

FINISHING LAMBS IN A CHALLENGING SEASON

WHAT ARE OUR OPTIONS?

THURSDAY 4TH DECEMBER

“Manooka” Ararat Rd Mortlake
12 Noon for BBQ lunch

PROGRAM

EACH PRESENTER SHALL HAVE 20 MINUTES PLUS QUESTION TIME

Anna Adams – AuctionsPlus

Marketing store lambs thru the AuctionsPlus system and their development of feature Feeder Lamb Sales

Nathan Scott – *Achieve Ag Solutions*

Getting the best from your weaners – management & nutrition pre and post weaning. Is yard weaning better than paddock weaning? What role can EID play in your production system?

Ian McPherson – *Five Star Stockfeeds.*

Finishing lambs in a feedlot using high protein pellets. Animal nutrition, feed conversion efficiency & cost of production.

Advantage Feeders – Grant Muller

Will discuss the use of self- feeders, their features and benefits.

Russ Davis – *Ruminant Sales Manager, Ceva Animal Health*

Regulin implants to achieve more twins & fewer dry ewes. Increasing lamb profitability by compressing the joining period required for conception

Michael Grant – *Stephens Pasture Seeds.*

Grazing systems & options including Lucerne, Plantain & fodder crops for your area.

Zoetis – Peter Mecham

Minimising carcass condemnations at abattoirs. Don't let preventable and manageable diseases eat away at your profits. Maximising saleable meat yield is the key to making the most out of your lambs.

Static displays from TRU TEST – EID weigh systems, ADVANTAGE FEEDERS & ATLEX SHEEP YARDS
