of our most consistent breeding pedigrees
- Six of his sons averaged \$20,166 at our 2020 bull sale topping at \$30,000
- A 10 month old daughter topped our Female sale this year at \$24,000
- Represented by 7 top-notch sons in this sale including 4 in the first 10 lead bulls.

PALGROVE MARCELLE (P)

- An impressive first year sire that ranks in the Top 1% of the breed for Eye Muscle & Retail Beef Yield without sacrificing fat cover
- His first sons to sell at our Hunter Valley Bull sale this year topped at \$22,000 for an average of \$17,334
- He has 7 sons represented in this year's sale

PALGROVE NEXT GEN (P)

- Homozygous polled son of Bluegrass D55, from whom we have retained many quality daughters in the herd
- A really impressive individual that is medium framed with extra substance, softness and thickness
- Ranked in the Top 1% of the breed for Milk
- His first sons to sell are in this sale & they are 5 really thick, soggy commercially focused yearlings
- This is a young sire we see a big future for at Palgrove

PALGROVE MAJESTY (P)

- A sire that combines the power of Holster & Evolution with the maternal strength of Eldorado
- A medium framed bull with massive volume whose progeny weigh like lead
- His first sons at our 2020 sale and were well received by commercial clients selling to \$17,000
- Three stunning yearling show prospect daughters at our Female Sale this year sold to \$8,000
- He is represented by 5 sons in this sale

LOT 1

PALGROVE QANTAS (P) ^{SV}

Tattoo: PK Q2027E

Calved: 25/09/2019 (23 1/2 mths)

S: Palgrove Kudos (P)

S: PALGROVE NECESSITY (P)

D: Palgrove Estella B703E (P)

S: Silverstream Holster (P)

D: PALGROVE FESTOON M728E (P)

D: Palgrove Festoon H809E

We're so excited to continue to 'raise the bar' on our genetic progression which enables us to consistently deliver these industry relevant bulls to our commercial clients.

What a top prospect to represent our program - medium framed, thick butted, seal-like skin and a bomb proof temperament.

Dam - calved at two with 3 calves in 3 years. We love the moderation and efficiency in the Holster daughters, while improving weight gain.

He's a high \$Indexing, strong carcass (EMA top 2%, Carcass Wt top 8%) bull with the ideal growth curve - high growth yet moderate Mature Cow weight.

Qantas is a standout - get in early on these bulls.

Charolais	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$
EBV	1.8	5	18	41	50	0.6	3.6	0.5	-0.2	\$38	\$45	\$29

LOT 2

PALGROVE QUASIMODO (P/S) ^{SV}

Tattoo: PK Q2050E

Calved: 26/09/2019 (23 1/2 mths)

S: Palgrove Heritage (P)

S: PALGROVE LANDMARK (P)

D: Palgrove Raquel E889E (P) R/F

S: Silverstream Performer ET

D: PALGROVE PANACHE E208E ET

D: Palgrove Panache X195E ET

You can sum Quasimodo up with one word: 'balance' - balance of pedigree, performance & phenotype.

Landmark is proving himself as one of the top producing sires of his generation. He's adding Milk, Fat cover and IMF, but won't compromise on carcass and weight for age. His progeny consistently come in at the top end of the drop.

Dam - No miss fertility record; 8 progeny with a 364 DCI and 4 daughters retained in the herd.

We think a great deal of this bull - he ticks a lot of boxes and his breeding potential is locked in with the depth of his pedigree - Exclisif, Impair, Red Baron and the reputable Panache cow family.

Stud Sire potential - Semen Retained

Charolais	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$

LOT 3

PALGROVE QRACKER (P) ^{SV}

Tattoo: PK Q2105E

Calved: 29/09/2019 (23 1/2 mths)

S: Silverstream Evolution (P)
S: PALGROVE JUSTICE (P)
 D: Palgrove Amy E479E (P)

S: Palgrove Benchmark
D: PALGROVE AVOCA G221E
 D: Palgrove Avoca D1154E

We believe this could be the best Justice son we have bred to date! A big call from a sire who has over 300 progeny recorded.

Dam - 8 progeny in 8 years with a 364 DCI. Two sons have sold at auction to average \$24,500 including Jubilee - an AI sire at Palgrove.

He has everything you want in a true breeding bull - bone, carcass, weight for age and a pedigree stacked with breed legends - Justice, Evolution, Benchmark, Zenith & Zephlin.

He's sleek skinned, thick topped, really easy doing and you have to commend the natural balance and constitution in a bull with this much carcass.

