WELCOME

Welcome to the 2022 Ardmeen Farms Speckle Park Bull and Female Sale. We are proud to offer a small selection of our founding genetics to the market. We have sourced elite genetics from three select Canadian cows as well as two cows from JAD Speckle Park, all matched with sires that we think will further add to these impressive animals. We would like to thank Vaughn Johnston (Ewyn Speckle Park) and Justin and Amy Dickens (JAD Speckle Park) for their assistance in sourcing these genetics.

Our stud Speckle Park cattle enterprise runs alongside a commercial farming operation that consists of 4500 Composite ewes and 250 Spring calving commercial Angus breeders. Stud females all calve at 2 years old and all animals must pass rigorous independent structural assessments at 12 months and 2 years old. A key focus in both our cattle operations is animal longevity.

From the outset, we have made a commitment to recording and submitting as much data as possible to Breedplan. We believe this is the way forward for the breed in an effort to gain credibility and maintain commercial viability within the broader beef industry. All bulls listed in the catalogue have passed an independent semen test, a structural assessment by Dick Whale, and have 9 Breedplan traits analysed. The three purebred heifers have had 7 Breedplan traits analysed and also a structural assessment by Dick Whale. When given the opportunity to select our top female, ARD S58 was Dick's overall choice of the heifers and is proudly offered as Lot 12 in this year's catalogue.

We believe the Speckle Park breed has a big future in the Australian beef industry and we are looking forward to playing our part in the growth and development of the breed. We thank you for your interest in our breeding operation in these early stages and welcome enquires for farm visits to view the cattle throughout the year.

Peter, Celia & Henry

DISCLAIMER: Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and descriptions, are based on information provided by the vendor. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, neither the vendor nor the selling agent or any of its representative(s) assume any responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information. Prospective purchases are encouraged to seek independent verification of any information within this catalogue to satisfy themselves of the accuracy of the particulars.

Stud stock insurance with all bulls purchased at the Ardmeen Farms Speckle Park Sale

Achmea Australia, Australia's specialist farm insurer, is delighted to attend the Ardmeen Farms Speckle Park Sale on 16th June. For all bulls sold in this catalogue Achmea Australia will provide 2 star cover for 6 months. This cover has been paid for by Ardmeen Farms.

At the end of the 6 months if you want to purchase cover, please contact our Farm Insurance Specialist Michelle Stevens (0437 249 682) who will be attending the sale.

Achmea Australia offers Stud Stock insurance, designed to protect the stud bull from the moment the hammer falls.

With our Stud Stock insurance cover, you decide what you need, when you need it and how you need it.

Our flexible options include:

- **1 Star** Mortality only (including transit)
- **2 Star** Mortality including accidental loss of use
- **3 Star** Mortality including accidental loss of use, sickness and disease.

achmea.com.au

Insurance issued by Achmea Schadeverzekeringen (Achmea) N.V. ABN 86 158 237 702 AFSL 433984. The information in this advertisement or article is general advice only and does not take into account your individual objectives, financial situation or needs (your personal circumstances). How to Register and Bid on AuctionsPlus

- 1 Go to www.auctionsplus.com.au to register at least 48 hours before the sale.
- 2 Select "Sign Up" in the top right hand corner.
- 3 Fill out your name, mobile number, email address and create a password.
- 4 Go to your emails and confirm the account.
- 5 Return to AuctionsPlus and log in.
- 6 Select "Dashboard" and then select "Request Approval to Buy".
- 7 Fill in buyer details and once completed go back to Dashboard.
- 8 Complete buyer induction module (approx. 30 minutes).
- 9 AuctionsPlus will email you to let you know that your account has been approved.
- 10 Log in on sale day and connect to auction.
- 11 Bid using the two-step process – unlock the bid button and bid at that price.
- 12 If you are successful, the selling agent will contact you post sale to organise delivery and payment.

SALE INFORMATION

INSURANCE

Ardmeen Farms will provide 6 months of 2 star cover (mortality & accidental loss of use) provided by Achmea Farm Insurance. Only applies to Purebred Bulls. For more information please contact;

Michelle Stevens
0437 249 682
michelle.stevens@achmea.com.au

GST

All animals are sold exclusive of GST. For example, if a bull is sold for \$5000 you will be charged \$5500.

FEEDING AND MANAGEMENT

All animals offered for sale in the catalogue were weaned onto hay only, since weaning they have continually moved forward on a mainly grass diet with some supplementary hay as required. Due to a tough Autumn, bulls have been offered a minimal grain ration manufactured by Reid Stockfeeds.

HEALTH TREATMENTS & FURTHER INFO

BULLS

DNA verified PI Negative
7 in 1 Vaccinated
Pestiguard
Vibrovax
Cydectin Pour On Drench

PUREBRED FEMALES

DNA verified PI Negative
7 in 1 Vaccinated
Pestiguard
Cydectin Pour On Drench

COMMERCIAL FEMALES

7 in 1 Vaccinated
Pestiguard
Cydectin Pour On Drench

SEMEN RIGHTS

Ardmeen Farms has collected 200 straws from Ardmeen Smokey S60 (ARD S60) for within herd use only.

