

ESTJAM

POLL DORSET STUD

Selected 2022 Rams [L to R] Lot 3 and Lot 2

12th Annual Sale

Offering approx 60 Poll Dorset Rams

Friday 7th October, 2022 – 3.00pm

**Group of 3 rams at Australasian Dorset Championships.
2100132 SOLD, 210001 (Lot 2), 210009 (Lot 1)**

Estjam: A Brief Overview

Estjam was established in 1998 with the purchase of 5 CFA ewes from Shellal Poll Dorset. Another 11 CFA ewes were purchased in 1999. Estjam quickly expanded to 50 ewes after the purchase of 20 ewes from the Pyree Plains dispersal sale in 2001.

Estjam are currently running around 80 specially selected stud ewes. We have sourced out genetics from Rene, Tattykeel, Baringa, Shellal, Hillden, and more recently Gooramma.

Estjam rams are highly sort after for their clean heads, growth for age, muscle pattern, length and for their typical downs wool. All ewes must be able to rear a lamb each year without supplementary feeding.

Lambs sired by Estjam rams regularly top the market and 90% of them are sold straight off the ewe.

Offering approx 60 rams

including 5 selected & 15 spring rams

- Grass fed (Flock Rams)
- Lambplan & Stockscan recorded
- OJD vaccinated (2nd Gen)
- Brucellosis Accredited No 3584
- Free delivery conditions apply
- Footrot Free

All sale stock offered are grass fed and run under commercial conditions to suit the Western District environment.

All sale stock offered have been vaccinated with 6 in 1 vaccinated B12 and drenched on 20th August 2022. Sale rams are catalogued in reference to weight on 20th August 2022.

**ESTJAM sale is COVID SAFE,
all protocols are in place.**

Selling agents:

Southern Grampian Livestock

Blair O'Toole 0458 690 008

Dylan Praolini 0437 025 737

3% Rebate to outside agents registering their clients in writing 24 hours prior to sale day.
The agent must accompany buyer on sale day and settle for clients within 7 days.

Reference Sires

Gooramma 'Ribeye' 220,
Has progeny nationally (4 states) and
internationally (3 countries).
This is the last drop of Ribeye progeny to
be sold. Fantastic muscle pattern, huge
HQ and loin, good feet and legs.

Top 5% for IMF and ShearF5

Gooramma 102, Used over
'Ribeye' maidens, only
assisted one.
Very good lambing ease sire
with muscle and phenotype
to match.

Top 20% for IMF

ESTJAM 39, used as a ram lamb, sold
to Thunder Hill at 2021 sale.
Lambs have early growth, fat
coverage with eating qualities.

Top 5% for IMF and ShearF5

NEW SIRE: Gooramma 110, Purchased at
recent Gooramma Sale.
Very sound ram with strong Dorset
attributes. Muscle, fat and length.

SELECTED STUD RAMS

LOT 1

ESTJAM-210009

DOB: 4th May 2021

Genomics Tested - DNA Tested

BIRTH TYPE: TWIN

	LOT	Animal ID	DOB	SIRE	B.Type	Width	Depth	Fat	EMA	LW	BWT	PWT	PEMD	PFAT	LMY	IMF	SHEARF5	TCP
Pen 1	1	ESTJAM-210009	APRIL '21	G220	TWIN	104	52	8	41.64	116.5	0.28	11.43	1.45	0.08	1.04	0.04	0.11	128.19
	Purchaser:										Price:							

Comments: Lot 1, born and raised as a twin. This ram has plenty of stretch, width and depth right through the twist. He has exceptional Dorset attributes; short wool, good feet and legs, walks like a train. Great representation of what ESTJAM is all about.

LOT 2

ESTJAM-210001

DOB: 1st April 2021

Genomics Tested - DNA Tested

BIRTH TYPE: SINGLE

	LOT	Animal ID	DOB	SIRE	B.Type	Width	Depth	Fat	EMA	LW	BWT	PWT	PEMD	PFAT	LMY	IMF	SHEARF5	TCP
Per 2	2	ESTJAM-210001	APRIL '21	G220		104	53	9.5	42.44	126.0	0.31	10.75	2.18	0.16	1.34	-0.27	0.80	129.47
	Purchaser:										Price:							

Comments: Lot 2 was Lot 1's pair mate for the entire show season. He was placed 2nd as a lamb at Victorian Sheep Show and has been a very well liked ram everywhere we have taken him. He has structure that you can not fault. Out of a very strong ewe base, 210001 has the power to be a great sire. Check out the depth of muscle down his back leg.

LOT 3 ESTJAM-210072

DOB: 2nd May 2021 Genomics Tested - DNA Tested

	LOT	Animal ID	DOB	SIRE	B.Type	Width	Depth	Fat	EMA	LW	BWT	PWT	PEMD	PFAT	LMY	IMF	SHEARF5	TCP
Pen 3	3	ESTJAM-210072	MAY '21	G102		109	59	12	49.52	135.5	0.37	10.84	1.37	-0.32	1.38	0.08	-0.17	122.55
	Purchaser:											Price:						

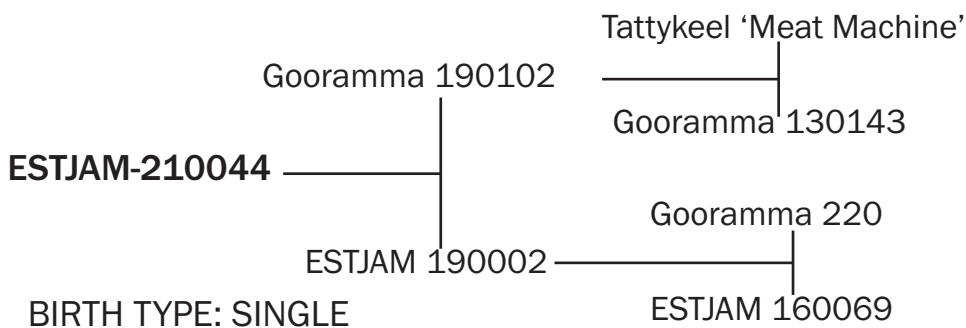

Comments: Lot 3 a very powerful ram that has turned heads for his shear power and grunt. ESTJAM would be retaining this ram if we had more ewes, His phenotype, structure and genotype is second to none. You would be hard pressed to find a HQ bigger than his. Bare points, excellent feet and carcase data to match.

