From the Anden Stud

Welcome to the 27th Annual Anden Stud Sale. We are thrilled to present another outstanding line up of quality rams and ewes, with the best genetics to suit our clients' needs and to continually strengthen the sheep industry.

Our on-property auction will be interfaced with AuctionsPlus for the entire sale. We trust this platform will give all potential buyers the opportunity to purchase from the Anden Stud.

Congratulations to those flock ram buyers who have had much success with their lambs again this year. With varied environmental conditions and market pressures, it is more important than ever to purchase "genetics you can count on".

In July, Joel had the privilege of judging the inaugural UltraWhite competition and the cleanskin interbreed section at the 2022 Bendigo Sheep and Wool Show. It was an absolute honour to judge the first showing of the breed. We look forward to competing with and promoting the UltraWhites at future shows and events.

The Hamilton SheepVention returned in full swing this season, with Anden Stud proudly presenting a display of White Suffolk & UltraWhite rams in the Technology Tent.

On printing the Sale Catalogue, Andrew is heading to the Adelaide Royal Show with a team of White Suffolk Rams. It will be very pleasing to be back in the Show arena and catching up with fellow breeders again.

This year we offer 255 lots comprising of Specially Selected White Suffolk Stud Ewes and Rams, White Suffolk Flock Rams, followed by UltraWhite Flock Rams. All with outstanding LAMBPLAN figures, structural integrity and breed type. As always, we continue to pride ourselves on selling only the best that our breeds have to offer.

On a personal note, we are excited to welcome Ashlee and husband Laurence's first baby, due during Sale week. We wish them all the best for the exciting times ahead.

We hope this finds everyone safe and well. Thank you for your interest in Anden Stud and we look forward to seeing you on October 6th.

Kind regards,

The Donnan Family.

Flock History

Anden White Suffolks

The Anden White Suffolks, Flock No. 91 was founded in 1989, by Andrew and John Donnan. Initially using Suffolk ewes from Kerangie and Stone Haven Studs and have built a sire base, introduced from top White Suffolk Studs and breeding elite Anden White Suffolk rams. In 2016 John (86) sold his share of the Stud to Joel Donnan. Joel grew up on the farm and has worked full time since 2011. Joel's sheep knowledge and insight will be instrumental to the Anden Stud's future. Anden was built on a passion to provide the best genetics to breeders and continues to strive for excellence. Results at market reflect the enhancement that the Anden rams have given to previous buyers. We have had much success at the Royal Adelaide Show over the years and acknowledge the Stud's achievements.

Anden UltraWhites

2017 saw the start of a new era, with the marketing of the Anden UltraWhite Stud. Andrew and Joel had been quietly working on producing a consistent line of composite White Dorper/Poll Dorset cross rams since 2010 with goal of producing sheep with good fertility, low-moderate birth weights, good growth and sound structure. The UltraWhite breeding came from the result of using high performance, elite White Dorper genetics over our best performing Viewdale Poll Dorsets along with UltraWhite semen purchased from WA. What is produced is a good muscling, high yielding carcass across medium-heavy weight carcasses, animals with the right amount of fat, ability to maintain exceptional do ability and hardiness with good shedding ability.

Early 2021 saw the launch of the **UltraWhite Sheep Breeders Association of Australia Inc.** with the new breed taking on breed code 24 and Anden receiving flock code 0002.

The work that has gone into setting up this breed has been a pleasure to be a part of with Joel holding a spot on the foundation committee and assisting in the breed's launch.

Due to the new terms and conditions to be abided by within the USBAA foundation, we have recognised that the status of our flock is still progressing towards purity. This means many of our stud UltraWhite ewes have not yet reached pure status. The way forward for us at Anden is to use 100% pure UltraWhite rams to increase the generational turnover within our breeding. This is something we have under control with every ewe on our farm having a calculated Generation Grade that we will track and upgrade through her progeny. Until then her progeny will be an F1, F2, F3, F4, F5 and still registered under the CT (Commercial Terminal) breed code. Once the individual animal reaches F6 (Pure Status) they can then be registered as an UltraWhite under breed code 24.

We endeavour to keep progressing our genetic turnover and eventually have our whole flock pure UltraWhite. We have done a mountain of work to produce elite animals to the highest quality. We will continue to stick with the proven flock we have making sure we keep delivering the top performance genetics that we are proud of on our way to purity. Stick with us on this journey, we believe we can upgrade and still hold onto the exceptional breeding we have already created.

At Anden Stud we aim to breed the best performing and profitable animals for our valued clients, with every animal on our farm fully pedigreed for the last 30 plus years along with ASBV's since their existence. Something we are very proud of.
