She has been haltered trained and was to be exhibited as a calf at foot at the cancelled Melbourne Royal Show 2021. Blowers, clippers, wash bay, leading, show cane - its all been done. Sired by Ganado Tayto, a bull who is really making his mark as a top quality and highly sought after bull amongst breeding enthusiasts, Eramoo has all the traits that Tayto stamps on his calves, good nature, excellent structure, great feet and that signature "Tayto butt". Her dam is an outstanding cow who has been awarded many Champion and Interbred awards at local VIC ag shows and she goes back to the well-regarded Saber and Monterey studs. Pesti tested negative, drenched, vaccinated 7in1, vet checked, all trace Rumen Mineral Bolus applied and active until September 2022. At only 12 months of age, Eramoo S3 is a heifer to get excited about. Truck/Trailer access available, transport to be arranged by negotiation.</p>		<p>Category: Unjoined heifer Genetic Status: CA-Free by Inheritance PI-NEGATIVE</p>		<p>\$ Index Values</p> <p>Vealer Terminal \$ +\$32 Super Market \$ +\$28 Heavy Grass\$ +\$41</p>

Born: 17/06/2016 **Category:** Cow & calf
Colour: Grey **Genetic Status:**
Location: Pemberton WA
Notes: Deep bodied, easy doing daughter of Hudson H296. Hudson's daughters are special and are rarely offered, being tremendous breeders of quality calves with that bit of extra style and lovely milky udders to finish them even in a tough season. Top 1-5% for 400 day WT, Top 5% 200 day WT, Top 10% milk. Daughter retained. Her silver heifer calf at foot is outstanding considering the long, hot, dry summer and tight feed conditions. SH calf MONTEREY ANNABELLE S172, DOB 23/6/21, sire Melaleuca Pharoah P111 (Top 5-10% 400day WT, Top 10% EMA). Rejoined to Monterey Monarch M278 (Maternal brother to Monterey Limitless L198 and Top Price bull at the 2018 MONTEREY WINTER SALE) from 5/8/21 to 3/10/21. PTIC

One of the world's best secrets is how good Murray Grey beef is.

It is time to share it with the world and reward the work of carcass winners.

There has been a generous donation from Mrs Joan Heard & the Late Muriel Morrish – Rockyleigh Murray Greys of considerable funds toward the promotion of the Murray Grey breed and in particular carcass competitions held at Royal and recognised Agricultural Shows as per the following:

- \$200 prize money to carcass competition class winners' provided that the winning carcass must be the progeny of a registered, purebred Murray Grey female or bull.
- The entrant must notify the Murray Grey Association Australia Inc (MGAA) of their entry including the sire or dam that is the purebred prior to closure of entries.
- The carcass competition must be run by a registered Agricultural Show or acceptable beef promotion competition. The winner does not have to belong to the MGAA.
- The prize winner must agree to featuring in promotional material supporting the class win.
- Once the entrant is deemed a carcass class winner, a copy of the result is to be forwarded to the MGAA and the MGAA will confirm this and send it to Rockyleigh to claim the prize money.
- The MGAA will then forward the prize money to the winner.

Please contact me if you require any further information as per the details below.

Born: 05/03/2017 **Category:** Genetic lot- Flush
Colour: Grey **Genetic Status:**
Location: Breakaway Creek Vic
Notes: An opportunity to purchase a flush from the heart of the Prairie Falls herd isn't something you want to miss out on. Prairie Falls Bettina N6 is a cornerstone female of our herd, she is naturally deep bodied with plenty of rib and easy fleshing thickness that makes her the high capacity matriarch we love. She carries herself freely with fantastic feet and leg structure. PF Bettina N6 was commented as a "breed changing female for the Murray grey breed" N6 was awarded Grand Champion MG Female at the Sydney Royal show 2022.
 All costs involved with the flush are to be met by the purchaser. The flush will be carried out at the convenience of the cow, vendor, and purchaser. Flush can happen on farm at PF after N6 calving in the spring. Vendor guarantees a minimum of 4 freezable embryos. Payment to be made at the commencement of the program.

