How to Register and Bid on AuctionsPlus

1

Go to www.auctionsplus.com.au to register at least 48 hours before the sale.

2

Select “**Sign Up**” in the top right hand corner.

3

Fill out your name, mobile number, email address and create a password.

4

Go to your emails and confirm the account.

5

Return to AuctionsPlus and log in.

6

Select “**Dashboard**” and then select “**Request Approval to Buy**”.

7

Fill in buyer details and once completed go back to Dashboard.

8

Complete buyer induction module (approx. 30 minutes).

9

AuctionsPlus will email you to let you know that your account has been approved.

10

Log in on sale day and connect to auction.

11

Bid using the two-step process – unlock the bid button and bid at that price.

12

If you are successful, the selling agent will contact you post sale to organise delivery and payment.

For more information please contact us on:

Phone: (02) 9262 4222

Sales Committee email: limousinnational@gmail.com

Welcome to the 2022 Limousin National

Welcome to the 2022 Limousin National Show & Sale. We are excited and looking forward to bringing a live event to our vendors and the Limousin community. After 2 years of trying times and online events we can't wait to see many faces at the end of April. We have been working hard as a committee and have made a few changes this year including a new venue at Holbrook.

There have also been a few changes to the program. The show will now be conducted on Thursday afternoon from 2pm, and this will be followed by our annual dinner. On Friday we will see the sale commence at 11am. As at any event please rest assured that the vendors will be available to answer any questions or to accommodate requests to see cattle individually out of the stalls if you require.

While we have enjoyed the online platform for the judging, we are sure that you can't wait for the cattle to be presented in the ring and see the judge's deliberations and comments face to face. While we understand not everyone can be there on show day, we will also be streaming the classes and judging into the "Limousin National Show & Sale" Facebook page which will be provided by StudStockSales.com.

The actual sale will be a open cry auction conducted by Nutrien Stud Stock with animals entering the ring to be sold. We are interfacing this with Auctions Plus to allow people that aren't in attendance to bid online also. At the conclusion of the live lots we will then move into the genetic lots being sold via open cry auction and still interfaced with Auctions Plus.

Regards: *The 2022 Limousin National Show & Sale Committee*

Sale Information

INSPECTIONS

All animals will be inspected on-site on Wednesday 27th April. All bulls will have a scrotal circumference recorded which will be identified on the supplementary sheet as well as data scans. All female lots have been examined for pregnancy status and reproductive soundness. Any changes to pregnancy status will be identified on the supplementary sheet. The supplementary sheet will be made available on-site at the registration office and via the 2022 Limousin National Show & Sale Auctions Plus sale listing prior to the start of the sale.

HERD HEALTH

All animals listed for sale are tested as pestivirus PI-negative. All animal lots listed are from herds that are a minimum of J-BAS score 6.

TRANSFERS

The transfer of animals on the NLIS database will be handled by the selling agents Nutrien. Purchasers of registered animals that wish to have them transferred to their membership on the ALBS database must confirm this request by email with Julie Gittoes at Nutrien Albury (julie.gittoes@nutrien.com.au) by COB Monday 2nd May 2022. Any transfer requests after this date must be made directly with the Genetic Hub on (02) 6933 1214.

INSURANCE

Purchases become the responsibility of the successful buyer at the fall of the hammer. While all care will be taken by the vendors, it is recommended all buyers insure their purchases through their preferred insurer, there will also be insurance available on-site via the sales office.

TRANSPORT & DELIVERY

Transport cost & organisation are the responsibility of the purchaser. All live lots will be available for delivery at the conclusion of the sale. It is expected that purchasers will have animals taken off site by Saturday evening by their organised transporter. Various livestock carriers will be available to assist in delivery of purchases and may be able to assist in looking after animals until a suitable delivery time is arranged.

