TAMAROO ANGUS F

Dear Breeder,

We are delighted to invite you to our 20th annual autumn bull sale.

We are proud to present to you an exciting line-up of 17 quality performance recorded bulls grown on our Cygnet property in Southern Tasmania. Our stud is a 7th generation family owned and operated business.

With the strong demand for angus bulls at hand today, we continue to make sure the quality of our bulls is second to none and any animal that doesn't meet our strictly monitored selection criteria is culled. Our aim remains the same, to produce high quality bulls with a genetic profile which is very fertile and functional with high growth rates and a moderate maturity pattern, without forgetting the importance of carcass quality and performance. "We have always had strong focus on temperament calving ease, great feet and structural soundness".

With the exceptional livestock market over the last few years and high prices at this present time comes more responsibility to us as seedstock producers to deliver up to date market relevant genetics to our commercial breeders, our bulls are bred to suit these clients' beef production programs and market requirements. With the restocking rate of Australia's herds on the rise, we are happy to sell our bulls nationwide with confidence.

Tamaroo's breeding herd consists of 150 low maintenance Angus females. These have all earnt their place in our herd and have the genetic ability to complement and improve our clients' breeding programs. These females are run under commercial conditions and high stocking rates to mirror our commercial clients' breeding conditions and easily identify any underperforming animals.

We are proud to be offering another strong line of quality bulls in this year's sale. These bulls include some performance bred (AI) sons, representing some industry leading AI sires used in our 2019 (AI) program. These sires are extensively studied on their performance, phenotype and EBV's and are handpicked to further enhance our studs' genetics. AI sires include:

- KO 2240 Next Step N106 who is out of the famous Wilcoola Australian cow family backed by some of the breeds elite sires, his progeny are large framed, fast growing cattle with an exceptional B muscle score that's hard to miss. Extremely good combination of EBV's, structure, phenotype, and docility.
- T C A Visionary 158 who has earnt a reputation for breeding functional and efficient females with excellent udders across multiple countries. His progeny in our herd are smooth coated with exceptional carcass quality and massive eye muscle area. We have used him in our breeding program for his ability to increase body capacity and width of base to our cattle.
- Other AI sires to note are: Landfall Keystone K132, Musgrave Apache, Sydgen Enhance and Byergo Titus 6340.

We are very impressed in the way the sale bulls that are sired by our own home bred Tamaroo bulls are performing alongside these AI sons, this gives us confirmation that our genetics are also ticking all the boxes. These home-bred sires have great disposition, they have been bred from the heart of our autumn breeding herd and produce easy doing cattle to withstand a range of Australian conditions at hand today.

All cattle are:

- Tested free of Pestivirus
- Vaccinated according to recommendations with Pestigard and Vibrovax prior to sale
- Inoculated
- Drenched with Eclipse pour on 12/02/22
- Scanned & structurally assessed by Bovine Scanning Services Pty Ltd (Roger Evans) 9/01/22
- Semen tested and have had their penis checked by Robertson's livestock Service 12/02/22

"All bulls are genomics tested to further confirm their genetic ability in the paddock and on the hook".

Good relationships with our clients are essential to our business, we enjoy hearing our clients' breeding outcomes and welcome feedback every year.

We appreciate you taking the time to view our catalogue and hope you will be able to attend our sale. The sale will also be available online through Auctions Plus. Please don't hesitate to contact us if you have any questions.

Warm Regards

The Harvey Family

Guarantee

To the best of our knowledge, the bulls offered are sound order at the time of the sale.
