# Welcome to our 14th on-property Production Sale

## May These Good Times Continue!

2021/22 has seen cattle profitability outstrip most other enterprises, and because of low numbers and a moderate build up happening it is hard to see anything more than just a slight relaxation in present prices.

It seems to make sense in times like we are experiencing to try to maximise returns.

Having had experience commercially running numbers of most breeds we feel we have some feeling of where they are at.

Winning the 2021 Gate to Plate challenge also gives us some confidence in our breeding objectives.

We can sincerely say that the Gelbvieh we used to breed, and now even more so the Gelbvieh we are now breeding, can improve the big ticket items of any herd they are used over – in today's figures this can easily mean \$100-\$200 per calf which will pay for the bull very quickly.

On top of this we are very confident our hard working and structurally correct bulls will produce a functional, efficient hardy and long lasting breeder that will give you extra production year after year.

The sale bulls have come through a very competitive selection process, are well vaccinated and tested, and have been fed pellets only since early January.

We thank you for coming and hope you find something to your liking in our offering.

John Pugh

## **Bull Information and Care**

**Bio Security:** J-BAS 8 accredited.

**Herd Health:** The bulls have all been tested free of pestivirus and have been fully vaccinated with Pestigaurd, UI-travac 7in1, and Vibrovax. They have also been given Multi-min and drenched in early February.

**Semen Testing:** Semen testing was conducted on February 8, 2022 and all bulls in the sale were deemed fertile and fit for service by the Nutrien Breeding services team.

**Guarantee:** All bulls offered in the sale are guaranteed to be fertile and capable of natural service at the date of sale and for a period of six months following. This guarantee does not cover injury, disease or death. The vendor retains the right to request veterinary confirmation of any claim.

**Insurance:** The insurance risk of animals sold at auction transfers to the purchaser at the end of the sale. This includes animals remaining at the vendor's property. Buyers are advised to insure their animals at the completion of the sale.

**Delivery:** The vendor will deliver bulls to local buyers as well as all areas of the lower great southern within a 150km radius. We can assist in arranging to get your bulls to most other major centre's please discuss with us at the completion of the sale.

# STAR BREEDER PROGRAM

## GIVING CONFIDENCE TO BREEDERS AND BUYERS

### Seller Certification

Registered Stud and Commercial STAR Breeder Program sellers certify that each bull, heifer or mob has been:

- ✓ Vaccinated against Pestivirus (with Pestigard) to ensure they are protected from the effects of this infection
- ✓ Vaccinated against Leptospirosis (with Ultravac 7in1) a serious disease of cattle and WH&S risk for cattle handlers
- ✓ Vaccinated against Vibriosis\* (with Vibrovax) a sexually transmitted cattle disease (\*bulls only)
- ✓ Given two (2) vaccinations to ensure they have immunity established prior to leaving their property of origin
- ✓ Issued a STAR Breeder Program Certificate – valid for 12 months

### Additionally Stud Breeders:

- ✓ Certify that each bull or heifer has been tested to show that they are not Pestivirus Persistently Infected (PI) animals.
- ✓ May also wish to certify and record on their certificates any additional vaccinations, testing or programs conducted e.g. BEF, tick fever, botulism, VBBSE or genetic testing (HD 50K, i50K, Clarifide or SireTrace)

### Need help with vaccinations or the STAR Breeder website?

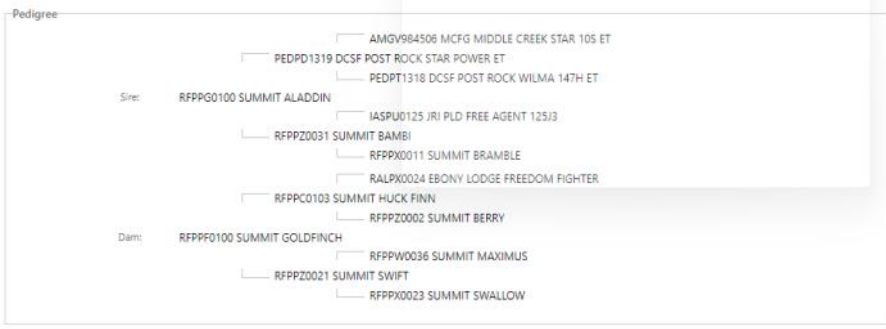

Zoetis has a large team of veterinarians and skilled representatives to deliver vaccine, parasiticide management, reproductive and genomic programs to best suit your management practices.
