## LEAWAH REDS Josh Cameron (Manager)

Leawah Reds is located at Bollon QLD, we are currently running 14,000 goats. Most of the goats are Rangeland background. We are breeding our own Kalahari X Red Boer bucks to cover over 9,000 females. We purchased 100 commercial Red Boer nannies locally and sourced pure Kalahari bucks with papers to use over these nannies. We also use these bucks over 1st and 2nd cross Kalahari nannies. Our aim is to consistently join 9,000 nannies each year. Over the past 3 years we have completed 50kms of exclusion fencing and 100km of internal fences and 2 sets of new yards. Without these improvements our operation wouldn't be successful. Mustering and processing 12,000 goats in 2.5 days is our best effort yet. Leawah Reds Kalahari breeding operation is a commercial operation, we believe we need to breed them tough, with no help from us, our hard red country is the same as our goats! If you're after good quality, tough Kalahari X Red Boer goats Leawah reds is the place to look! Keep up to date on our Facebook page 'LeawahReds' or give Josh a call.