Sale Information (Continued)

BUYERS REGISTRATION

Registration is required on Sale Day at the Nutrien Office as a Buyers number system will be in operation, therefore all prospective purchasers will be required to register prior to the commencement of the sale. ****PLEASE NOTE: All sale lots are sold exclusive of GST****

ONLINE BIDDING

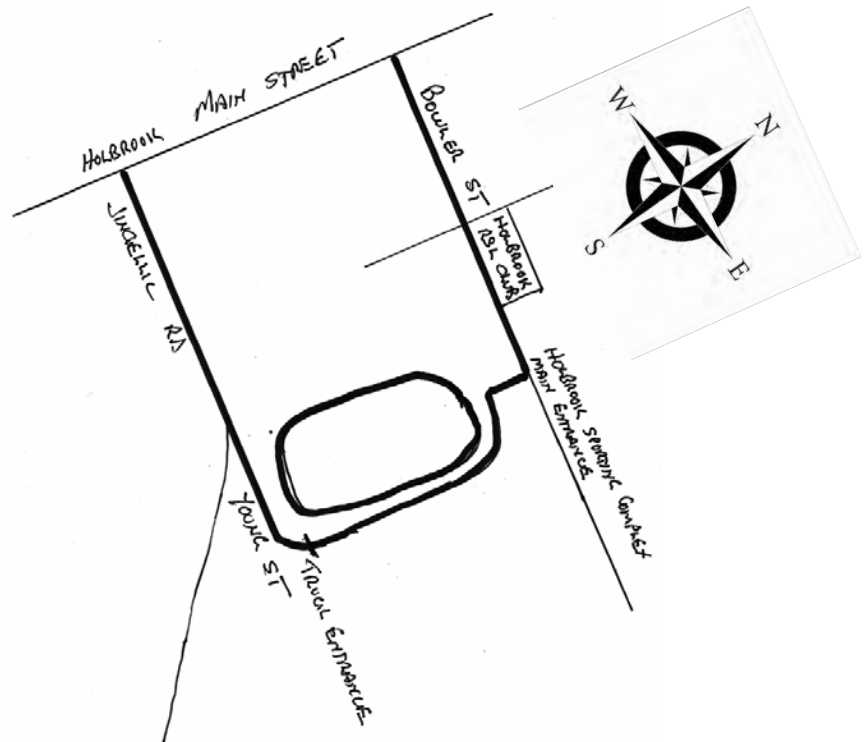

The live auction will also be interfaced with Auctions Plus for online bidding. Please follow the Auctions Plus instructions found in the catalogue. *****PLEASE NOTE: It is recommended that first time users allow a minimum of 48 hours prior to the sale to register.**

SHOW & SALE LIVESTREAM

The show & sale will be livestreamed into the “Limousin National Show And Sale” Facebook page.

Judges Profiles

Glenn Trout

2022 National Show Judge

Glenn was raised on a stud and commercial cattle property between Chinchilla and Eidsvold in Queensland.

His education included attending Primary school via correspondence and school of the air. As he progressed he attended Rockhampton Grammar School before studying Mechanical Engineering at the Darling Downs Institute for 2 years.

Glenn is currently Stud Manager of Moorunga Angus, Dromana VIC since 2019 and prior to that was Stud Manager of Kenmere Charolais, Holbrook NSW. Prior to that he was also Stud Manager of Birubi Limousin and Lim-Flex Stud – Wagga Wagga NSW for 12 years until the property was sold and the herd dispersed in November 18.

He has also been involved within the Limousin breed as a Past Board Member and Chairman of Limousin Australia. Alongside being a exhibitor at the Limousin National Show & Sale for 20 years and an exhibitor at Sydney Royal for over 30 years.

Some of Glenn's cattle judging highlights include having the privilege and pleasure of judging cattle at both a National & International level. Nationally he has judged at Beef Australia in Rockhampton, Australian Royal Shows: Sydney, Melbourne, Brisbane, Perth, Adelaide, Launceston, Bathurst. Murray Grey National Show & Sale, numerous country shows & Junior Heifer Shows. Glenn's international Judging appearance was at Farmfair International, Canada - Alberta Supreme Show (Interbreed)

Thomas Febey

2022 National Associate Judge

Thomas is from Sheffield, Tasmania and will be the associate judge this year. Thomas was selected after competing in the Limousin Youth Association's Virtual Junior Show earlier this year and was selected to be awarded this opportunity based on his performance in the competition.

