WELCOME

Another year has passed and here we are at Eidsvold again for our 11th annual bull sale, welcome on behalf of Clare and Elridge. The beef market is maintaining it's strength and the season has been reasonable for most, augering well for continued strong returns. Two key profit drivers in the beef industry are fertility and kilograms out the gate, Charolais are the perfect breed to help achieve this outcome and the line of bulls offered by Clare and Elridge deliver these attributes in spades. Our bulls are functional, powerful and easy keeping and rank with the best Charolais on the market. Our families are proud to present this line of bulls to you in 2022.

We are conscious of the varying requirements of our clients and we have assembled a draft of bulls that suit a broad range of markets. We have bulls that suit heifer joinings to real power packed sires. Our diligent selection and continued investment in strong genetics is evident today and will be into the future, with the aim to deliver bulls to our clients that satisfy requirements and generate profit.

We put a considerable effort into ensuring the bulls are delivered to their destinations without fuss. If there are any special requirements please talk to us. We are always happy to hold bulls at our properties for longer periods when required, again let us know what you need.

The bulls from both Studs are reared in the ticks, they are presented clean to move throughout Australia from the selling centre. Clare and Elridge are JBAS 8, please talk to your relevant Government authority about movement.

COVID-19 is still with us and we are bound by the Government regulations, please observe the guidelines. The bulls will be at the yards on Monday if it suited to inspect them prior to the sale, we are happy to assist if you are unable to personally attend and the sale is supported on-line by Auctions Plus. Please familiarize yourself with this platform prior to the sale, an instructions page is included, the team at Auctions Plus are really helpful if you have questions.

We look forward to catching up on September 6 at 12 noon, enjoy our hospitality and please stay on after the sale.

Warm regards Goodland and Warren families

SALE INFORMATION

Delivery and Transport

All delivery arrangements are to be made in writing on the buyers instruction form provided in the back of the catalogue.

Free delivery is provided to the municipal yards in Murgon, Coolabunia, Taroom, Theodore, Moura, Gympie, Mundubbera, Gayndah, Emerald and Biloela.

Accommodation

If you require assistance with accommodation please call us or the selling agent. Motels are available in Eidsvold, Gayndah, Monto and other surrounding areas.

Phones

Mobile phones operate at the Eidsvold Saleyards, please contact your preferred agent.

Registration Transfers

Registered Charolais Bulls are eligible for transfer. We will transfer the animals in due course after the sale. Please complete the details on the instruction sheet in the back of the catalogue. If you are not a member, please register by contacting the society on (02) 6771 1666.

Refreshments

Food and refreshments will be available throughout the day.

Outside Agent Rebate

2.5% rebate is offered to outside agents introducing buyers in writing 24 hours prior to the sale to the selling agent and settling within 7 days. Burnett Livestock will be settling accounts in 2022.

Breedplan (Breed average EBV's for 2020 born calves)

Estimated breeding values are included in the catalogue, this data may assist with assessing animals for their genetic capability, in addition to your physical appraisal. A full compliment of data is available on the Charolais Australia website.

Bid Cards

The registered bid card system will be operating at the sale, please register with the selling agents prior to the commencement of the sale.

Health & Scans

All sale bulls are vaccinated (fully) for 7 in 1, 3 Day Sickness, 3 Germ Blood. All bulls are semen tested and soundness evaluated by a Veterinarian. The bulls are scanned for eye muscle area, rib and rump fat and intramuscular fat, weighed and scrotal measured by an accredited provider.

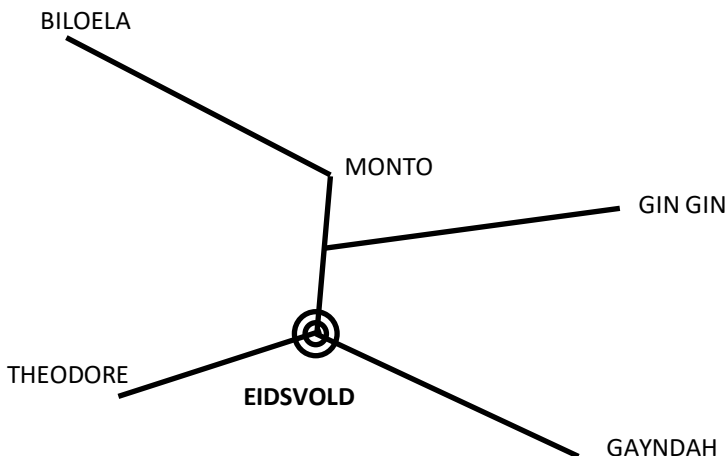

Guarantee

We guarantee all stock sold as sound breeders. Any claims of infertility will be strictly adhered to under Section 17 of "Agents Term and Conditions." This sale operates under the ALPA T&C's February 2017.

Insurance

We recommend that all bulls be insured. An insurance service will be available on sale day.

CLARE CHAROLAIS

Clare is owned and operated by The Goodland Family on the property "Clare", located 30 k's east of Theodore. Clare Charolais was established in 1997 and since then the herd has grown to approximately 200 registered females. Clare also has a commercial herd of 800 females (all breeders are run on a commercial basis). Our cows are run on forest country and are selected to be efficient, meaning they are low maintenance and easy doing with emphasis on structural soundness, temperament, udder quality and fertility.