Stud sire written all over him - Semen Retained.

Charolais	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$
EBV	0.6	5	10	21	28	1.9	2.8	0.9	-0.4	\$26	\$36	\$21

Purchaser.....\$.....

LOT 4

PALGROVE QUIDMAKER (P/S) ^{SV}

Tattoo: PK Q2061E

Calved: 27/09/2019 (23 1/2 mths)

S: Palgrove Heritage (P)
S: PALGROVE LANDMARK (P)
 D: Palgrove Raquel E889E (P) R/F

S: Palgrove Fortune (P) ET
D: PALGROVE PANACHE H986E
 D: Palgrove Panache F206E ET R/F

We love the carcass shape and softness in this Landmark son. His predictable pedigree, presence and data set position him ideally for stud duties.

Dam - 5 progeny in 5 years with a 347 DCI. She is a full sister to the dam of Powerhouse who we sold for \$55,000. Quidmaker's full brother sold for \$30,000 to Liberty Charolais. W.A, in 2020.

Breed leading EBV's with 10 traits ranking in the top 20%. Massive EMA (top 1% of the breed), plus high positive Fat Cover and Marbling.

He has that extra bone, performance, and character to give us confidence we are 'raising the bar' on our genetics.

Semen Retained

Charolais	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$
EBV	-0.8	15	17	26	36	1.3	3.9	1.6	0.4	\$45	\$61	\$30

LOT 5

PALGROVE QUITEABULL (P) R/F ^{SV}

Tattoo: PK Q1652E

Calved: 12/09/2019 (24 mths)

S: Palgrove Kruze (P)
S: PALGROVE MILO (P) R/F
 D: Palgrove Kate H1441E R/F

S: Silverstream Evolution (P)
D: PALGROVE GIFT L271D (P) R/F
 D: Palgrove D282C (P) R/F

Natural balance, softness and a real 'sires presence' indicate that Quiteabull has a big future in the Charolais breed.

A true performance pedigree combining Kruze, Evolution and Bond. Kruze was the high selling Charolais bull in Australia in 2016 at \$52,000.

He's a moderate Birth Weight, explosive growth bull (weaning weight in the top 5%), who's smooth fronted, thick topped and long as a train.

An easy fleshing bull that's one of our favourites Semen retained by Palgrove.

Charolais	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$

LOT 6

PALGROVE QUEST (P) R/F ^{SV}

Tattoo: PK Q1556E

Calved: 10/09/2019 (24 mths)

S: Palgrove Kudos (P) R/F
S: PALGROVE NECESSITY (P)
 D: Palgrove Estella B703E (P)

S: Palgrove Gallant (P)
D: PALGROVE APPEAL L157E (P) R/F
 D: Palgrove Appeal A565D (P) R/F

Sit up and take a look at this modern-day Charolais bull - soft, easy fleshing with natural thickness.

Like all the Palgrove females his dam has built-in fertility - 4 calves in 4 years with a 373 DCI. Great strike record with 2 from 2 sons making our Annual Sale.

His sire, Necessity, was our high selling bull in 2019, going to the Alison family for \$38,000.

A moderate birth, high growth bull with all \$Indexes ranking in the top 20%. His numbers back up his phenotype with a combination of breed leading carcass and Fat Cover EBVs.

An allrounder in terms of marketing and joining options. Better still, add him to your bull breeding program.

Semen Retained - **Homozygous polled.**

S: PALGROVE JUSTICE (P)
 D: Palgrove Amy E479E (P)

S: Ascot Grand Design (P)
D: PALGROVE PANACHE J1201E (R/F)
 D: Palgrove Panache G32E R/F

A younger bull that you can double tick as a top Stud Sire prospect.

Questera is a 3/4 brother to last year's record selling bull at \$64,000. He is so similar in type - soft; easy fleshing; thick topped with that beautiful hip shape and sires presence we demand in these top end bulls.

Dam - her breeding consistency has earned her a spot in our donor program. 4 calves in 4 years with a 381 DCI.

High Growth, top 1% for EMA and positive \$profit EBV's - all the profit traits covered.

He would excel as a stud sire or be ideal over Bos Indicus cows.

Charolais	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$

 D: Palgrove Kate H1441E R/F

S: Palgrove Crackerjack
D: PALGROVE FELICITY PKH671E
 D: Palgrove Felicity B724E

Stand behind this bull and you'll appreciate his natural thickness.

