The Elders logo, featuring the word "Elders" in a white, cursive script font, set against a red rectangular background.A close-up photograph of a person's chest wearing a light pink, short-sleeved button-down shirt. The shirt has a small, red "Elders" logo embroidered on the left chest area. The shirt is tucked into dark-colored trousers.

Welcome to Aloeburn.....

Welcome to our 6th annual on farm ram and commercial ewe sale. We greatly appreciated the support we received from Ray White GTSM to conduct our sale for the first 5 years and we are proud to now partner with Elders and move to an open cry auction for our sale this year.

Despite the enormous challenges facing the world these days, we remain so thankful that our business and our industry continues to grow and prosper. We are fortunate to be constantly surrounded by innovation, research and technology so that our industry can continue to develop from the soil that grows the feed for our sheep to the lambs we turn off and the beautiful wool we harvest.

Having a highly fertile sheep flock, specifically bred for its suitability to and ability to thrive in our Australian climate is a distinct advantage. The opportunity to naturally increase our breeding ewe numbers who have the ability to cut volumes of high quality wool and produce early maturing, well muscled wether lambs, suited to the store market or finishing to sell directly to abattoirs is a fortuitous combination.

Our December joined mixed age ewes (treated with Regulin) marked 120.3% to ewes joined. Our March joining also looks good, with lambs yet to be marked, despite the persistent rain, mud and marginal feed value. We know our sheep will perform, it's a combination of genetics and management. Their performance will deliver multiple income streams from surplus sheep sales, meat and wool. This naturally creates a risk minimisation strategy by not being over reliant on one commodity. Understanding what's important for your business is necessary to develop a breeding objective for your flock.

We also believe it's important to make sure that as producers we're listening to our customers, the consumer. We breed resilient sheep who require minimal chemical intervention and modification while still producing bold crimping, high tensile strength, white, long stapled wool. These sheep we present to you today meet our breeding objectives and we know that they can also perform for you.

We go to exhaustive lengths to provide accurate, reliable data which is rapidly increasing in both accuracy and percentile band performance. In 2022 we have tagged and weighed at birth more than 1,000 lambs recording DOB, weight, birth status and maternal score on our dams.

Our promise to you is that these rams and ewes have the same genetics which make up our breeding program and they will deliver to you the opportunity to have a flock with high productivity through fertility and meeting dual purpose marketing opportunities.

Thankyou for joining us at Aloeburn today and for your confidence in our sheep.

With our very best wishes to you.

*Andrew, Jodie & Tom*

## SALE INFORMATION

- Vendor:** Andrew, Jodie & Tom Green  
Aloeburn Pastoral Co  
"Aloeburn", 220 Gilmours Lane, Boree Creek, NSW, 2652  
A: 0448 132 035  
J: 0448 132 432
- Inspection:** Sale inspections are invited from 9.00am on sale day.
- Auction:** The sale will commence at 1.00pm.  
Sale of rams and commercial ewes will be conducted in an Open Cry auction.
- GST:** The sale will be conducted as GST exclusive. GST will be added to the purchase price prior to invoicing.
- Payment:** All purchases will be invoiced through Elders and payment to be made electronically to Elders' nominated account details.
- Health:** Aloeburn Poll Merinos are brucellosis accredited – Certificate 76599 / Accreditation OB-TR  
All rams and ewes have been vaccinated with Gudair at marking.  
Aloeburn flock status for OJD is Approved Vaccinates.  
All rams have been vaccinated with Glanvac 6:1 at marking, weaning, 9/5/2022 and 11/8/2022.  
All ewes have been vaccinated with Glanvac 6:1 at marking, weaning and at shearing 11/8/2022  
All rams and ewes were drenched with Triguard at weaning and 11/8/2022  
All rams were treated with Extinosad Pour On 9/5/2022.  
All ewes were treated with Extinosad Pour On at shearing 11/8/2022.  
All rams and ewes have been vaccinated with Scabiguard at marking.  
Aloeburn is a footrot free property.
- Shearing:** Rams were shorn as lambs December 2021.  
Second shearing 9/5/2022, at this shearing mid side samples were collected for **fleece testing when all rams had 4.5 months fleece growth.**  
All rams were crutched 11/8/2022.  
**Rams are presented at sale with 4.5 months fleece growth.**  
  
