

RUNVS Angus – Inaugural Bull Sale

The Greenwood Family's RUNVS Angus herd was born through the purchase of land and core breeders from the Dunn Family's renowned Iveragh operation at Coleambally.

The herd is performance registered with Angus Australia and leading AI sires are used. Videos were taken on the 31st of August and updated photos and weights will be uploaded in the week commencing 24th October.

These are only young bulls and have had no supplementary feeding and these cattle have a strong repeat buyer base. Strong emphasis is placed on frame, maternal traits and especially temperament.

The vendors will offer inspections by appointment and freight to multiple purchasers within a 300km radius of the property which is approx. 50km south of Coleambally NSW.

The sale will be conducted on-line only, bidding opens 2pm Wednesday 2nd November and closes from 2pm Friday 4th November.
