DEVON STUD

ONLINE BULL SALE

2PM SUNDAY JULY 31ST - 7PM MONDAY AUGUST 1ST 2022

online via Actions Plus

OPEN DAY - SUNDAY JULY 31ST, 10AM - 3PM

1705 WHITE SWAMP ROAD, KOREELAH NSW

8 QUALITY RISING 2 YO BULLS

OUR STORY

The Young family have been breeding Devon cattle since 1881 & have been selling bulls since Wilson's Peak Deon stud was established in 1986.

Our goal is to produce high functioning females that produce cattle which will be suitable for the feeder trade export markets. Replacement heifers are sold through the local sale yards. We put a large emphasis on temperament, fertility, doing ability & structural soundness & our aim is to increase the number of quality bulls we produce each season.

This will be our first bull sale to appear on Auctions Plus. The bulls this year, we're surprised haven't grown webbed feet due to the amount of rain that we have had. All bulls have been scanned, vet checked & have also had their 3 day & 7 n 1 vaccinations. We are pleased with the condition the bulls have presented in & we are confident that they will go out & do the job for the successful purchasers.

FREE DELIVERY WITHIN 500KM RADIUS

LOT 1 - WILSON'S PEAK MERCURY R2 (H)

SIRE: VIX MILLSTONE M179 (H)

This is a bull that shows great length & depth. He has good muscle & carries himself well. We will be very interested to see this bull once he has finished growing as we think he is going to be cracking mature sire & a great addition to anyone's herd.

LOT 2 - WILSON'S PEAK PHARAOH R6 (H)

SIRE: BELMUR PROFIT L2 (H)

This is a moderate bull that has good muscle development. He is a well put together bull & has the right structure for going up hill & over dale to get the job done.

LOT 3 - 335 (COMMERCIAL)

SIRE: BENOAK FLINTOFF K64 (H)

This is a bigger framed sound bull that carries himself well & is extremely well put together. He has a strong head & good neck extension that flows right through out. This is another stylish bull that is going to grow into a great sire.

LOT 4 - 308 (COMMERCIAL)

SIRE: WILSON'S PEAK EMPEROR 23 (H)

This is a big framed later maturing bull that will breed great replacement cows & steers. This animal in our opinion is a bull that is going to mature into a great sire.

LOT 5 - 2 (COMMERCIAL)

SIRE: BELMUR PROFIT L2 (H)

A Profit L2 son that has great length with a masculine head. Surprisingly one of the heavier bulls in our line up, he brings a lot of doing ability to the table.

LOT 6 - WILSON'S PEAK PASSBOOK R3 (H)

SIRE: BELMUR PROFIT L2 (H)

Another nice lengthy bull that has a strong head. This bull has a great temperament which we hold in high regards in our cattle. Not only does this make handling them safer but it also improves their doing ability.

LOT 7 - WILSON'S PEAK MISFIT R12 (H)

SIRE: VIX MILLSTONE M179 (H)

Another Millstone son that has good muscle & bone with great thickness that carries on through his hips & pins. This bull once again has a great temperament.

LOT 8 - 1 (COMMERCIAL)

SIRE: VIX MILLSTONE M179 (H)

Here is a solid smaller framed bull that oozes muscle with earlier maturing genetics. This bull moves & handles himself well.