All ewes were shorn 11/8/2022. This was their second shearing with 4.5 months fleece. Sample of fleeces will be on display on sale day.
- Fertility:** Rams have been inspected at classing and are guaranteed to work.  
Ewes are Not Station Mated (NSM) and have never had an opportunity to become pregnant.
- Guarantee:** If in the next 6 months a ram becomes infertile or incapable of work, provided it is not from injury or disease contracted after it has left our possession, then we will offer a suitable replacement. Any claim must be accompanied by a relevant veterinary certificate.
- Disclaimer:** While all due care and attention has been paid to accuracy in the compilation of this catalogue, neither the vendors, the selling agents or representatives thereof assume any responsibility whatsoever for the correctness, use or interpretation of the information on animals included.
- Rebate:** A rebate of 2% will be allowed to outside agents in attendance.
- Catering:** Please join us for a light lunch prior to the sale and for a drink afterwards.

## ALOEBURN Buyer Registration Form

Intro letters to Elders Wagga via email at [wagga.livestock@elders.com.au](mailto:wagga.livestock@elders.com.au)

### Commercial Ewe sale

500 Aloburn Poll Merino commercial ewes to be offered in the following lots.

Ewe Lot 1 125\* x 13-month-old NSM 2021 spring drop poll merino ewes

Ewe Lot 2 125\* x 13-month-old NSM 2021 spring drop poll merino ewes

Ewe Lot 3 125\* x 13-month-old NSM 2021 spring drop poll merino ewes

Ewe Lot 4 125\* x 13-month-old NSM 2021 spring drop poll merino ewes

**Each ewe lot will be sold with the option of a second lot per hammer.**

Ewes were shorn on 11/8/2022 with 4.5 months of fleece. Sample of fleece on display on sale day. Test results are as follows: -

Micron 18.3; Yield 70.7%; CF 99.3; SL 54mm (averaged to 6 months = 72mm)

\*Head number of Ewe Lot 1 to Ewe Lot 4 is approximate. The vendor reserves the right to nominate the actual head number in each lot on the day of sale. The total number in each lot will not be less than 125 heads.

## How to Register and Bid on AuctionsPlus

1

Go to [www.auctionsplus.com.au](http://www.auctionsplus.com.au) to register at least 48 hours before the sale.

2

Select **"Sign Up"** in the top right hand corner.

3

Fill out your name, mobile number, email address and create a password.

4

Go to your emails and confirm the account.

5

Return to AuctionsPlus and log in.

6

Select **"Dashboard"** and then select **"Request Approval to Buy"**.

7

Fill in buyer details and once completed go back to Dashboard.

8

Complete buyer induction module (approx. 30 minutes).

9

AuctionsPlus will email you to let you know that your account has been approved.

10

Log in on sale day and connect to auction.

11

Bid using the two-step process – unlock the bid button and bid at that price.

12

If you are successful, the selling agent will contact you post sale to organise delivery and payment.

For more information please contact us on:

Phone: (02) 9262 4222

<b>WR</b>	Weaning Rate	0.21	0.07

**\*\* DP + Index targets production systems with a balance of income from wool from Merinos and meat production from lambs sired by terminal sires.**

The DP index focuses on the genetic improvement of fleece weight and body weight.

The DP+ index additionally includes reproduction, carcass traits and staple strength.

Given the genetic capacity of our flock to produce an early maturing lamb with excellent fat and muscle (carcass traits), we have chosen to reference the DP+ index. Aloeburn genetics encompass beautiful wool traits (long stapled, lustrous, white wool of staple length suited to 6 monthly shearing), early maturity and outstanding fertility and reproduction traits.

# WHERE TO FIND US...

From Wagga, follow Sturt Hwy towards Narrandera, (approx. 70kms). Turn left onto Kywong/ Boree Creek Rd, follow all the way into Boree Creek.

Go through Boree Creek, cross the railway line, immediately turn right onto Urana Rd. About 3kms out of Boree Creek turn left onto Moffats Ln. Follow Moffats Ln to the end at 'T' turn right. The entrance to the sale site is just a short way down to the left.

Looking forward to seeing you.
