## **WELCOME TO OUR SALE**

A warm welcome to everyone who has expressed interest in both our sale and breeding programme. We believe visual appraisal of sheep is imperative while performance data is used as a tool. All breeding stock is graded based on physical traits. Particular attention is placed on doing ability, structural correctness, length and depth, muscling, ease of lambing and wool cover and type. By breeding rams that demonstrate these attributes lambs can be produced which have better dressing percentages in adverse seasonal conditions, therefore returning more dollars per kilo for our clients. Our aim is to produce paddock reared rams that will continue to thrive whilst they are working. All rams on offer are of the highest quality, bred for the serious lamb producer. Don't hesitate to contact us if further rams are required at the completion of the sale or at a future date. We take this opportunity to thank our valued clients, agents and friends for your friendship and support and look forward to your assessment of our sale team.

Wishing everyone a safe journey back to your homes.

Yours Faithfully The Treanor Family
