BREEDING POLLED CATTLE FOR OVER **30** YEARS

www.tennysonvale.com.au

like us on 

Welcome to Tennysonvale Simmental Fleckvieh's 19th Annual On-Farm Sale

Welcome to our annual on property Simmental Fleckvieh Sale, we have been holding these sales since 2004. As is always the case, we bring to you the best of our breeding through this years line up and we are sure you will not be disappointed.

We are grateful for the opportunity to offer our home to you all and hope you enjoy our hospitality. If you are unavailable to make the sale on the day, please contact us to view the animals prior. Videos and photos will all be available online for your perusal.

These cattle showcase our best through the care and attention we provide them throughout their lives with Tennysonvale. They have had all of the required vaccinations, including 7-in-1, pesti-virus, tick vaccine, worming and lice treatments.

We always offer our best heifers and this year is no exception with some outstanding animals on show. All heifers will be offered unjoined. There are 40 heifers available with 9 of them testing as homozygous poll.

Our bulls this year provide a wide range of variety to suit any herd and we are confident in their doability. We are offering 30 bulls and 10 of them have come back as homozygous poll.

We are excited to share with you a range of new and old genetics. We have expanded our genetic base through the addition of our new stud sire, Rowlon Park Pirelli (P), as well as utilising our existing stud sires, Tennysonvale Kip (PP), Tennysonvale Merv (P) and Rivulet Handsome (P).

Also this year we are pleased to be able to offer you all a selection of gorgeous heifers provided through Warrowie Simmentals and Milky Way Simmentals. Warrowie are long time purchasers of Tennysonvale cattle, with almost 100 animals purchased over a long association. The females from Warrowie hold a lot of Tennysonvale genetics. The Milky Way females come from one of the biggest Simmental herds in Australia and we are grateful to offer some fantastic outcross genetics through this partnership. These females also offer a scattering of Tennysonvale genetics.

We would like to thank and welcome back all previous buyers and under bidders. Please feel free to offer feedback on previously purchased animals, as we love to hear how our cattle are producing within your herd. We are also excited to meet some new customers and hope this years sale proves prosperous for all.

Ian, Cheryl, Col, Joan, Carl, Nicole, Jared, Sam, Nathan & Hannah Baldry.
