Kaya 170783 T5 Clean shedding, good muscling excellent fee

Melashdan TOP Lambing Ewe Group - highlighted in Blue

These ewes have weaned lambs in April 2021, October 2021 and again in April 2022.

That is they have weaned lambs three times in the last 18 months and are due again in late October.

This is a focus at Melashdan, but not all ewes get the chance to lamb twice like those use in an AI programme for example.

A Melashdan stud ewe must wean a lamb every year and perform well.

Melashdan White Dorper Stud WD537 establish in 2008 **Melashdan Dorper Stud D537** in 2015

A big thanks to Matt & Kylie from **RABOBANK Port Lincoln** for sponsoring our Ram Sale by providing the food and refreshments. Much appreciated.