Dam - 7 calves in 7 years 370 DCI. An impressive moderate framed easy-keeping Crackerjack daughter.

He's smooth polled; plenty of thickness and volume with depth of flank, sleek skin and natural doing ability. There's generations of selection to get this skin type on these Palgrove Charolais bulls.

High positive growth EBV's combined with a top 5% ranking for Marbling will ensure he 'raises the bar' to improve profit along the supply chain.

A bull we're really proud to offer.

LOT 9

PALGROVE QUEENSTOWN (P) ^{SV}

Tattoo: PK Q1757E

Calved: 16/09/2019 (24 mths)

S: Palgrove Heritage (P)
S: PALGROVE LANDMARK (P)
 D: Palgrove Raquel E889E (P) R/F

 S: LT Western Edge (P)
D: PALGROVE ALETTA H310E (P)
 D: Palgrove Aletta F1007E (P) ET

Four Landmark sons feature in the first 10 lots - a big effort considering the number of sires used over this drop of calves.

Dam - 7 calves in 7 years with a 366 DCI. Sons have sold to \$16,000 and daughter's to \$12,000.

A strong maternal pedigree combining Heritage, Western Edge & Freedom that is backed up by top 1% ranking for Milk.

He combines top end EMA & Fat cover EBV's which is a feature of the Landmark progeny, with explosive 400-day Weight tapering off to a mid-range Mature Cow Weight - efficiency plus!

An impressive moderate framed, easy fleshing bull with plenty of substance and softness.

Semen retained - **Homozygous polled**

Charolais	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$

LOT 10

PALGROVE QUEENSLANDER (P) ^{SV}

Tattoo: PK Q1904E

Calved: 21/09/2019 (23 1/2 mths)

S: Palgrove Heritage (P)
S: PALGROVE LANDMARK (P)
 D: Palgrove Raquel E889E (P) R/F

 S: Palgrove Flawless (P)
D: PALGROVE DEMETER H1334E
 D: Palgrove Demeter E50E R/F

Another Landmark son stamped with sire appeal, softness and extra bone.

Dam - 5 calves in 5 years with a 374 DCI. Not surprising she's producing top end bulls with Benchmark and Zephlin in her pedigree.

Queenslander impresses for his raw performance, tremendous butt shape and fleshing. We're proud to offer these bulls that can combine thickness and softness in a medium framed package - efficient and profitable.

EBV's indicate lower Birth Weight with top of the breed Marbling and Milk.

A bull to breed those daughters that you'll love to keep!

We are proud to offer these homozygous bulls that are backed by superior data and don't compromise on performance.

Dam - 6 calves in 6 years with a 357 DCI. Super consistent female with a pedigree combining Formula, Viagra, plus one of Palgrove most successful Bronwin matrons who has 49 progeny recorded.

Awesome spread of numbers as indicated by his moderate Birth Weight and explosive weaning weight EBV's.

A great stud or commercial sire with plenty of weight for age, substance, and constitution.

Homozygous polled

S: Palgrove Gaucho (P) ET
D: PALGROVE ESTELLA L1378E (P)
 D: Palgrove Estella D241E (P)

The first of our Mantra sons in this year's sale - his sons are medium framed with great carcase shape and finishing ability.

Dam - 3 calves in 3 years with a 406 DCI. Plenty of strength in the maternal side of this pedigree.

His EBV graph screams profit - 11 of a possible 19 traits are ranked in the top 10% including all \$Indexes.

Quebec is an impressive bull with plenty of grunt and carcase - he's as 'thick as a brick'. He has always stood out in the group for his doing ability.

Used as a yearling - Double tick if you want to add finishing ability without compromising on performance and carcase shape.

A perfectly designed pedigree that combines the maternal strength of Harvey and Ledger with the performance of Evolution.

Dam - 3 calves in 3 years with a 369 DCI. A medium framed Ledger daughter with a perfect udder design.

Impressive spread of EBV's to indicate profit. Curve bending from below average Birth Weight to high positive early growth and carcass traits - Marbling ranks in the top 1%

Questa is a soft hidged; thick butted, carcass bull that should breed shape and weight into his progeny.

Complete package - don't overlook.

Quillan is a meat machine – no guesses as to why; his sire Marcelle and maternal grand sire, Hallmark, are both ranked in the top 1% of the breed for EMA.

Dam – 3 calves in 3 years with a 373 DCI. Another medium framed Hallmark daughter producing these strong, top end commercial bulls.

