Lynwood Border Leicesters

At Lynwood Border Leicesters our breeding strategy is to strive for continuous improvement in all areas of sheep production to produce an even line of high quality Border Leicester rams. Since the Stud's inception in 2010, we have used flock breeding values to further our breeding objectives while also placing a high priority on visual appraisal when classing our sheep.

This year's sale rams were scanned on the 24th September 2022 by Trevor Pearce Scanning Services for Fat Depth (yfat) and Eye Muscle Depth (yemd) with the rams averaging 4mm in fat depth and 29mm in eye muscle depth. These raw data measurements are an indication to buyers of what the rams can potentially pass on to their progeny and for us as a Stud, confirmation of continuous improvement in our breeding objectives.

We are very happy with the rams offered for sale this year. They have progressed well despite what has been a difficult season for young sheep and they show great potential for further growth as they age and as we head into the warmer months. We thank you for your continued support and welcome any new buyers to our sale this year.

Our sale will be again interfaced with AuctionsPlus. Videos of all lots will be available on AuctionsPlus in the lead up to the sale.

Ram Husbandry

- Brucellosis Accreditation OB TR
- Flock Number 4081
- Vet checked by Wellington Veterinary Surgery, 23 September 2022
- All rams are Gudair vaccinates
- 6in1 (B12) at lamb marking with booster at weaning
- Shorn and treated with Encore Pour On 5th August 2022
- Last Drenched with Q Drench on the 25th September 2022
- Last 6in1 on 22nd July 2022
- All rams offered for sale were born between July and September 2021

We recommend bringing any rams purchased into line with your flock health and husbandry practices.

Sires used in 2021

The rams offered for sale have been sired by Lynwood sires and sires we have purchased. Each ram has a coloured button on the back of their tag which represents their sire.
