WELCOME

On behalf of the whole Wattle Grove team we welcome you to our Annual Bull Sale for 2022.

On offer will be over 60 Purebred Registered Speckle Park bulls of the highest quality. With sons from Wattle Grove Smoke and Mirrors L275, Wattle Grove Road Block N328 and our \$68000 highest selling bull Wattle Grove Paperboy P503 there is sure to be a bull that suits your program and goals. Looking through the catalogue you will notice the depth and consistency in the offering.

Right from Lot 1 you will see fantastic raw data, backed up by structural correctness and excellent skin type. These bulls are ready to go to work in your commercial or stud program.

Also on offer are an excellent line up of Speckle Park x Angus commercial females and six exciting semen packages. All in all, it's going to be a fantastic sale with real opportunities to begin or further your investment in the Speckle Park breed.

To ensure you have a seamless buying experience we have once again bought together the ultimate selling team. They are here to work for you. Either in the lead up to the sale with independent assessments and advice on selection. Or on sale day, walking you through the pedigrees, fine tuning your selections and enabling phone bidding if you're unable to make it and your internet is patchy.

In a first for Wattle Grove we will have both Elite Livestock Auctions and Auctions Plus providing online bidding for those that cannot attend the sale in person. This enables you to choose the online platform you are most familiar with. Please note Auctions Plus will have live audio only.

We look forward to seeing you all at the Toowoomba Showgrounds on the 15th October for Great Cattle, Great People and Good Times.

Henry, Hugo, Dale, Bin, Max and Claudia.

WHEN YOU GET YOUR CATTLE HOME

Speckle Park cattle have a very strong herd instinct. For some of these animals it will be the first time they have been separated from their mates and that can cause stress and unusual behaviour. We recommend having appropriate cattle in the yards to welcome your purchased cattle home.

SPECKLE PARK INTERNATIONAL TRANSFERS

If you require your bull to be transferred to your stud, please ensure we have your correct details and Stud prefix. Transfers will be completed within two weeks of the sale. Wattle Grove will cover the cost of the transfer.

HEALTH AND SAFETY

Every care has been taken to ensure your comfort and safety whilst attending our sale. Please take care and be aware when moving through the animals. Whilst we take every precaution to minimise hazards, cattle can be unpredictable and have a mind of their own. Children are not permitted in the pens.

SALE CATALOGUE DISCLAIMER

All reasonable care has been taken by the vendor to ensure that the information provided in this catalogue is correct at the time of publication. However, neither the vendor nor the selling agents make any other representations about the accuracy, reliability, or completeness of any information provided in this catalogue and do not assume any responsibility for the use or interpretation of the information included in this catalogue. You are encouraged to seek independent verifications of any information contained in this catalogue before relying on such information.

HERD HEALTH

All animals in the sale have met all necessary health requirements. Bulls have had Bull Breeding Soundness Evaluations completed by Rosewood Veterinary Service. Certificates will be available for purchasers for insurance purposes. All bulls have been blooded and vaccinated for Vibriosis and 3-day. All cattle have been treated with Cydectin drench, Pestiguard, and 7in1 prior to the sale unless otherwise stated.

FERTILITY GUARANTEE

All bulls are guaranteed to be fertile at the time of the sale. Bull Breeding Soundness Evaluations are provided on every bull including crush side semen tests. Should an animal prove infertile within four months of purchase, provided it is not caused by injury or disease contracted post sale we will provide a credit (of the purchase price minus salvage value) towards a future purchase. The Buyer must lodge any complaint with a veterinary certificate within four months of the sale direct to the Seller.

BREEDPLAN AND EBVS

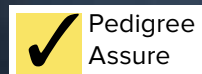

September's Group Breedplan EBVs have been included in the catalogue for your reference. EBVs can be a tool for purchasers to use in making decisions. Whilst we believe in performance data we do question any decisions being made solely on EBVs, especially if those EBVs have very low accuracy. We believe in our knowledge of the cattle, their pedigrees, and the actual performance of those pedigrees. We are happy to discuss the genetic and performance history on all our animals to assist you in making a decision on the best purchase for your program.

TEMPERAMENT & STRUCTURE

Temperament and structural soundness are two of the foundation phenotypes that underpin our herd and the selection of our sale cattle. We run our sale cattle in large mobs and they are managed with dogs, bikes, utes and ATVs. During sale selection they are subject to a rigorous selection process that includes a lot of handling and assessment. They are isolated from their group and put under appropriate pressure to determine their temperament score. We are hard on structure, feet and temperament. With a combined 50 years of experience breeding cattle, our team knows what they are looking at. Temperament scores have been provided as a guide only on each lot.