EBV's confirm his phenotype for being a true carcass bull – he's got high positive growth and Fat cover with top 1% of the breed for EMA.

Purchaser.....\$.....

Palgrove Clara D211E (P)

Palgrove Clara D211E is one of many 'very special' females in the Palgrove herd

She has 48 progeny recorded to date - 13 of her progeny, plus 2 ET flushes, marking up her gross earnings to date of \$173,000.

Her sons have sold to a top of \$32,000 and her daughters have topped at \$10,500.

She has two very special yearling sons in this sale (Lots 56 & 68) as well as grandson, Lot 87.

We can't overstate the value of highly fertile & proven cow families in the pedigrees of our sale bulls. They have been 50+ years in the making and are the backbone of any success that have been achieved by Palgrove over many years.

Rank												

Functional Charolais bull with a top-notch pedigree.

Dam's pedigree combines two great breeding sires - Calibre and Courage. She has shown strong fertility with 3 calves in 3 years, 358 DCI.

Quentin is moderate framed, soft skinned and easy fleshing.

He would be ideally suited to produce progeny for the domestic market.

Take a good look at this carcass improving bull. Dam - 3 calves in 3 years 384 DCI. She had a son sell in 2020 for \$26,000.

Great constitution and balance for a heavily muscled bull. He's medium framed with a real sires presence.

He's backed by a strong set of EBV's which will add value - high positive Growth, Scrotal and Carcass traits, highlighted with a top 1% ranking for EMA and top 15% for Marbling.

We love offering these type of bulls to our commercial clients - He will add extra weight at an early age while maintaining the ability to cover.

20 Standout (Seriously Good) Yearling Bulls

We are very proud to present this outstanding group of yearling Charolais bulls that we consider to be one of the best lines we have ever offered for sale.

If you are in the market for a stud sire or need a top commercial bull you will find him in this group.

We selected these bulls on the basis of their balanced EBVs, growth, early puberty, big scrotal, excellent constitution, softness and temperament. There are some low birth weight bulls suitable for heifer joining as well as some exciting new first time sires represented.

There are 4 homozygous polled bulls in this group, and they demonstrate the clear direction of our balanced, common sense approach to seedstock breeding.

These young bulls can't help but be awesome with:

- Temperament, EBV's and variation in maturity patterns to suit every buyer and market
- Phenotype built on 50 years of strict selection for functionality
- Selection from a cow herd of over 2,000 of the most fertile females in the business

You really need to see these yearling bulls in the flesh to appreciate why they make us so excited!

20 CHAROLAIS YEARLING BULLS

S: LT Silver Bar (P)

D: PALGROVE CLARA D211E (P) R/F

D: Palgrove Clara A529E (P) R/F

The ideal candidate to start this year's run of Autumn drop bulls off. He's got the pedigree, phenotype and performance to make a stud sire.

Crowd Favourite is adding explosive growth, big Scrotal and Carcase.

Dam - Arguably the best donor cow at Palgrove. Four of her sons topped at \$32,000 to average \$18,750 in 2020 and two yearling flush sisters to Rising Star sold in our 2021 female sale to \$9,000.

Curve bending EBV's - below average for Birth Weight to top 1% for weaning weight with high positive \$Indexes.

A standout bull. Don't let this opportunity pass.

Semen retained. **Homozygous polled**

It's not easy to breed homozygous polled bulls with this type of grunt and performance.

He's a super thick, big carcass bull that still indicates his ability to finish through his depth of flank and fleshing.

His EBV's position him in the top growth categories with positive Carcass weight.

An easy bull to take home - he has a sire's presence, sleek skin and will add the kilos to his progeny.

A performance bull that would be ideally suited in a northern production system to increase weight gain and carcass merit.

The first of the New Look sons to be offered and a favourite of the Palgrove team.

New Look is a walking bull at Palgrove – he’s medium framed; very thick and out of a Bond daughter. Bond has a phenomenal strike rate to sire cows that breed top end bulls.

Maturity pattern suggests Remarkabull still has plenty of growth potential – he’s long bodied, deep flanked with great constitution and a sires presence.

A bull we’re proud to offer.

Full brother to Lot 56 - this is your last chance to secure a Crowd Favourite son in this sale and look who the dam is!

Dam - Clara D211E is a favourite and arguably the best donor cow at Palgrove. Four sons topped at \$32,000 in 2020 and two yearling full sisters to Rio sold in our Female Sale to \$9,000.

