# 102 BULLS

KANDANGA VALLEY JESUIT

KANDANGA VALLEY YAHOO

KANDANGA VALLEY CHABLIS (P)

## Welcome one and all to our 19th Annual Kandanga Valley on Property Bull Sale. This year we present 102 quality, young Charolais and Charbray bulls on July 30th, commencing at 11am.

Wow! Wow! Wow! What a year this has been so far. Constant heavy rain, like we haven't seen for many years, probably a bit too much, but as the sun is now shining as I write this welcome I have to say, doesn't the country look great. And it's widespread, so Roz and I hope you've all received your fair share and are enjoying the many benefits, including these great cattle prices especially with those nice heavy Kandanga Valley sired weaners.

This year our bulls are still fairly young, but I think you'll agree on sale day that they are some of the best we've put together for your competition. And the EBV's of our Charolais bulls well and truly reflect this. They really are outstanding for growth, weight, scrotal size and muscling - all the major economic factors required in a beef herd - weight, fertility and yield. The three economic traits that benefit the breeder, the fatterer and the processor.

Nearly every week in the QLD Country Life market reports we're seeing the smiling faces of our valued clients receiving record prices and/or top prices at numerous sales, not to mention winning champion pens at weaner show and sales or carcass comps right around Queensland. These results make us extremely proud of what we're doing here and also how much our genetics are improving the Queensland beef herd.

Things are looking very buoyant for the great Australian beef industry, and Roz and I will be very pleased to be your hosts at this our 19th annual sale.

Hope to catch up on sale day.

Cheers,  
John & Roz Mercer

We believe and always have, that you cannot beat a Charolais cross or Charbray herd for productivity, versatility and market suitability. Whether it be grass or grain fed, a Charolais influence is a necessity to achieve maximum productivity and maximum economic gain.

# About Us & Stud History

Both the Kandanga Valley Charolais and Charbray studs were established in 1988. The first Charolais cattle at Kandanga were purchased by John's parents, Kev & Joan, in 1973 and there has been a Charolais infusion in the Kandanga Valley herd since those early days.

John and Roz purchased Warravale, Kandanga, from John's parents in 1986 and have since owned a Central Queensland property and properties in the Tansey and Gympie district plus agisted properties west of Gympie. Now having sold all of our Tansey grazing country we have secured a very nice property at Moonie on the western downs where most of our Charolais females now run.

We have raised four great children, Wade, Kate, Nick & Brooke and are now proud grandparents to an ever increasing group of fine, good looking offspring.

The first registered Charbray cattle were purchased in 1979 at the Nahrunda Stud dispersal at Gympie. The tremendous growth and easy doing ability of these first Charbrays, with the added benefit of tick resistance, convinced us that Charbray cattle were the most profitable in our environment and probably most other environments as well. Their saleability at fat or store markets is second to none in Queensland.

We now put a heavy emphasis on breeding generation bred (purebred) Charbrays for a much better consistency of progeny to hit the ground. **We have only used registered Charolais, Charbray or Brahman bulls in our herd since 1979 over registered females of the same breeds.**

Early stud Charolais breeders were purchased from numerous high profile studs plus smaller herd dispersals back in the eighties. Since then we have bred heavy muscled, soft fleshed French type cattle with an eye on all the traits required to perform in Queensland conditions. Traits like fertility, milk, growth and muscling, and now polledness rank very highly in our selection criteria. Our herd is run very similar to any commercial herd with poor performers being culled quickly.

Having access to such a large number of stud females has allowed us to be very selective within our herd and we think the bulls offered during this time reflect this as do their very positive EBV figures.

We are now running in excess of 1200 registered stud cattle, down from a peak of around 1700. We have put a big emphasis on fertility and productivity over the last few years as we have wound our herd back to a more manageable level.

# About The Sale Bulls

## CHAROLAIS

The vast majority of our Charolais bulls are born at our Moonie property, southwest Queensland, and are brought back to Kandanga to acclimatize to our coastal conditions as yearlings. The start at Moonie really influences their structure and we believe other things like masculinity and early development including scrotal size. In other words, most years they get off to a good start. The eight to twelve months they spend at Kandanga though exposes them to cattle ticks, coastal pastures, and humidity ensuring they go on to survive and thrive no matter where they go off to work.

This year the prolonged persistent wet weather has taken its toll on the boys, but they are progressing exceptionally well now the sun is finally shining.

The EBV's for this crop of young bulls can not only be described as outstanding but also very consistent. Allednaw Prince (P) and Palgrove New Vision (P) have really thumped some performance into this group of young bulls, with our other sires not far behind. But one thing for sure, they all have that great soft Kandanga Valley muscling that our buyers have been getting now for nearly thirty-five years.

Catalogued are 22 polled Charolais bulls that you will see also have good masculine heads with broad muzzles and also broad hindquarters. Breeding polled cattle it's easy to lose those traits plus bone and growth but through strict diligent selection of sires we believe we've maintained our standards quite well.

## CHARBRAY

The 50 Charbray bulls on offer this July are a great example of what you can do with young Charbray cattle even in this coastal climate. Mostly bred on our Gympie district properties and having less time on our sale preparation ration, these boys are definitely not over shadowed by their Charolais brothers. The natural do-ability of Charbrays in any environment is very evident in this line up of tidy young, athletic bulls.