LOT 4

ESTJAM-210044

DOB: 18th April 2021 Genomics Tested - DNA Tested

	LOT	Animal ID	DOB	SIRE	B.Type	Width	Depth	Fat	EMA	LW	BWT	PWT	PEMD	PFAT	LMY	IMF	SHEARF5	TCP
Pen 4	4	ESTJAM-210044	APRIL '21	G102		106	54	9	44.07	121.5	0.38	9.74	1.58	-0.04	1.43	0.06	0.55	123.68
	Purchaser:										Price:							

Comments: Lot 4 a 3/4 to Lot 3, stand out since he was a lamb. Out of a very good Ribeye daughter who has weaned 90kg of lamb aged 11 weeks old (twins), 210044 has capacity, depth and length that is hard to beat. He will be an asset to any breeding program or to produce those early suckers.

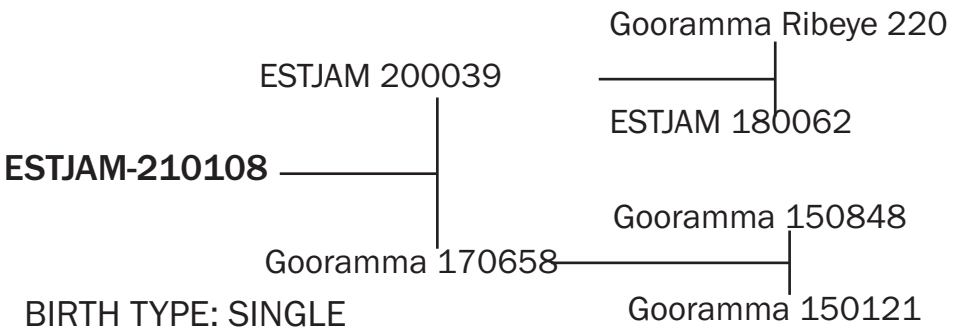

LOT 5

ESTJAM-210108

DOB: 20th July 2021

Genomics Tested - DNA Tested

	LOT	Animal ID	DOB	SIRE	B.Type	Width	Depth	Fat	EMA	LW	BWT	PWT	PEMD	PFAT	LMY	IMF	SHEARF5	TCP
Pen 5	5	ESTJAM-210108	JULY '21	E39		99	49	7	37.35	90.5	0.33	9.80	1.55	0.08	0.87	0.20	-1.97	132.26
Purchaser:										Price:								

Comments: Lot 5, the youngster of the team. From day one he has been a stand out in the spring drop rams. He has that early growth, moderate frame and thickness that we love to see in our dorsets. By 200039, sold to Thunder Hill who has produced some easy lambing, suckers with eating qualities. 210108 is in the Top 5% for both eating qualities!

(Right)

Progeny of GOORAMMA Ribeye

The Inversion Layer

The 'inversion' layer is a soft layer of fat. It is situated between the muscle of the sheep and the hard fat layer before the skin. This soft layer of fat is extremely important for lamb survival, minimal shrinkage when weaning and selling lambs for slaughter.

Larger Inversion layers mean your lambs will stay fresher for longer and newborns will be able to cope with harsh Western District weather patterns. 10mm of fat or more is highly desirable for this trait, which Estjam has aimed for.

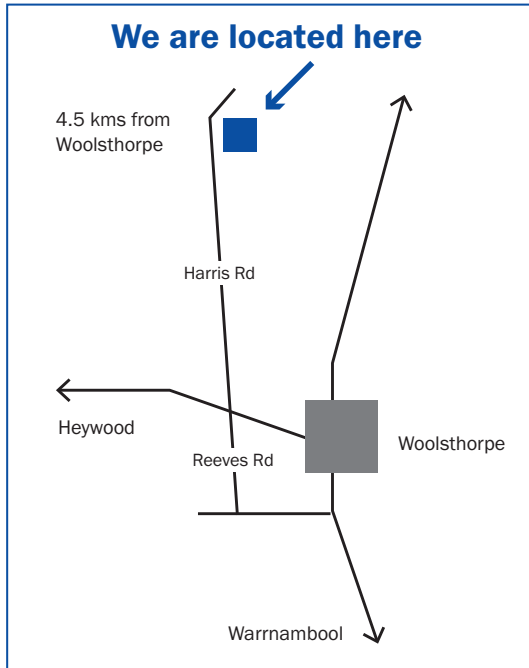

Sample of 2022 sale rams

"The Estjam rams not only scanned exceptionally well for eye muscle depth and width but display excellent paddock doing ability in their fat depths to produce easy finishing lambs.

Paddock raised structurally correct Dorsets and I am very happy to recommend Estjam Poll Dorsets for your stud and commercial purchase."

Regards Nick Lawrence, owner of Livescan ultrasound services.

Due to COVID-19 Social Distancing Measures will be observed at the sale.

The sale will also be livestreamed and hosted by Auctions Plus.
Please do not hesitate to call one of the team if you have any questions prior to the sale.