Bends the curve with negative Birth Weight to top 1% for 200 Day Weight. High positive Scrotal size; Carcase Weight; IMF% and top 20% for all \$Indexes.

A superb pedigree to back your judgement on this young sire.

Gee we love these Longyard sons! They're easy fleshing with plenty of thickness; great constitution and a touch more bone - A commercial cattleman's dream.

We sound like a broken record, but these Bond daughters consistently produce quality bulls.

A perfectly constructed pedigree - Bluegrass D55 x Bond - The best of both worlds, maternal strength of D55 with the performance of Bond.

A top shelf commercial bull.

Quayle is by our carcase improving sire Marcelle, who ranks in the top 1% of the breed for EMA and Retail Yield.

Great set of EBV's that confirm his profit-making ability - he has 10 traits in the top 10% of the breed including calving ease traits all \$Indexes with a top 1% for Yield and EMA.

Quayle has the highest EMA EBV of the entire Charolais breed!!

Here's a bull that will 'raise the bar'.

Nice little surprise on the maternal side of this pedigree - QCL is out of the dam of Milo whose sons feature in the front end of this catalogue. Check out his sons at Lot 5, 8 and 17.

Dam - 6 calves in 6 years with a 366 DCI.

Curve bending EBV's - negative Birth Weight to top 10% of the breed for 200 Day Weight. High positive Scrotal Size, Carcase Weight and Fat Cover and all \$Indexes in the top 10%.

He has length of body and plenty of butt to breed progeny that will really weigh at sale time.

Mantra is a trait leader for all growth traits and has a phenomenal 8 traits in the top 10% and 15 in the top 20% of the breed.

Moderate framed and thick topped - We really like the carcass shape in this 'purpose built' bull.

Pedigree and EBV's suggest that he could be suitable for heifer mating's - Mantra x Hallmark.

Domestic market specialist - High ranking Fat cover and Marbling EBV's should ensure that his progeny will finish easily.

Homozygous polled

It's tradition to finish on a good one - he will be the last Hombre son to be sold at auction.

Hombre was a walking sire at Palgrove that was used over heifers and highly regarded for his combination of calving ease, carcase and softness.

Strong predictable pedigree - Hombre over a Courage daughter.

Don't miss him.

Ultrablack - the value is in the females.

'Raise the bar' in your herd with Palgrove Ultrablacks

Below: PTIC heifers 15-17 mths on our Inverell property, 'Macintyre Station'.

PALGROVE

Palgrove GENEPLUS Partnership

We are very excited about the depth of pedigree and strength of data the Geneplus genetics have injected into our program. The lift in performance we are achieving with these sires blended back through our homebred females has 'raised the bar' of our Ultrablack and Brangus program.

The brainchild of Vern Suhn (Suhn Cattle Company), Bill Davis (Chimney Rock Cattle Company), Randy Schmidt (Schmidt Farms), Nic Cornelison (Lake Majestic) and Cody Gariss, the GENEPLUS group continue to build on their long held vision to produce leading-edge Brangus and Ultrablack genetics that fit a wide range of environments, production systems and markets.

Palgrove shares a similar vision, breeding philosophies and an appetite for data and information and combines these with robust physical attributes to ensure longevity and survivability. The alliance will enable GENEPLUS to offer semen to the Australian market on proven, Palgrove endorsed bulls, backed by both the GENEPLUS and Palgrove brands.

Palgrove is testing the sires in Australia's environment prior to releasing the semen to Australian producers through Rocky Repro,

Suhn's Business Line 30D26 is the first bull to enter Australia under the new partnership. He has 20 sons in this sale which highlights the breeding consistency we aim to achieve from the GENPLUS bulls. Other sires include - Majestic Beacon, Future Focus, CRC Guardian, DMR Eldorado and Suhn's Foundation.

Palgrove also imports embryos from the GENEPLUS program and the first of these are offered in this sale - see Lots 162 & 181. We are excited for the next phase of this partnership with the first females calving in 2021.

Pictured - Imported embryo, CBTradition 63A x Suhn's Ms Ltd 416X10. She will enter the Palgrove donor pen in 2021. An imported Tradition son sells at Lot 162.

ULTRABLACK & BRANGUS BULLS LOTS 111 - 186

We've been breeding Angus bulls since 1989 and in 2009 began breeding Ultrablack in response to client requests for a suitable third breed to use over replacement females in a Charolais X breeding program.

We knew that our clients needed clean sheaths; sleek coats; growth and carcass quality, so we focused our genetic design on these when selecting for both phenotype and objective data.

