### **KIRRAWEENA HEREFORD STUD**

Kirraweena Hereford Stud was founded by the late Fred Bush in 1953, with a bull from the Glenelvie Stud and 2 females from the Bywong Stud, for the purpose of improving the commercial cattle he ran in conjunction with his father Sam and brother Rodney.

Two years after forming the Stud, Fred took his first cattle to the Sydney Royal Easter Show. He believed that the nearly 3 weeks (as it was then) mixing with the best Stud breeders in Australia would be the best place to learn.

Kirraweena cattle have been exhibited at every Sydney Royal Show since that first outing.

Commercial attributes were always top priority and with the use of seven Cuppa bulls in a row, rich in Vern (English) blood, they produced a line of easy doing cattle of a rich ruby red colour with females having plenty of milk. The easy doing ability and plenty of milk was necessary at "Greendale", Dalton. It was a fine wool property, situated 50 km east of Yass in Southern NSW. With the rich colour came softness and quality which the butchers still seek today, as before the technology now used, this was an indication of the eating quality of the meat.

Kirraweena has taken out numerous hoof and hook awards at both local and Royal Show level in mainly supermarket weight (300-420 live) classes.

The Kirraweena females are probably what the stud is best known for. A large number of both Hereford and Poll Hereford Studs have purchased heifers.

After the sudden passing of Fred in 1997, the partnership with Rodney was dissolved and the Kirraweena Cow herd was moved to Geoff & Heather Bush's property, "Glenholme" at Cootamundra.

Stud sires used in recent years have come from Bowmont, Curracabark and Lotus. In 2021 Karoonda Warship was purchased and has been joined to the Kirraweena herd.

In addition, AI programs have been conducted with the Kirraweena females being joined to Kirraweena Lehmann, Glenholme McLean and Sugarloaf Houston and in 2018 a sire Trillick Hotspur was imported from Ireland and used across both Glenholme and Kirraweena studs. An imported bull from New Zealand, Pute Nascar has also been used in recent programs.

### **GLENHOLME**

Glenholme was founded by Geoff & Heather in 1993. Formed with the purchase of 12 cows and 3 heifers from Don & Judy Maclean's Strathglee Stud at Moss Vale and later with females from Kirraweena, Tumulla (Max and Margaret Peel) and Lysten Stud. Females from the Field's Tiverton Stud and Smithston have been purchased.

Sires used in recent years include Bowmont Winchester, Curracabark Junee, Lotus Larsen and Glenhome McLean.

A Poll Hereford herd was formed in 2003 to breed good commercial Poll Cattle. Bulls used have been Gunyah Lion, Braybook Braxton Y243, Valma Landmark, Valma Ollie and Tycolah Majestic and Doodle Cooma Magnate. Rose View Quigley was purchased in 2021.

AI sires used in the Poll Herefords include Rilo Park Unshakeable, Kidman Think Big, Allendale Vengeance and Minlacowie Griffin.

Glenholme & Kirraweena Stud are currently joining 160 females annually.

## **UNJOINED HEIFERS**

Please note that heifers will be sold on a 3 hammer system. The person with the highest bid will have the option of taking from 1 to all heifers in pen. If they only take a part then the rest of the pen will be re-offered. The same will apply to the person with the highest bid the second time – either all remaining heifers or heifers of their choice. If they choose only part of what was on offer then the remainder of pen would be sold a third time and if there are some remaining they will be sold on the fourth and last fall of the hammer. A \$15 transfer fee will be added to purchases if needed to be transferred (for stud use). Transport can be arranged.

Heifers will be preg tested empty prior to the sale. Every precaution has been taken to ensure that the bulls are not with the heifers.