He work as a livestock agent for Elders, while also running Kanangra Cattle Co consisting of a Limousin and Red Angus stud alongside his fiancé and 1 year old son.

Thomas is looking forward to being a part of the Limousin National and getting to meet many other breeders.

Champion class awarded to the Best Group of Three Bulls

History of Trophies

The Yvonne King Forster Memorial Trophy

Awarded to the Supreme Exhibit at the National Show & Sale

Since 1988 the Yvonne King Forster Memorial Trophy has been awarded to the Supreme Exhibit at the National Show & Sale. This Trophy was dedicated to Yvonne & King Forster, who were strong advocates for the Limousin breed across the world. The Forsters founded the "Tanhill" Limousin herd in the UK in 1972, and were regular visitors to Australia to visit their daughter Jill and her husband Tony Whistler of "Homestation" in Victoria and spend time sharing their knowledge of cattle and the Limousin breed. Yvonne served as President of the British Limousin Society. The Forsters & Whistlers held a joint "Golden Opportunity Sale in Wodonga in 1988, which set many new price records for Limousin cattle at the time. During the same year, Australia hosted the International Limousin Conference during which a Crystal Decanter with a Limousin Stopper was presented to the ALBS by the British Limousin Society which is now recognised as the Yvonne King Forster Memorial Trophy.

The Show Case Trophy

Awarded to the Grand Champion of the opposite sex to the Supreme Exhibit

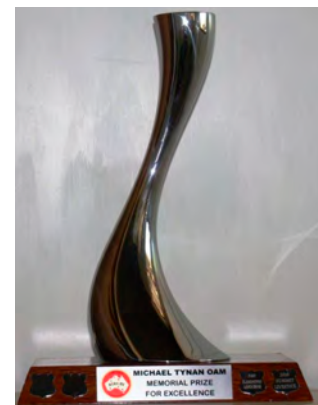

James Maxwell was one of the founding members of the Australian Limousin Breeders Society when it was first established in 1972. He served as ALBS president from 1975-1976. James and his wife Marjory were both heavily involved within in the breed, establishing "The French Connector" as a medium to share Limousin Stories and Events. In 1986, James was elected world President at the International Limousin Conference. While in France, he was awarded the "Chevelier de l'Oredre du Merite Agricole" in recognition of his pioneer status as a Limousin breeder in Australia, as a fitting tribute to someone who has given so much to the breed in Australia and helped establish the ALBS. As a hobby, James was a keen Silversmith; handmaking the Show Case Trophy which was presented to the Supreme Exhibit at the National Show & Sale from 1976 until 1988; when it became the trophy for the Grand Champion of the opposite sex to the Supreme Exhibit.

Michael Tynan Memorial Prize of Excellence

Champion class awarded to the Best Group of Three Bulls

In 2017, a perpetual trophy was donated by Annette Tynan of Birubi Limousins & Lim-flex Studs. This award is in loving memory of her husband Michael, who although an extremely busy business man in his own right was very supportive and interested in all of Birubi's cattle and stud enterprises and was a passionate supporter of the Limousin breed as a whole. The Michael Tynan Memorial Prize of Excellence is awarded to the Best Group of Three Bulls, all bred and owned by the exhibitor.

R18 is a bull that ticks all the boxes - super sound, long fronted, deep bodied and square-hipped with plenty of muscle in a moderate framed package. This bull has a superb docile temperament and is backed by a pedigree bred in the purple. An ET son of the Champion of the World cow MEADOWGRASS H39 by the breed leading sire BIG STAR who has left some outstanding progeny.

Phoebe is a balanced young matron out of our decorated show cow Miss Muffet. Her 12 year old grandmother is still sound and productive, demonstrating the longevity of this line. Phoebe is homo polled, has 2 copies of the double muscling gene, breeds easily and has a lovely nature: all the basics are right. Then there is her super smart phenotype.... She sells with an attractive homo polled heifer calf TBPP205 born 28.1.22 by our herd sire Garren Park Lucien. He always produces quality offspring. Cow sells unjoined, ready to be flushed or joined to the bull of your choice. A herd building opportunity.

