Welcome to Leawood Angus

Again, the positive demand for Australian beef and the seasonal conditions a line, with wetter than average seasonal conditions forecasted to continue it's an exciting time to be involved in the agriculture industry. It's great to see our clients being rewarded now after sticking at breeding top quality cattle through the tough times when many producers went away from breeding and decided on trading cattle.

As many of you know we have had a strong bond with New Zealand Angus industry. Starting back in the 1950s, this year the bond become stronger with myself and Megan visiting 14 studs in June and building more lifelong connections throughout the New Zealand Angus industry. It was great to see "Leawood" type cattle in abundance grazing the highest of hills, and seeing Bulls topping sales sired by sires that are leading the way at Leawood like Merchiston Steakhouse, Stern 15815, Taimate Lazarus, Braveheart of Stern and many more.

In a large way, our connection with New Zealand Angus industry was sadly lost with the passing of Kevin Norris. Kevin wasn't just our auctioneer for over 20 years, Kevin had a huge connection with New Zealand and has had a great influence on the Leawood Angus herd. All new genetics were run past Kevin or suggested via Kevin and we will be forever thankful of his service and friendship to the Stuckey family.

We have catalogued 49 bulls, with all the Sires of the Sale Bulls have been used in our heifer joining program providing ease of calving throughout the whole catalogue. This year's draft provides nice variety without deviating away from our core breeding values of longevity and structure soundness. If you are looking for a little bit more frame and to add more bone Leawood Express L581 and Leawood Pirate P391 progeny will be worth your inspection. Other standout sires moderate framed yet high growth bulls that have had a big impact on this year's lineup are Leawood Rambo N324, Witherswood BOS M018, Taimate Lazarus. Leawood Steaks N297 has continued to stamp his progeny with huge early growth and exceptional depth that weights and width that pays.

**This year once again all sale bulls have been scanned for fats and EMA along with a crush side semen morphology assessment. Leawood offer free delivery on Sale Bulls throughout Victoria
Please feel free to get in contact with us about any questions that we can help you with. Luke 0474 992 683 or Graeme 0429 992 683.**
