It is with great pleasure we welcome you to the 2022 Mountview Charolais Female Sale.

This year we have put together a quality line up of females, with something for every operation. This is a very special sale with access to genetics from over 45 years of breeding, with the opportunity to secure females by standout sires such as Palgrove Hallmark, Advance XR8, and Ascot Eldorado to name a few.

For those buyers wanting to expand cow numbers or simply starting out in Charolais, this is an excellent opportunity to purchase a quality breeding female for your enterprise. These Females are only being offered due to surplus requirements and are going to be very hard to part with.

Thank you for your interest.

Kind Regards

Ian & Katrina Bebbington

~ HISTORY ~

"Mount View" was purchased by my Great Grandfather William Bebbington in 1896 and has been in the Bebbington Family ever since. Originally a dairy farm it was converted to Beef cattle around 1946 after my father Fred Bebbington left the army after WW2.

Fred got interested in Charolais Cattle in the mid 1970's after hearing about them from a fellow sheep breeder Peter Bondfield. So, in 1976 he purchased 3 Charolais females and a Charolais Bull, having bred up from there to where we are today.

SALE INFORMATION

The sale will be conducted through AuctionsPlus (please register early to bid prior to sale day) under a Helmsman Auction System. Bidding will be available from 8am (Qld time) Thursday the 24th of November and close 12pm (Qld time) Friday the 25th or until times out. Bidding will also be available on property through agents GDL.

COMMENTS: Ramsay was selected as a stud sire for his excellent confirmation sleek coat and tremendous depth and volume. A genuine low birth weight sire, who is in the top 1% of the breed for gestational length and the top 5% for both calving ease and birth weight. His calves are born easily out of 2 year old heifers and his first calves have great growth for age.

Ramsay is an impressive sire and we consider him to be one of the best heifer bulls we have bred.

HOMOZYGOUS POLLED

COMMENTS: Rocky was purchased in July this year as a lead outcross sire. His overall length and softness impressed us and the added bonus of being homozygous polled and red factor just ticks all the boxes.

Selectively joined to a herd of mature cows, his first calves are due to hit the ground in Autumn next year and we are excited to see what he can produce.

This photo was taken in his working clothes but he still looks good.

HOMOZYGOUS POLLED

COMMENTS: This standout Homozygous Polled heifer has some very impressive figures on her EBV chart including top 5% of the breed for milk, top 10% for 200, 400 and 600 day wt and top 20% for calving ease.

She comes from a consistent breeding dam who has produced a calf every year and I'm sure Lee will do the same.

COMMENTS: Also sired by Elite Pretzle this heifer has tremendous bone and is hard to fault.

Another difficult decision to let her go.

Her dam Mountview Violet P27 is a very maternal cow who is raising her second calf, another beautiful heifer.

HOMOZYGOUS POLLED

COMMENTS: This long bodied, Homozygous Polled heifer will add that extra length to her progeny.

Sired by Raile Sovereign (an AI sire we used predominantly over heifers for his calving ease).

Her Dam Mountview Nerissa L1E has been a consistent breeder for us.

**HOMOZYGOUS POLLED**

COMMENTS: The youngest heifer in our draft, this growthy, Homozygous Polled heifer sired by LT Stage Coach will be hard to part with.

Combining length with a good amount of softness and a beautiful feminine head.

Coming from a consistent cow family, a pedigree that can be traced back to Palgrove Covergirl 9.