Born: 16/08/2018 **Category:** Genetic lot- Semen
Colour: Grey **Genetic Status:** SNP typed
Location: Armidale NSW
Notes: 2020 Mike Traynor Award winner, covid 5 star online show champion Murray Grey bull and 2020 reserve champion Armidale interbreed bull.
 Tintara Pedro sold for the 2nd top price at The Top Of The Range Murray Grey Sale in 2020. This sire has much to offer with his scanning results at 20 months old (measured 9/7/2020): scrotal 47cm, P8 15mm, Rib 10mm, EMA 135, IMF 7.1% and sale day weight of 940kg.
 Pedro is a consistently smooth, structurally correct bull. The quality of his carcass, we feel is one of the many attributes this sire has to offer.
 Semen stored in private tank.
 We can assist with freight. Contact Kareena on 0476 243 333 for more details.

70 **20 STRAWS SEMEN- MONTEREY BLOCKBUSTER B75 (PB)** **Ident: GJB B75** **A/C: CM WINDSOR & DG MONLEY**

Born: 03/04/2006 **Category:** Genetic lot- Semen
Colour: Grey **Genetic Status:** SNP typed, MiP typed, CA-Non Carrier
Location: Gidginbung NSW
Notes: Junior & Grand Champion Murray Grey Bull 2007 Perth Royal Show and top price bull at the Monterey 2008 annual sale.
 He was a bull of magnificent scale, without sacrificing structure in any way. Perfect hoof shape, neat pizzle, large testicles, combined with incredible length, pelvic angulation and shoulder set up make him a unique bull. The neck extension and shoulder set up that he passed on to his daughters is second to none. Pictured are just three examples of his daughters. 13 years ago when we had our first drop of calves by him, the entire game changed for us as a stud. This bull had a serious impact on our breeding program, that impact is still being felt strongly to this day through his grand progeny and great grand progeny!
 From a figures point of view he's quite outstanding as well, remembering he was born 16 years ago!! For Gestation Length he's easily in the top 5% of the breed (getting close to being in the top 1% of the breed). For his 200D (Top 1%), 400D (Top 5%), 600D (Top 5%), Milk (Top 5%), Scrotal (Top 1%), EMA (Top 20%), RBY (Top 5%). An incredible achievement across the full spectrum of fertility, growth and carcase traits.
 A complete bull whose progeny breed on - a son, JG Earthquake, had three sons retained in the Monterey herd (all three of which having produced Grand Champions at Perth) and a fourth son was the top priced Murray Grey bull in Australia for 2016. A daughter, JG Sevilla E2, was the dam of the Senior Champion Murray Grey Bull Canberra 2015, Senior Champion Murray Grey Bull Sydney 2015, Top Priced Murray Grey Bull 2015 National Show & Sale.
 We just can't speak highly enough of this bull! An elite bull!

Notes: Bolsenbroek is a bull we've always rated extremely highly. Great muzzle on a real sires head where he had the old fashion hooding over the eyes. He had terrific muscle down the spine, butt profile with thickness to match. Then you look at some of the finer details like the angulation of his hocks, the depth through the flanks and his forearm development all on very sound feet and legs. Combine all these attributes and you have an impressive individual. Out of the powerful Wallflower line and his sire is out of the Gertrude line and you really do have a bull with outstanding carcase traits with the ability to throw superior females. His daughters crossed particularly well with M Blockbuster B75 which is one reason why we're offering semen in both these bulls.

Notes: Here's another terrific option for your AI program! Quicksilver Q152 was equal top price bull at the 2021 Monterey Murray Grey sale. He exhibits outstanding length and strength of spine which means you know he's going to weigh! Large scrotal with impressive raw data scans leading up to the sale where we purchased him. At 19 months he was Frame 6.2, 856kg EMA 124 IMF 6.1% with a Scrotal of 45cm ranking him #3 for Scrotal, #5 for EMA and #2 for IMF. His sale weight at 21 months was 940kg. We're eagerly awaiting his first drop of calves which should only be another 6 – 8 weeks away!