There are bulls in the catalogue with different content levels of both Charolais and Brahman to suit all different breed requirements and environments. A lot with generation Charbray breeding by notable sires such as Kandanga Valley Jesuit, Kandanga Valley Lauchie and Kandanga Valley Lustre (SC) plus quite a few this year by outstanding Charolais bulls such as ANC Lingo (full French) and Kandanga Valley Note-A-Bull (P) and some low birth weight bulls by Minnie-Vale Nouveau (PS) to suit the heifer job.

Kandanga Valley Charbray bulls are noted for survivability, tidy underlines and consistent muscling and performance.

**REBATE:** 3% REBATE is offered to outside agents introducing buyers, in writing, 24 hours prior to sale, and settling within 7 days. These conditions will be strictly adhered to.

**DELIVERY & TRANSPORT:** All delivery arrangements are to be made in writing on the Buyers Instruction Form provided in the back of this catalogue. Free transport is being offered to Dalby and Roma (via Murgon), Toogoolawah & Eidsvold, north to Gracemere and Sarina (via Bruce Highway), Emerald and Clermont (via major centres only).

**HEALTH:** All bulls are vaccinated with 7 in 1 (as calves), 3 germ blood (as weaners), 3-day sickness and Vibrio (as yearlings).

**ALL BULLS ARE SEMEN TESTED 2 WEEKS PRIOR TO SALE**

**SUPPLEMENTARY SHEETS** will be available on Sale Day containing the following information – Semen test results, Scrotal measurements, Weights, Scan measurements for Eye Muscle Area, rib & rump fat measurements.

**ESTIMATED BREEDING VALUES (EBVs):** EBVs are displayed on all bulls (where available). To obtain EBV figures, our stud Charolais cattle are weighed at weaning and once or twice before 600 days. We do not weigh our calves at birth due to the impracticality of doing so, over four different properties. However, our mature breeders are calved unassisted. Scanning data from bulls is submitted to improve the accuracy of carcass EBVs.

**GUARANTEE:** We guarantee all stock sold as sound breeders. Any claims of infertility will be strictly handled as under Section 17 of Agents Terms and Conditions.

**TICK LINE CLEARANCE:** All bulls treated prior to sale for immediate inspection.

**AIRSTRIP:** Light planes at Gympie, others to Sunshine Coast or Brisbane

**COMMENTS:** Novak (PP) is a homebred homozygous polled bull that we think a lot of. To this day we think he's the best muscled and most masculine homo polled bull we've laid eyes on. He is a trait leader for 200 Day Wt. His progeny have inherited his sleek coat, good bone and muscling and are well worth a look. **His first sons sell here.**

**COMMENTS:** Jonah has been around quite a while and there's a reason for that. Bred along proven strong old French bloodlines his progeny don't disappoint. With his bulls displaying excellent soft muscling and a good sleek coat, they are ideal for Queensland conditions. His daughters are some of our best - moderate in size, but big milkers with tidy udders - watch out for their sons in the future. **39 sons sold to average \$7333 to a top of \$16,000 to Bernie Duncombe, Nanango.**

    - (c) Exclude any person from the auction venue should it think fit.
  5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
  6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
  7. In the event of any dispute in respect to the sale of any lot:-
    - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions;
    - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
    - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
    - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
  8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
  9. (a) **PAYMENT** - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated and until property shall pass, the purchaser shall hold such lot as Bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-
    - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
    - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA Bill Rate and two percentum. For the purposes of this condition, the expression "The AMBA Bill Rate" is the rate published by the Australian Merchant Bankers Association in good faith as at the date of the sale as its Bill Rate for 180 day Bills of Exchange expressed as a percentage per annum. If at any time the AMBA Bill Rate becomes unavailable for any reason, the auctioneer shall determine and advise the purchaser for the interest rate to apply for the purpose of this condition.
  - (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
  10. If the purchaser shall neglect or fail to comply with any of the within conditions any lot purchased by him may be immediately resold by Public Auction or Private Contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
  11. Any vendor or purchaser removing the Sale Number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damages should the lot be wrongly delivered.
  12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions and shall jointly and severally carry out and perform sale.
  13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however that this condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
  14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf, for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
  15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
  16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trades Practices Act or any applicable State legislation which cannot be contractually these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby executed. The auctioneer is not liable in respect of any error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
  - (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to remain with the vendor.
  17. In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser, and the auctioneer, while he shall use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.
  18. (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
  - (b) If any vendor brings to the premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right in its absolute discretion, to exclude from the sale venue or dispose of any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
  19. **DELIVERY.** Except at the discretion of the auctioneer, no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer, pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.
  20. In these Conditions:-
    - (a) References to "auctioneer" shall be taken to mean as the contest so admits, the Selling Agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot.
    - (b) "Purchaser" shall have the meaning ascribed to it in Condition 1.
    - (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm.
    - (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.
- IMPORTANT NOTICE** The Vendor and the Selling Agent, its members, subsidiary or related corporations, officers, agents and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy.
- All persons who attend the sale do so entirely at their risk and the Vendor and the Selling Agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.
