Welcome to Leawood Angus

We invite fellow cattle breeders to inspect our bulls on our open day **Sunday 20th March** as well as on our sale day.

We have catalogued 48 bulls, with all the sires of the sale bulls having been used in our heifer joining program providing ease of calving.

This year's Autumn bull line up showcases our strongest Leawood genetics with a large influence of New Zealand and Leawood bred sires. We are very excited with all the bulls in this year's Autumn sale but the first 6 lots are something special. All 6 first lots are sired by Leawood sires and the 6 dams have an average age of less than 5 and a half years of age, which we believe is a great display of the strength of our future and cow herd.

We are pleased with our new sire, Taimate Lazarus L12, and believe his progeny will be highly sought after in this sale. Lazarus has fitted into the Leawood program beautifully, displaying great structure while providing early vigour. Lazarus's sons will suit all heifer programs nicely as he has a low birth weight and provides easy calving. The ever-consistent Leawood Steaks N297 and Merchiston Steakhouse also have a smashing line up of bulls in this sale. N297 bulls will catch your eye in all sale pens with the extra depth and thickness displayed throughout. Other exciting sires are Leawood Rambo N324, Leawood Express L581, Leawood Tangi K356, Stern 15815's son - Leawood Pirate P391 and Turihaua Rambo N75 are breeding just as well.

Also, the last ever G508 sons are to sell this sale. With over 360 naturally bred progeny from G508 and over 380 also naturally bred from his sire B034, the Express line is a great example of the longevity trait that we thrive for at Leawood Angus. Longevity and structural soundness are so important when we are selecting genetics to add to our herd. We must be fully confident in our progeny to be able to perform off grass and thrive in our commercial based operation. These breeding principles give our clients better value for money when purchasing Leawood Bulls. We have numerous clients with bulls still out working that are 8 to 12 years old.

This year once again, all sale bulls have been scanned for fats and EMA, along with a crush side semen morphology assessment. We offer free delivery on sale bulls throughout Victoria.

Please feel free to get in contact with us about any questions that we can help you with.

Luke 0474 992 683 or Graeme 0429 992 683

BULL GUARANTEE

To the best of our knowledge all our sale bulls are structurally sound, fertile and free of disease. If a bull seems to have an issue due to infertility or broken down due to reason other than injury, misadventure or negligence, we will provide you with a satisfactory replacement, or credit the purchaser the bulls value minus salvage costs, feel free to get in contact with us at any time to discuss.

BULL DELIVERY

We provide free delivery on sale bulls throughout Victoria. Delivery will be arranged the following weeks after the sale in conjunction with local carriers and us.

CATERING

Light luncheon and drinks available from 12.00pm provided by Flynn CWA.