Notes: Here's an opportunity! We're offering 20 straws in Monterey Reflection R27 at the upcoming All States, Multi-Vendor Murray Grey Sale on April 23 held by Elders on Auctionsplus. Described in the 2022 Monterey Catalogue as "Tremendous sire potential.....has the refinement, balance, magnificent loose skin and coat type, is super quiet and has eye catching style and outlook. Certainly, one of the better bulls we've ever offered". Considering the calibre of bulls to have come out of the Monterey stables in the last 30 years of sales that's a big wrap! What caught my eye was his super impressive weight for age, length of body and scrotal with plenty of positive carcase attributes without losing the style and refinement required to produce top end daughters. We're extremely excited as to what he can offer not only our herd but yours as well! Frame 6.8 Scrotal 46cm 1025kg @ 23.5 months

Monterey Cora X78 is a registered ET donor female, an exceptional example of the Murray Grey breed, a beautifully smooth, structurally correct female with exceptional carcass qualities (+3.7 EMA). She is the dam of Monterey Economist E30, a bull producing excellent progeny in the Monterey herd. Lindsay stud have produced top class progeny from the same mating as these embryos. Willalooka Pharaoh P47 needs no introduction with 700 registered progeny, he is low birth weight at +2.5, a trait leader for 200 day weight and carcass weight, making him a leading sire in the breed. The embryos are stored at Smithton Breeding Services, Tasmania. Any freight and handling costs to be borne by the purchaser.

Genetic Status: Sire verified
Notes: Very well-built young bull who has all the quality and refinement to make an elite calving ease sire. Suitable for maiden heifers but with enough growth and substance that he could be used over cows as he matures. Structurally outstanding with style to burn, light birthweight, terrific head, neck and shoulder set up. His dam is highly fertile and is producing excellent progeny. Has been fully vaccinated, ear notched free of BVDV, semen tested and breeding soundness evaluated. We expect to have him scanned prior to sale. A very, very good bull.

Notes: A magnificent youngster with a pedigree to match. Very well grown, with exceptional weight for age coupled with eye catching style and outlook. His dam was lost to snakebite when R245 was approx. 4 months old. She was an exceptional female with size, volume and thickness while still retaining femininity and a wonderful udder. This youngster carries the very best in maternal traits and is by M Marvellous M130. Has the potential to become a top class sire. Docile and a pleasure to handle. We expect to have him scanned prior to sale. Monterey is a JBAS 8 herd (Recent check test completed Jan. 2022) fully vaccinated and BVDV free.

MT VIEW JACKSON V24 JCV24
 ROCKYLEIGH CRYSTAL HUME2
 ROCKYLEIGH CYGNET HUMW11

Born: 21/09/2020
Colour: Silver
Location: Myers Flat Vic

Category: Bull
Genetic Status:

Notes: MGAA registered. Not transferable to the Murray Grey Beef Cattle Society. BWT 43 kg. November 2021 data:
 Foot Claw set – rear Left 7 Right 7
 Foot Claw set – front Left 7 Right 7
 Foot angle – rear Left 5 Right 5
 Foot angle – front Left 6 Right 6
 Frame score 5.5 Scrotal Circumference 38.5 weight 530 kg (at 14 months)
 We would not normally keep a bull over 40 KG BWT but we had come out of a very dry period into lush spring conditions and our annual BWT was 6 kg up on average. This bull has a beautiful top line and smooth shoulders. He is halter trained but never shown or over fed. His sire is 1200kg in paddock attire and still used for natural mating. His grandsire was the Grand Champion at Melbourne and Sydney Royal in 1980 and 1981 before being sold to America for \$150 k (\$1/2 Million in todays terms). Currently joining a small number of cows and heifers. With length and width, he walks well with a quiet attitude.

Notes: MOORILLA RISE Quintero Q2. A hard to find Grey bull. This bull will add depth, volume and overall power with added frame. He is very sound footed and has a great temperament. He has been used in our herd and his progeny are extremely promising, a real commercial type, weight for age, exceptional volume and added pigment with the grey. Quintero Q2 has a pedigree loaded with top sires and dams and will be a great asset to any herd. This bull is bred in the purple.

Category: Bull
Genetic Status: Sire verified

Notes: We had intended on keeping our four bulls for the Premier Sale later in the year as we feel they will all grow on and look terrific at 24 months. Rudyard will be 20 months at sale time and we feel that as a later maturing type, he will now start to grow into his skin. He is sired by Monterey Mighty Man and out of a very good Wallawong female. Very quiet in nature and a pleasure to work with. Sire verified, BVDV Tested, 7 in 1. FS 7, 771kg on the 29/03/22.
