DUNROAN SHORTHORNS

ESTABLISHED 1953 ~ THE HOME OF TASMANIAN CHAMPIONS

WELCOME

Welcome to the 2022 Dunroan Production Sale. As many people could understand it would have been easier to have not held a sale this year as a result of the passing of our beloved daughter and sister Catie. However, to honour her memory and as a mark of respect to her, we present to you this line of cattle.

Passion for breeding quality Shorthorn (Durham) cattle be traced back to the 1890's by our Loane forefathers, and they, like us, have endured hardships and continued on. We present to you the opportunity to share in our love for breeding top quality cattle with the traits we recognise and appreciate, good frame, good feet, easy doing, well-muscled and with good temperaments. So from our past, we look to our future and commend Emily for having the drive and resilience to create this catalogue in its entirety and trust it is a true reflection of the quality of the offering we present to you, our buyers today.

On offer we have 8 bulls with the main sires represented being Nagol Park ELMT Lotto L254, Tarraganda TG Night Rider N13 and by Al Bayview Archer M15. We believe the bulls offered are one of the most even lines we have offered at our sale. These bulls have been semen tested by Damon Englund of Deep Creek Cattle Services.

The females represent characteristics typical of Dunroan females, being large, roomy, easy doing and showing femininity. The two heifers have been pregnancy tested by Damon Englund of Deep Creek Cattle Services.

From today forward we continue to put the past behind us, and refocus on securing new genetics to complement our herd, and wish our purchasers and underbidders every success in their future direction. We appreciate your continuing support, friendship and repeat business.

Sincerely

Phillip, Richele and Emily Loane

The supreme interbreed champion the show

Shorthorn beef winner earns judge's praise

SHORTHORN beef cattle shown by E. D. Loane & Sons, of East Devonport, were exceptional quality with outstanding length, judge Mr A. Cowan, of Red Hills, Hagley said yesterday.

Mr Cowan, said the supreme champion interbreed cow, Dunroan Helena 52nd, which also won the champion cow award, was true to type.

"A beautiful animal to touch which had great length and stretch," he said. She is by Lochinvar Beverley from Dunroan Helena 22nd.

"The quality of the cattle shown by the Dunroan stud exceeded my expectations," he said.

"They were beautiful stock," he added.

He said the reserve supreme bull, Dunroan Quality, from the dam Dunroan Symphony and the sire Hartwoud Quality, had the bearing and build of a champion.

Snowflake

"He displayed the characteristics of beef to perfection and is just what the commercial breeder looks for in a breeding sire," he said.

The champion bull, Romane Snowflake had his first outing for the stud of

Messrs M. D. and M. J. Jubb and Son, of Burnie.

Mr Cowan said the bull from Romane Sunflower, by Brickport Gallant, a local-bred bull, had the qualities of an outstanding animal.

"His conformation was good, he was stretchy and had a good spring of rib, something I looked for in all the beef breeds," he said.

Mr Cowan said that the champion, just under 18 months old, had great potential and as he matured he would pass on the qualities most needed in the trade to his progeny.

8 — The Tasmanian Farmer, January 11, 1973

GRAND CHAMP

The Supreme Grand Beef Championship of last week's Campbell Town Show went to this young beef Shorthorn bull Dunroan Satisfaction shown by E. D. Loane and Sons of East Devonport.

Advocate - June 19, 1975

Loane shows champion bull

LAUNCESTON — Mr E. D. Loane, of Loane and Sons, East Devonport, exhibited the supreme champion in the cattle section for the second year in succession at the Campbell Town Show yesterday.

He said the winning animal, "Dunroan Talcum", which celebrated his second birthday on Tuesday, was no relation to the winning bull last year.

He said the cattle market presently was in the doldrums, but he was confident eventually it would come right.

A cold, sunny day attracted a record crowd to the show.

Takings were \$686, compared with the previous best of \$477 last year, and on the first day on Tuesday another \$71 was taken when a charge was made for the first time.

The judge for all cattle breeders, Mr Noel Williamson of Carisbrook (Vic.) said he was pleased with the quality of the cattle presented, particularly considering the show was orientated towards sheep. He said "Dunroan Talcum", the supreme champion bull was a wellgrown bull standing over plenty of ground.

He said the Angus bulls were low in number, but high in quality.

In the Poll Hereford section, he said the animals were all top quality and well presented, especially considering the dif-

iculties at this time of the year. In the Devon class, they were represented by younger bulls which showed promise.

A foundation member of the Poll Dorset breed in Australia, Mr L. A. Stuart was the champion of champions.

He also repeated last

year's success in winning the champion ram and champion ewe in the same breed.

The judge Mr K. Moore of Campania, said the reserve champion ram shown by Mr D. A. Elliott from Deloraine was well fleshed, but did not have the head of the champion.
