Lot 16

Lot 23

Welcome!

Welcome to our 7th annual on property ram sale. We hope you are enjoying the wet season we are having.

As with last year, our sale will be interfaced with Auctions Plus. With this in mind, our sale day is Friday the 14th of October, inspection from 10 am, sale at 1 pm. If anyone would like to know more about our sale draft, or would like a presale inspection please do not hesitate to get in contact. We are more than happy to accommodate you for an inspection at a time that is convenient.

This year we are pleased to be offering 50 rams. You will notice fat and muscle data, as well as some ASBVs. This is our second year of submitting data into sheep genetics. As we use mainly our own rams we have limited linkage into the ASBV database, hence our numbers are not great. Since heading down the ASBV path we have invested heavily into genomic testing so all stud ewes and sires have been DNA tested to make this data as accurate as we can make it. All this year's sale team have been DNA tested. For more comprehensive data you can find our rams in the Sheep Genetics website. Body weights will be present on the pen cards on sale day. All rams were shorn on the first Monday of March, 2022.

Thank you and hope to see you on sale day.

Malcolm, Helen, Gavin, Carina, Penny & Jack Swords
