

Agistment Wanted:

Backgrounding/Agistment country

All the cattle will be owned by the one company; a professional backgrounding business. Looking for people to put on mobs ranging in size from 200 to 2000 head.

All dry cattle.

For 4-12 month time periods, season permitting.

All cattle will be inducted by our team of stockmen.

Facilities needed are good fences, water, grass and cattle yards.

All areas considered.

With the recent rain and with cattle prices at an all time high now is a good opportunity for graziers with the feed but maybe not willing to pay the high prices for cattle to make a good income from what they have now.