GP Real Harmony is an impressive young female with her whole productive life ahead of her. She is the epitome of what we admire from our Blueprint daughters! She is a deep sided feminine cow that is beautifully put together. We admire her flawless temperament, coupled with a balanced data set in a Black, Homo Polled package. Her Black, Homo Polled bull calf is sired by none other that GP Phoenix P10, who is producing plenty of WOW factor calves and this guy will be another one!

Remi is a soft, easy doing, homo polled heifer full of volume and class and with a beautiful nature. Out of a lovely young Razzamatazz female, whose full sister won many broad ribbons and by our herd sire GP Lucien who consistently produces quality offspring. This heifer's pedigree is loaded with influential cow families. With good calving ease, short gestation and low birthweight EBVs, she is sure to perform well as her mother has.

Also sure to impress! Sells un-joined.

Lot 46 PICK OF THE 2021 SPRING CALF CROP FROM SUMMIT LIVESTOCK

Vendor: Hayden & Jasmine Green

SELLING: PICK OF THE 2021 SPRING CALF CROP FROM SUMMIT LIVESTOCK

Take your pick its not very often you get the chance to take first pick of a calf crop including some of the leading genetics in the Limousin breed. We are excited to once again offer the opportunity to take your pick from our spring calf crop at Summit Livestock for 2021. This calf crop includes some of the industrys leading sires as well as ET-calves from our top donor females, representing some of the strongest cow families in the breed.

Sires represented include Anchor B Gold Rush, RPY Paynes Tank, Greenwood Gods Country, Balamore Endeavour, Cottage Lake Big Star, Summit Blueprint, Summit Ranch-hand, Wulfs Zane & Summit Custom Made.

Cow families represented include Meadowgrass, Missive, Mimi, Magic, Exotic, Temptress and Ready-Made and more!

The winning bid is able to come and take their pick of all Summit calves born between August 1st 2021 and December 31st 2021. You will have the opportunity to select a calf from the heart of our program. Check the supplementary sheet for a full listing.

Prior inspections of the spring calving group are welcome, please contact Summit Livestock to arrange a visit.

DONT MISS THIS OPPORTUNITY TO SECURE SOME OF THE BREEDS MOST EXCITING GENETICS!!

It is an absolute pleasure to offer this exciting genetic combination! Our version of a model Limousin female in Red Oak Miss Highflyer N25, combined with RPY Paynes Rush as an emerging herd sire that we think a lot of! Red Oak Miss Highflyer N25 is a deep made, wide muzzled, big volume Limousin female that we feel very lucky to own. RPY Paynes Rush impresses us for his massive scrotal size, excellent muscle shape and impressive shoulder structure. Homo Polled by pedigree. 50% pregnancy guarantee at 90 days if inserted by an approved ET technician. Location: TLG-VIC Camperdown (DT)

If you study the top and bottom of this pedigree combination you will come to appreciate that genetic combinations don't come much better than this. JYF Gentry on the top side and Red Oak Miss Chocolate Q8 on the bottom side. Red Oak Miss Chocolate Q8 is a super impressive young donor that is Homo Black. She calved down beautifully at 22 months of age and is an impressive combination of Cottage Lake Big Star and the super capacious TMF Westwood daughter Maryvale Hot Fudge H204. Fertility, functionality, refinement, foot structure and 'fancy like!' 2 pregnancy guarantee at 90 days if inserted by an approved ET technician. Location: TLG-VIC (DT)

Package of 6. WHAT AN OPPORTUNITY!!

