Australia's Livestock Marketplace

2023 ANNUAL BOORAGUL BULL SALE

13th July 2023 • 70 LOTS

Welcome To Our Booragul Angus Opportunity Sale 2022

With the recent bull selling season being so strong with high demands for Angus bulls we have taken the opportunity to present a select run of young sires for those of you who are still requiring bulls. We are also giving you the opportunity to purchase 18 heifers who are all eligible for Angus Registrations. Whilst we have selected our own group of heifers to retain in our herd, these heifers are of excellent quality that would more than compliment any commercial or stud operation. Bidding is per animal to be sold as two head (with the exception of one lot of four head), no lots are to be split. Due to the current wet conditions, we are more than happy to work with purchasers and hold livestock if necessary.

TRANSFERS

All bulls will be transferred to new ownership free of charge.

All heifers are being sold as commercial, with the option to upgrade individual heifers to Stud Status for an additional \$500/head. Following purchasers' instructions, this additional fee will be added at the time of invoicing. We ask could you please ensure we have all transfer details, including herd ident to make this process easy.

JOINING DETAILS

All heifers are an average age of 15mths and sold unjoined.

PHOTOS AND VIDEOS

Photos and videos were taken on 25/10/22 and as you can see due to a prolonged winter our cattle are still in the process of getting rid of their winter coats. These are available on our website and AuctionsPlus.

SALE DAY ATTENDANCE

This sale will be a video selling platform, with all lots being penned for inspection followed by an 11am auction start time. The auction will be held adjacent from sale pens with all lots being displayed on video screens whilst bidding proceeds. This will be run in conjunction with Auctions Plus online bidding.

ALTERNATE BUYING OPTIONS

If you do not wish to attend but still want to bid, the following methods are available:

1. Auctions Plus- please ensure your registration is completed prior to the sale.
2. Engage your local agent to bid on your behalf
3. Contact the selling agent Elders, to take advantage of phone bidding.
Refer to front page of catalogue for all contact details.

PRE-SALE REGISTRATION

Pre-Sale Registration is available on our website or through selling agents.

REBATE/GST

2% rebate to outside agents introducing buyers in writing 24hrs prior to the sale, attending on sale day and settling account within 7 days. Prices for lots sold will be GST exclusive at the fall of the hammer and 10% will be added at time of invoice.

HEALTH

All bulls have been vaccinated for Vibrio, 7 in 1, Pestivirus, drenched and backlined. They have been tested free of Pestivirus. Booragul Angus Stud is located in a Bovine Johne's Disease protected clean area. Booragul Angus is JBas7.

FERTILITY

All bulls have passed a crush side semen test performed by Piper Street Veterinary Clinic on 20/9/22.

SALE INFORMATION

PINK EYE

You will notice the odd lot is carrying the remainder of an old pink eye scar. I have worked with all lots concerned, and I am comfortable that vision is sound and that there are no problems.

INSURANCE

There is no vendor insurance on any lots. It is the responsibility of the purchaser to insure their lots. Information is available on sale day to offer immediate cover.

INSPECTION

Feel free to contact myself or your agent to arrange a suitable time.

CATERING

Catering will be provided

AIR STRIP

A sealed air strip is available 1km from our sale location "Downfield". Should you wish to use this please contact the vendor.

L-R: Hayden, Margaret, Tim & Amy Vincent

SALE DAY SAFETY

• PLEASE READ •

Visitors enter pens at their own risk. Children under 16 are not permitted to enter pens.

At Booragul all care is taken to ensure livestock pose minimum threat to our clients, our staff and us. However, we cannot predict nor guarantee their behaviour.

All the Sale Lots have been assessed for temperament and are quiet to handle under normal circumstances.

Unfortunately sale day places abnormal pressure on animals as they are not used to having a crowd of people around them, and so the behaviour of even the quietest can be unpredictable. With this in mind, we please ask that while inspecting the Sale Lots you treat them with respect and don't over crowd them.

Bulls may also fight in the pens and at these times they are oblivious to people who may be in the way.

* The percentile bands represent the distribution of EBVs across the 2020 drop Australian Angus and Angus-influenced seedstock animals analysed in the November 2022 TransTasman Angus Cattle Evaluation .

DISCLAIMER AND PRIVACY INFORMATION

Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

: DNA verification has not been conducted.

E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following idents.....