We have been careful to select predictable Brangus and Angus breeding sires from commercially focused herds with high accuracy Breedplan data.

Performance data:

We see the most sustainable genetic gain being achieved by using practical, commonsense physical selection alongside objective performance data to ensure the best bulls are produced for the next generation.

Our Ultrablack bull EBVs are provided to us as registered animals on the Angus Multi Breed Register (MBR). Only pure Angus cattle are recorded on HBR/APR registers.

When assessing cattle performance it is essential to

always compare 'apples' with 'apples'.

Therefore, we suggest you use the MBR Angus EBV information provided in this catalogue to assess the Ultrablack bulls as a contemporary group only (ie. compare bull to bull within this sale).

Note: If required, any of our bulls can be registered on the Brangus Society's Enrolment Register.

Palgrove is fast becoming a leading supplier of Ultrablack genetics in Australia. We now sell over 500 Ultrablack bulls a year with production continuing to expand annually.

Our Ultrablack breeding program continues to develop, and we now have a larger percentage of generationally bred Ultrablacks (UB4s and UB5s)

Reports from our clients have been overwhelmingly positive - "the heifer progeny mature at an earlier age and fertility percentages have risen markedly".

Also, "the UB steers are weighing heavier earlier than our purebred Angus and we are able to sell them into the same markets, at the same rate"

And this..."the Ultrablacks are outperforming any other tropical cross cattle we've trialed at all points of our supply chain - weaners, background and feedlot weights as well as in the feedlot".

REFERENCE SIRES

SUHN'S BUSINESS LINE (P)

- An opportunity to get in on the ground floor with this offering of the very first crop of bulls in Australia by this proven US sire
- A super impressive bull that is breeding as consistently as any sire we have used & is proving to be a true 'impact sire' at Palgrove
- Ranked in the Top 6% for Retail Beef Yield, 11% for Eye Muscle Area & 14% for low Birthweight in Angus Group Breedplan
- His first 4 sons to sell at our Hunter Valley Bull Sale this year topped the sale at \$26,000 & averaged \$17,750
- His sons will add length & improve carcass, temperament, skin type & consistency
- A whopping 20 sons in this sale including some very special lots.

CRC GUARDIAN(P)

- A landmark sire of the Brangus breed. Guardian's influence can be seen across the globe.
- He is a source of performance and carcass traits and his progeny have really impressed us.
- We have joined him to moderate framed females with great results and continue to use his influence heavily in our program.
- Ranked in the top 1% for EMA & Scrotal Size, 5% for IMF% and top 10! for 200D and 400D weight in Brangus group Breedplan
- Represented by 6 sons in this sale, including 2 Brangus bulls. Take note of the first Ultrablack bull in the ring, Lot 111.

SUHN'S MAJESTIK BEACON (P)

- Currently one of the strongest performance Brangus bulls in the US & one that really bends the growth curve between low Birthweight and high yearling weight
- Considered to be the most proven son of his esteemed sire, Three D, in the US
- His progeny are noted for their exceptional disposition, huge volume, early growth & substance
- Ranked in the Brangus Breed's Top 1% for 200, 400 & 600 Day Weight and Carcass Weight
- Represented by his first 4 yearling sons to be sold by Palgrove and they are impressive

MURDEDUKE EXPRESS M283 (P)

- Purchased as the high selling bull at Mudeduke's 2018 bull sale where he weighed 935kg with a 144cm² Eye Muscle scan at 24mths
- Ranks in the Top 15% of the Angus breed for EMA
- A sire that is phenotypically impressive, with super sleek skin, tremendous carcass & plenty of performance. He will continue to be used heavily in our program

CASTLE KAMAROOKA K412 (P)

- A valued walking sire at Palgrove that consistently produces consistent, moderate, thick commercially relevant Ultrablack bulls
- Ranked in the Top 2% for Rib & Rump Fat and Top 10% for EMA in Angus Group Breedplan
- His sons sold to a top of \$18,000 at our 2020 Bull sale
- Represented by 5 sons in this sale

Quantum is testament to our claim that we are 'raising the bar' in the genetic progression of our Ultrablack program. A perfect bull to kick off this year's sale.

He's an ideal 'beef bull' - Medium framed; sleek skinned; big scrotal, weighs like lead and a great sire's head.

Dam - 3 calves in 3 years with a 357 DCI, within the Palgrove herd. The Glenroy cows have performed beyond our expectations and feature heavily in these top end Ultrablack bulls.