Here is the chance to secure the first embryos released publicly from one of the most notable show, donor and breeding females in the country MYERS LADY LUCK. This cow needs no introduction - 2014 Sydney Royal Supreme Exhibit, equal top price female alongside her daughter for \$30,000 at the 2021 Winter All Breeds Sale. Two full sibling daughters to these embryos have sold for \$24,000 (SJMPM11 - 2018 Sydney Royal Junior Champion) and \$16,250 (2021 Sydney Royal Class Winner). Sired by the proven Homo.polled/hetero black sire in WULFS ZANE who has 8 traits in the top 10% including: Docility, EMA, IMF, BW, CW, Rib fat, Rump Fat and GL. His progeny continue to excel both in production and the show ring with so much style and fertility. H2 also has two sons performing stud duties and her current calf at foot sired by SJMPN19 is nothing short of exceptional. This package is packed with predictable performance and phenotype with a legendary profile.

DONT MISS THIS CHANCE!! Location: Holbrook Breeders (Glycerol)

Notes

Limousin National Show & Sale Warranty

This warranty is to ensure you have security in your investment when purchasing animals from the Limousin National Show & Sale. All animal / animals offered for sale are registered with the Australian Limousin Breeders' Society and are covered under this Warranty Declaration and is a separate document to the Limousin National Show & Sale Terms & Conditions of entry. A copy of the Terms & Conditions is available at the purchaser's request. For you as the buyer it provides a guide as to what warranty applies to your purchase and the duration of that warranty. Also it sets out the information required should you need to make a claim.

All vendors by entering in the National Show & Sale and having those entries accepted by the Sale Committee are bound by this Warranty.

FERTILITY WARRANTY - FEMALES

All females sold as unjoined (unless they have calves at foot) are warranted fertile to natural service within twelve months of the date of purchase. The purchaser is to contact the vendor immediately if a possible fertility issue arises. Females over twelve months and sold as joined will be provided with a Veterinary certification of pregnancy status.

The purchaser is to have the right to a full refund of the purchase price of the female or an agreed replacement female of the same value (excluding any costs and expenses of the purchaser) on submitting a veterinary report at any stage during the twelve month warranty period to the effect that the purchaser has been unable to get the female in calf to natural service. The veterinarian must state that in his/her opinion the female is of joining age and weight, there is no evidence that the female has suffered any injury or illness since being sold to the purchaser which could have affected her breeding ability. The veterinarian must also state that in his/her opinion there is no evidence that the female has been subjected to embryo transfer procedures. The veterinary report (together with a Statutory Declaration by the purchaser to the effect that the substance of the report is true and correct) must be forwarded to the vendor within fourteen days of the date of the veterinarian report.

FERTILITY WARRANTY - BULLS

All bulls are sold as fertile and capable of natural service. This warranty is over a six-month period commencing on the date of sale. The purchaser is to have the right to a full refund of the purchase price of the bull or an agreed replacement bull of the same value (excluding any costs and expenses of the purchaser) at any stage during the six months warranty period, subject to submitting a veterinarian's report stating that the bull is infertile or incapable of natural service. The veterinarian must also state that in his/her opinion the bull has not suffered any injury or illness since being sold to the purchaser which could have affected his breeding ability. The veterinary report (together with a Statutory Declaration by the purchaser to the effect that the substance of the report is believed by the purchaser to be true and correct) must be forwarded to the vendor within fourteen days of the date of the veterinarian report.

DOCILITY WARRANTY

Should the animal be found to be of an unacceptable temperament within fourteen days of the date of the sale, the purchaser has the right to a full refund of the purchase price of the animal (excluding any costs and expenses of the purchaser) or an agreed replacement animal of the same value, subject to the purchaser submitting a veterinarian's report stating that the animal is of an unacceptable temperament as defined by a score greater than 2.5 in the official scoring system of the Australian Limousin Breeders' Society. The veterinarian must state that in his/her opinion the animal has not been mistreated in a way which would have affected its behaviour since being sold to the purchaser. The veterinary report (together with a Statutory Declaration by the purchaser to the effect that the substance of the report is believed to be true and correct) must be forwarded to the vendor within fourteen days of the date of the veterinarian report.

DISPUTES AND LIABILITY OF VENDOR

In respect to claims no claim shall exceed the purchase price of the animal(s) or provision of a mutually acceptable replacement animal(s). All claims are to be attended to within fourteen days of receipt of any such claims. Any such claims are to be forwarded direct to the vendor with the required paperwork and the National Show & Sale Committee notified of any such claims. Should the vendor dispute a claim by the purchaser all the relevant reports and documentation are legal documents and can be used for the purpose of legal claim.

