# WELCOME

It is with great pleasure that we welcome all those attending the Bald Ridge Wagyu Sale on property at Kaludabah, and on Auctions Plus. We are proud to present a number of both Black & Red Wagyu bulls and select females for sale.

Bald Ridge Wagyu was established in 1997, over the past 25 years we have carried out intensive embryo and AI programs to develop an elite herd of Black and Red fullblood Japanese Wagyu. Our stud cattle and genetics are sold in Australia and worldwide. The Wagyu breed is currently experiencing a significant growth in market and returns. We believe the bulls and genetics on offer today present a great opportunity for all prospective buyers.

Thank you for your support and attendance.

From the Kaludabah Team,

Rick & Dawne Hunter,  
Hallie & Sam,  
Abby & Mat,

A photograph of Rick and Dawne Hunter standing in a wooden corral. Rick is wearing a cowboy hat and a striped shirt, and Dawne is wearing a brown jacket and a baseball cap. They are both smiling and leaning on the wooden railing. The background shows a clear blue sky and a green field.

## Bald Ridge Proximo

(CCCFL0126)

We firmly believe that Bald Ridge Proximo L0126 is one of the best structured Akaushi bulls ever produced and is backed by elite maternal genetics. Proximo is built with stoutness yet integrity in his skeleton, exceptional growth and internal dimension, stop and stare balance and eye appeal.

Proximo L0126's genetic test came back as SCD AA and Tenderness 5. This ranks him in the top few percentile of all black and red wagyu animals ever tested for these indicator traits.

Proximo's dam Aisuru was an exceptional red wagyu female, very feminine with great milking abilities. Proximo is sired by Bald Ridge Tamaninja (CCCFH0019), who is by the great Tamamaru. Bald Ridge Tamaninja is out of one of the top ranking cows in Wagyu Breedplan, Kalanga C767.
