

Supplementary Sheet

NOTE: Queensland Buyers.

As per our catalogue comments, due to flooding and excessive rain, we have not been safely able to tick vaccinate (Blood) these lots.

All vendors are prepared to hold and vaccinate on your behalf if requested, however we require your purchases to be insured.

All care taken, no responsibility held.

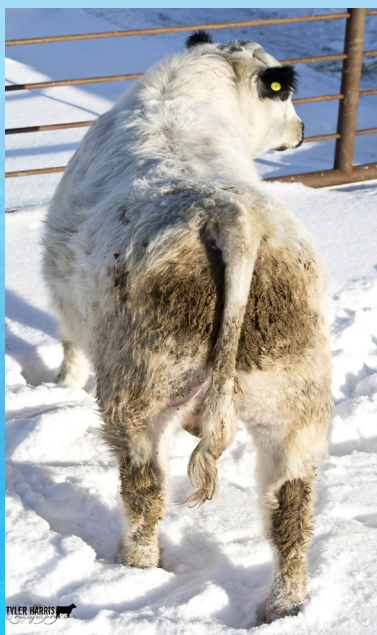

A **\$350 Transport Rebate** will be given for Queensland purchased and bound stock.

You can make a very smart decision today!! Buy a package or two in INC Breaking New 63F, it will be one of the best decisions you will make for your Speckle Breeding program.

63F is quickly becoming a standout sire here and in Canada. He is breeding thick ,wide based , upstanding bulls and super attractive wedge shaped females. In doing all that so well there is even better news , his progeny are all showing extra sound structures with great feet.

He is adding testicle size to his bulls a trait we need to keep pushing into our breed via using these bigger testicle bulls.

With a dam as good as he has in the great Upto Specs Willa 17W we can't wait to have his daughters in production.

You can't go wrong buying into Breaking New 63F.