Genomically backed EBV data shows moderate Birth Weight with high positive Scrotal Size; Yield and EMA. Semen share retained.

Acc	69%	49%	64%	64%	62%	65%	52%	54%	49%

This is a 'top notch' pedigree. He's by the US sire, Eldorado, and out of a consistent producing donor female.

The first of our Eldorado sons sold as yearlings, topping at \$16,000 - His sons are moderate Birth weight; early maturity and have sleek skins with a great sheath design.

Dam - an outstanding donor female. Two yearling sons averaged \$15,000 in 2020 and in the same year another son was awarded Supreme Champion bull at the Canberra Royal.

He has an ideal Ultrablack phenotype, that blends carcass; length and skin type.

PC Miss Morgan C117

A favourite in the donor pen at Palgrove - her progeny will continue to pop up in future catalogues. She is moderate framed; plenty of volume; great udder shape and seal like skin. Her calves always wean heavy. Dam of Lots 116 & feature yearling lot by Business Line, Lot 151.

An impressive commercial bull, displaying the ideal Ultrablack type.

A bull with all the carcass and doing ability you'll need to add shape and profit to his calves.

To benchmark our progress, we need to produce genetics that add profit from Paddock to Plate. We hope you can see what our breeding program is aiming for in these UB bulls.

Demonstrates moderate Birth weight and high positive fat cover EBV's.

Big scrotal and great skin type - A versatile commercial bull to add carcass shape and hybrid vigour.

Plenty to recommend in this bull - phenotype, pedigree and performance.

He's a touch more Angus in his phenotype; moderate framed; early maturing; plenty of length and has a big scrotal.

His dam is by Te Mania Berkley who has 5,662 progeny recorded and is renowned for producing low Birth weight, fertile cattle with positive carcase and marbling traits.

Business Line x Berkley - what a powerful combination. A super stylish young bull with plenty of potential.

A Business Line son out of a top producing donor cow who had two sons in last years yearling section to top at \$18,000.

His dam is moderate framed, with plenty of milk and a super sleek skin type. She's a 'no miss' breeding female.

Ramsey is long; squared hiped with great spring of rib and strength of spine. Look at his hige EMA EBV's of 8.3.

Foresee the potential - there's predictability in the pedigree with performance and eye appeal that deserves a double tick.

One of our favourite bulls - maternal brother sells at Lot 116. Semen retained,

We sound like a broken record mentioning the Business Line x Glenroy cross - it has clicked so well and this breeding consistency will be transmitted into your herd.

Like all the Business Line sons, he has excellent carcase shape; length; big scrotal; extra bone and that unique sire appeal.

EBV's are indicating top 10% for Scrotal Size and Yield.

We're very proud of the depth we have in our Ultrablack program to be able to offer bulls of this quality right through the sale.

D: GLENROY G1119 (UBF)

Similar in pedigree and type to the previous lot.

Dam - 3 calves in 3 years with a 385 DCI in the Palgrove herd. The Glenroy females have exceptional fertility.

We are excited for our clients to inject these Business Line sons into their programs.

Quadrant has great skin; ideal sheath design and plenty of length. Looking at his 400 day scan data you can expect him to add Marbling without compromising on EMA.

Sit up and take a look at this bull - a 'hidden gem' late in the sale.

We have always admired his extra style and sire appeal - he's long and thick with great skin, ideal sheath design and constitution.

Texas Star x Te Mania Infinity - two great breeding bulls.

Dam - 7 calves in 7 years and out of the Anvil herd where there is a big focus on carcase quality and feed efficiency - key profit driving traits.

We've worked hard to produce genetics that add profit at all points of the supply chain, from Paddock to Palate, i.e. fertility, weight gain, yield, fat cover and eating quality.

D: PALGROVE M1177

D: Palgrove G92

We selected Future Focus from our Genepus partners in the US - he has been used in our program over heifers.

His dam was a 1st calf heifer. He was born at 29kg, suggesting he would be suited for heifer matings.

A second generation UB that's medium framed with great carcass shape and 'seal' like skin.

His EBV's back up his phenotype - high Yielding (top 8%), with positive Feed Efficiency and EMA and low Birth Weight in the top 12%.

An efficient Ultrablack bull that will benefit you through yield and weight gain.

D: Kajarabie H430

D: GLENROY G111 (UBF)

Alpha M360, is by Texas Star who has had a significant impact on the Palgrove program.

These Glenroy cows have been a great addition to our program - 3 calves in 3 years with a 368 DCI since joining the Palgrove program.

