AGRI

Welcome

Located 30mins north of Naracoorte, in the prime of the Southeast region, it is ideal environment to breed a high performing, low maintenance rams suited to the commercial producer looking for well-rounded prime lambs for trade or export. Lambplan performance recorded and Brucellosis free POMANDA's 2022 Sale will see 85 White Suffolk and 30 Ile De France rams on offer. From the early days of the Gum Hill Suffolks the White Suffolks were established in 1986. With emphasis on conformation, muscling and durability, this year POMANDA will present White Suffolk rams sired by the ever-consistent Mertex and Induro and the newly purchased Anna Villa 19-052.

2021 saw the first sale of Ile De France with complete clearance. We are excited to again be offering this new horizon of maternal type breed with carcass to compete on any terminal level. "There is huge potential for the Ile De France, this is just the beginning".

We are proud to be part of the sheep industry and invite you to come along and inspect our stock. Whether it is the reliability and durability of the White Suffolk terminal sire or the meaty carcass traits combined with maternal ability of the Ile De France, we think there is something to suit all buyers.

Rachael & Simon Withers