As we are both stud and commercial breeders, our goal is to consistently breed mobile, early maturing bulls that will produce quick growing progeny that have plenty of muscle and thickness but also able to lay down the fat.

Along with most of the country we have been lucky enough to experience a wonderful season along with the fantastic current market. We hope you have been all lucky enough to experience the same.

Our bulls on offer this year we feel are just getting better and better. With new introduced bloodlines, the amazing season and the ability to have our bulls prepared in big open paddocks, these bulls are ready to go out and work. They have the doing ability, structural soundness and that all important Charolais muscle whilst not sacrificing the softness. On top of the consistency in the quality, we feel there are bulls to suit a range of markets.

The genetics represented in this years Sale includes newly introduced Moongool Nash, along with Ayr Igloo and Elridge Lincoln. We also have a run of younger calves born in April. These are mostly by 4 Ways Noble Kahn.

Bulls have been scanned for fat coverage, eye muscle, IMF and fully vet checked and soundness evaluated.

We look forward to reconnecting with previous buyers, as well as meeting any newcomers to the Sale. Please feel free to come and catch up and provide us with any feedback on how the bulls are performing so that we continue to breed quality bulls for you.

ELRIDGE

The Warren family established stud Charolais in 1990 after realising the benefits that the breed offered our commercial Brahman herd. Our stud operates in the coastal Gympie region with an annual rainfall between 45 & 55 inches. We are very fortunate to have access to irrigation on our properties but this year we have been under water four times and haven't had to use it! Our home block, "Sirrah", is located south east of Gympie, the others are in the renowned Mary Valley adjacent to the Mary River, "Glendale" and "Wattlewood."

We breed around 150-160 stud females annually using stud sires and artificial insemination and embryo transfer programs to complement our breeding programme.

All of our cattle are reared on pastures that are maintained with a regular fertiliser program. Our summer pastures consist of kikuyu, Seteria and Rhodes grass, we over-sow ryegrass and clover in the autumn which takes us through winter and spring.

Our cattle are subjected to ticks, flies and humidity. Over the last 30 years we have selected a cowherd that maintains a strong constitution under our trying summer and autumn conditions.

In preparation for the sale our bulls are rationed a very low 20% grain meal, fed silage and grazed on ryegrass pasture through winter. Our bulls are Pesti-virus tested negative, also being vaccinated with botulism, in addition to the specified vaccinations. All the bulls in this sale are assessed by a veterinarian, scanned and Breedplan recorded.

Our draft of bulls have been DNA sire verified and DNA tested for the polled gene. We hold a JBAS 8 score across our herd.

We have added the most recent Calving Interval of the dams of the bulls and indicated if they were born from heifers.

We are proud of our 2022 bulls, they went through four floods and performed well, their genetics are strong and have profit focussed traits. Thank you for attending the Clare and Elridge Eidsvold bull sale, we look forward to catching up on September 6.

REFERENCE SIRE

Moongool Nash (P) (R/F)

Winchester Peacemaker (P)

Minnie-Vale Joker (P)

Minnie-Vale Raffle (P)

JWX Silver Bullet (P)

Moongool Nelly 18 (P)(R/F)

Moongool Nelly 14 (R/F)

Nash was the top priced bull from Moongool in 2019.

He is a super thick (160 EMA), red polled Sire. He has a great head, wonderful loose skin and great body shape.

He is really quiet and has bred a great line of bulls here for his first season.

Noble Kahn was purchased in 2019 in shares with Moongool. We feel he was one of the most complete Charolais Sires to hit the market and are very excited to be part of his future. He has so much natural muscling with softness, great body length and is so correct and balanced that leads up to a great Sires head.

We feel there is a couple of real stand out yearlings in this group of bulls.

Elridge Harmony (R/F)

Elridge Alleganz

Lord has proven to be a really well rounded, powerful sire. He was purchased by Fairfield Charolais from the Eidsvold sale and has bred many bulls for the Hindle family.

His performance data is some of the best in the breed. 400 & 600 day weight, carcass weight, domestic and northern indexes in the top 1% of the breed.

His progeny have growth, muscle and softness and are quiet natured.

Allednaw Wesla

Prince has proven to be a great breeding sire. We purchased him as a cow/calf unit and his dam is still breeding for us. Kandanga Valley Stud purchased him from us at the 2019 Eidsvold sale and he is performing well for John & Roz.

He is a trait leader for all growth traits, his sons have great temperaments, are clean coated, well boned, are correct and have large scrotals.

Prince has five herd improving sons in this sale.

This is one top commercial Sire. He is long, stands square with the right amount of bone. He has that width between his eyes that follows all the way through. He may not be the quietest bull in the mob but he is no trouble at all and he just wants to work. He will breed those sale topping steers no matter what your market for years to come.

Out of a great cow who just weaned another top bull.

Superman starts this run of Autumn bulls and we feel he is super special. He is by the new Sire Noble Kahn who was the 2nd highest bull sold in Australia 3 years ago and has really bred well. He has growth in the top 5%, softness to burn and a great muscle pattern. He is structurally really sound with great nuts. He has a real presence about him.

His Dam is a very attractive consistent breeding cow who is up to her 4th calf.