They add multi-generational selection for fertility and quality.

Quicksand leans more towards the Angus phenotype. He's a bull with plenty of weight for age and that extra softness.

	BW	Milk	200	400	600	SS	EMA	Rump	IMF%

Qualifier was a power house at 400 day scanning - ranking towards the top of his group for EMA and Fat Cover with a phenomenal IMF scan of 7.0% at 12 months of age off pasture.

He has an excellent sheath design which is demanded in our Ultrablack sires. He's soft skinned, thick with a medium maturity pattern.

EBV's are positive for Fat Cover and Retail Beef Yield plus a top 9% of the breed ranking for EMA.

A young bull not to be overlooked - we suggest his progeny should hit the premium MSA or EU markets.

Fit this bull into an Angus program to add hybrid vigour 'free lunch'.

BRANGUS

Quigley is a result of an imported Brangus embryo from our Geneplus partners in the US. A full brother has been retained by Palgrove.

There is no more semen available in his sire Three D - we love his ability to add depth of body, fleshing, bone and performance.

He's medium-framed with character to burn - deep ribbed, square butted, stands on good bone with that 'look at me' sire appeal.

An opportunity to get in on the ground floor with genetics direct out of the US.

LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneer's absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.

2. The sale will be conducted on a "Sale" or "no Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "no Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the terms and Conditions herein set forth in so far as they shall apply.

(a) All Sales will be conducted on the basis that the bid price will be exclusive of Goods & Services tax (GST). GST will be added to the bid price after the fall of the hammer for those sales subject to GST.

3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.

4. The auctioneer expressly reserves the right, without giving any reason therefore, to:-

- (a) Refuse to acknowledge any bid;
- (b) Withdraw any lot or lots before or during the sale;
- (c) Exclude any person from the auction venue should it think fit.

5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.

6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.

7. In the event of any dispute in respect to the sale of any lot:-

(i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.

(ii) The vendor and the purchaser shall resolve the dispute between themselves;

(iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and

(iv) no lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.

8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.

9. (a) PAYMENT - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-

- (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
- (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two per centum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.

(b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.

10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.

11. Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.

12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.

13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.

14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.

15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.

16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded.

The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.

(b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the

sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.

17. GUARANTEES OF FERTILITY:-

17.1 BULLS. All bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.

17.3 Claims under Clause 17.1 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.

17.3.1 All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.

17.3.2 Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.

17.3.3 The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.

17.4 LIABILITY OF A VENDOR. Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or to provide mutually agreed upon replacement animals.

17.5 REFUNDS. In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.

17.6 This guarantee shall be voided by the purchaser if -

(a) The animal is returned to the vendor -

(i) in poor physical condition or with any injury;

(ii) tests carried out on behalf of the vendor within fourteen days of such return proved positive to any diseases which may affect the animal's fertility or ability to breed naturally;

(b) the purchaser has collected and stored semen from a bull or embryos from a female.

17.7 In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other monies or interest payable by the purchaser in accordance with these Terms and Conditions.

18. (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.

(b) If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses, or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.

19. DELIVERY - Except at the discretion of the auctioneer no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.

20. In these Conditions:-

(a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;

(b) "Purchaser" shall have the meaning ascribed to it in Condition 1;

(c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;

(d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.

IMPORTANT NOTICE

The selling agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy. All persons who attend the sale do so entirely at their risk and the selling agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.

ACCURACY

Every care has been taken in compiling this catalogue to ensure accuracy of information supplied, but no responsibility is accepted for any errors which may occur. You are encouraged to seek independent verification of any information contained in this catalogue before relying on such information.

BREEDPLAN

Breedplan data is reviewed on a monthly basis and may vary from printing to sale day. Changes to data may occur and alter significantly without notification. We have no control over changes made to ABRI.

ENTRY TO PALGROVE

People entering upon the Strathgarve property for any purpose whatsoever including attendance at the cattle auction do so at their own risk.

We are not liable to you for any personal injury or death suffered by you or for theft, loss or damage to any property caused or contributed to by us or any other person whether caused or contributed to or by negligence, deliberate act or unlawful conduct. "We" or "us" or "our" refer to the owners, their employees, contractors and agents and each of them.

Entry to the property is by invitation for the purpose of inspection or purchase of the sale cattle on offer. Palgrove may request any member of the public to leave the property at any time without warning. Palgrove reserves the right to ask for assistance from authorities should that request be ignored.