EXPLANATION OF THE SUFFIXES TO ANIMAL NAMES IN THIS CATALOGUE

Horn Status: (HP*) Homozygous Polled by DNA test (which has an accuracy of 92%), (HP) Homozygous Polled by progeny test, (2P) Homozygous Polled by Pedigree, (P) Polled, (S) Scurred.

Colour: (HB) DNA tested Homozygous Black, (2B) Homozygous Black by pedigree, (B) Black, (R) Red (not Apricot)

Protoporphyrin Status: (PN) Proto Normal, (PF) Proto free by pedigree, (PC) the animal is a carrier of the abnormal gene for Protoporphyrin, (PS) Proto Suspect (parent of diseased animal), (PU) the animal has not been tested for Protoporphyrin or have parents which have been tested normal or are free by pedigree.

Homozygous: Is the term where an animal has two copies of the particular gene (tested or pedigree) for a trait (colour, polled). AN example is Homozygous Polled where all progeny will be polled from that particular animal or Homozygous Black where all progeny will be black.

F94L: (AA) 2 copies, (AC) 1 copy, (2A) 2 copies by pedigree, (CC) no copies.

EXPLANATION OF ESTIMATED BREEDING VALUES

An Estimated Breeding Value (EBV) is an estimate of the genetic merit of that animal for each trait measured.

EBVs are provided for the following traits:

Calving Ease Direct: estimates the differences in the ability of a sire's calves to be born unassisted from a 2-year-old heifer.

Gestation Length: ranks sires for the time between conception and the birth of a calf. Shorter gestation is indicated by negative EBVs and longer by positive EBVs.

Birth Weight: indicates the genetic potential for birth weight. Positive EBVs indicate higher birth weights and negative EBVs indicate lower birth weights of progeny.

200, 400 & 600 Day Weight: give us an estimation of the animal's genetic potential for growth.

Mature Cow Weight: estimates differences between animals in live weights of cows at 5 years of age.

Milk: a key component of fast growth to weaning is the dam's maternal performance. A bull with a high milk EBV should produce daughters which milk well.

Scrotal Size: indicates whether the bull will produce sons with above average or below average scrotal sizes.

Carcase Weight: ranks animals for carcass weight.

Eye Muscle Area: ranks animals for eye muscle area measured at the 12th rib on a 300kg carcass.

Rib Fat: ranks animals for rib fat depth at the 12th rib on a 300kg carcass.

Rump Fat: ranks animals for fat depth at the p8 site on the rump on a 300kg carcass.

Intra Muscular Fat: ranks animals for the percentage of intramuscular fat at the 12th rib of a 300kg carcass.

Docility: is expressed as the increase or decrease in the percentage of progeny that will be scored as docile (score 1 or 2). Positive EBVs indicate a higher proportion of progeny that will be scored as docile and negative EBVs indicate a lower percentage of progeny being scored as docile.

Comparing EBVs: The EBVs for Limousins cannot be compared with EBVs for animal of other breeds. They should be compared with the current average EBV for the Limousin breed shown below.

Breed Average EBVs for 2020 Born Calves														
CED	GL	BWt	200	400	600	MCW	MLK	SS	CWT	EMA	RIB	RMP	IMF	DOC
+0.5	-2.1	+1.7	+21	+35	+48	+49	+7	+1.1	+30	+1.7	+0.0	-0.2	+0.0	+42

Accuracies: Accuracies are presented with each EBV and give an indication of the amount of information that has been used in the calculation of that EBV. The higher the accuracy the lower the likelihood of change in the animal's EBV as more information is analysed for that animal and its relatives.

Disclaimer: The Estimated Breeding Values (EBVs) contained within this sale catalogue were compiled by the Agricultural Business Research Institute (ABRI) from the data supplied by breeders. Neither the Australian Limousin Breeders' Society or ABRI oversee or audit the collection of this data.