SEMEN TESTING

All bulls offered for sale have passed a semen test conducted by Nationwide Artificial Breeders on 19/04/2022.

SCAN DATA

Fat, Muscle & Scrotal Circumference were measured by Liam Cardile on 28/04/2022.

DNA TESTING

All animals are DNA tested, pedigree assured and have their status listed in the catalogue.

GENETIC TESTING KEY

Parent Verification (PV) for every bull and purebred female in the sale

Coat Colour	RGF – homozygous dominant black RGC – dominant black/recessive red
Poll/Horn Testing	PcPc – homozygous polled HPc – carries one copy of the horn gene
Myostatin	NC – non-carrier of the nt821 myostatin gene C – carrier of one copy of the nt821 myostatin gene
Leptin	Represented as TT, CT or CC. A Leptin TT genotype animal is believed to have an increased rate of fat accumulation as compared to a Leptin CC animal.

THE ARDMEEN FARMS GUARANTEE

Every animal is guaranteed to be a breeder and structurally sound at the time of sale. 6 months of 2-star cover will be provided free of charge by Achmea Farm Insurance for each bull listed in the catalogue (please see additional details on page 5). Should an issue arise please contact us as soon as possible so we can ensure an acceptable outcome is achieved for all parties.

STRUCTURAL ASSESSMENTS

We were lucky enough to meet Dick Whale at the first JAD Speckle Park sale in 2019, since this time we have engaged Independent Breeding Marketing Services to provide structural assessments on all purebred and commercial Speckle Park animals. Dick has inspected all animals in this catalogue on multiple occasions throughout their life and only animals that have passed this assessment are offered for sale.

All Bulls & Purebred Heifers catalogued for this sale have been inspected and assessed on the IBMS Type/Structure system, by Dick Whale. They were all considered acceptable for structural soundness and muscling. If any potential buyers wish to discuss any of the animals prior to the sale, please contact Dick on 0427 697 968.

STRUCTURAL SOUNDNESS TRAITS

FEET

Evaluation of front and rear feet, with 25 being ideal. Scores lower than 25 exhibit some scissor claw in the feet. Scores greater than 25 are open clawed.

REAR LEG SET

Evaluation of rear leg set with 25 being ideal. Scores greater than 25 tend towards being sickle hocked, less than 25 post legged.

FEET AND PASTERNS

Evaluation of the length and strength of the pastern and foot angle. Scores greater than 25 indicate stronger pasterns with more heel depth.

DESCRIPTIVE TRAITS

STATURE

Evaluation of bulls for maturity pattern and frame size. A stature score of 25 is average. This score may be influenced by age of dam, nutrition, etc. Scores greater than 25 are generally larger framed later maturing cattle.

CAPACITY

Evaluation combines the depth of rib, spring of rib, and chest floor width. Scores greater than 35 indicate bulls with greater capacity.

BODY LENGTH

Evaluation of body length from point of shoulder to pin bone. Scores greater than 25 indicate longer body length.

MUSCLE SCORE

Is the muscularity of the bull devoid of subcutaneous fat. Higher scores indicate animals with higher yield attributes.

Scores : 25 = C- muscle

30 = C

35 = C+

40 = B-

45 = B

50 = B+

DOABILITY

Is the ability of an animal to deposit fat in the fat depots of the body, relative to their peers under a common management regime. The higher doability cattle are easier doing.

SHEATH SCORE

5 is a bull with a tight sheath.

1 is a bull with a very pendulous sheath.

We believe data to be an important tool in assessing a new sire or female. We are committed to providing potential buyers with as much data as possible. All purebred animals in this catalogue have had the following data submitted to Breedplan;

PUREBRED BULLS

- Birthweight (BWT)
- 200 Day Weight (x2) (200WT)
- 400 Day Weight (400WT)
- Scrotal Size (SS)
- Fat Depth (RIB & RUMP)
- Eye Muscle Area (EMA)
- Intramuscular Fat (IMF)

PUREBRED HEIFERS

- Birthweight (BWT)
- 200 Day Weight (200WT)
- 400 Day Weight (400WT)
- Fat Depth (RIB & RUMP)
- Eye Muscle Area (EMA)
- Intramuscular Fat (IMF)

The last of the Colgan's Dexter D'Angelo bulls and another stand out from D.L.R Zippy 42Z. It has always been easy to pick the three full brothers from this flush in the paddock, they all possess the same great phenotype, doing ability and docility. Buyers of any three of these bulls will not be disappointed. Top 5% birthweight.

Colgan's Baxter has given us some great foundation females to work with and breed on from, in our opinion Belle S54 is the standout of this group and will go on and breed some exceptional progeny for her new owners.

Ultra S58 was the very first heifer to be born that carries the Ardmeen prefix and what a way to start off the breeding program. An absolute standout heifer from JAD 61Y Ultra N63 that has never missed a beat. We told Dick Whale we wanted to sell our absolute best heifer from the S drop and this is his pick, we will be sad to see her go but extremely excited to see her breed on for the lucky purchaser!

Sunbeam 9D was selected in our first consignment of embryos from Canada due to her highly desired phenotype and when matched with Dart 37D we thought the pairing would give something pretty special to work with. Sunbeam S69 is a great example of this match up, a hard topped heifer with loads of style and presence.
