WHITE SUFFOLK STUB

**GRAY
GLEN**

Robert is one of the founding members of Prime Lamb Genetics.

I take pride in producing rams-ewes
sound in confirmation and genetics;

- The high standard of genetics
- The benefits of high fertility
- Great milkers
- Higher survival rates
- Great Taste
- High Standard of structure:
- Vet Checks ALL RAMS

Notes

Please note the carcass weight and the eating quality index is similar to Lamb 2020. LEQ plus TCP is more in depth calculations of tender texture. The new analysis of EBVs by sheep genetics the national breeding evaluation service for sheep breeders and buyers, now incorporate terminal, maternal and merino analysis, resulting in a larger number of animals having eating quality breeding values estimated.

White Suffolks compare significantly better than the average for all terminal, maternal and merinos

1 *White Suffolk Ewes ready for joining*

2 *White Suffolk rams over Merino - sale lambs*

3 *Rams For Sale September 16th 2022*
