"Performance in the West"

Welcome to our 2023 Ladies' Day Female Sale.

With the expiry of three long-term leases, we are offering approximately 170 Murray Grey & Angus females for genuine sale on 14th January 2023. Whilst we have absorbed the cattle from these properties, it has put significant pressure on our stocking rate, which is already higher than most. Our reluctance to sell these females has been overtaken by reality, with the decision to downsize fast-tracked due to another lease property expiring, after 10 years, in early 2023.

We've been fortunate to have experienced one of the better years in decades and despite our high stocking rates, the cattle are in excellent order.

The quality females we are offering represent a cross section of all our female families that have been at the heart of our herd, producing numerous sale toppers.

Our Murray Grey females have topped the Premier MG Sale held in Wodonga Vic for 10 of the past 11 years. After setting a Breed record and State record for commercial PTIC females in 2015, that record was re-set at our Mar '22 Sale when pens of commercial PTIC Murray Grey heifers sold for \$5100 to a new State all breeds record and a National record for Murray Greys.

Monterey Angus captured a State and National record when our PTIC commercial Angus females sold for \$4200 in 2014 – a record that stood until earlier in 2022 when prices exploded in the Eastern States.

Long-term clients have regularly topped female sales around WA, with Scott River Trading setting a sale record of \$4500 for their quality Murray Grey females in 2022, while commercial breeders have achieved outstanding results producing heavy milk vealers. Local producers – Peter, Helen and David Reid recently sold a consignment of Monterey sired Angus calves that averaged 276kg dressed, heavier than their Charolais counterparts in the same group. Angus/Friesian X PTIC heifers have, over many years, been offered at Boyanup by the Brookes family where they consistently topped the sale. More recently, they have retained their magnificent heifers and converted from dairy to beef.

Rather than chasing figures, our cattle have been carefully selected and bred for type – the Murray Greys for almost 50 years, and our Angus likewise, for 40 years. Our breeding philosophy has been to breed for size, weight for age, structural integrity, temperament, milk and fertility. Our type has been set for decades and our cattle breed true to type with great reliability. What you sell in the yards or to the processors is priced on actuals, not maybes and the quality of the stock catalogued for your selection is a testament to this breeding philosophy.

For those seriously committed to upgrading and enhancing their breeding herds, this is an opportunity not to be missed and we look forward to your company on sale day.

Regards

Gary & Julie

ANGUS FEMALES Lots 1-20

LOT 1 MONTEREY SERENE K83#

 Dam: MONTEREY EBONY W33#

Notes: Very good daughter of Monterey Diplomat D184 who was sired by Coonamble Accolade A284 (top price and long time record priced bull at Coonamble when purchased in 2006 for \$16000). Highly fertile female who breeds consistently well. Two daughters retained in herd. Three sons offered and sold in our sales to \$7500. Offered with a very smart heifer calf at foot, Monterey Ebony T138, born 25/5/22, sire Monterey Mascot M188 (top son of Millah Murrah Docklands J193 who was second top price at the 2014 Millah Murrah sale). Depastured with Monterey Missile from 20/6/22 on. PTIC

 MONTEREY STARLIGHT+96 (PB)
 MONTEREY SHOWTIME W51 (PB)
 MONTEREY SHOWTIME Q56 (PB)

Notes: Another exceptional female with growth, style, and a great breeding record. All these females are for genuine sale and are keeper females, but with 400 acres of lease lost, they are reluctantly being sold. Three terrific daughters are being retained, and a son at stud. G121's dam was the top price female at our 2017 Heart of the Herd sale. An exceptional silver heifer calf at foot Monterey Showtime T116, born 25/4/22, sire Monterey Phoenix P6. **(Calf to be retained)**. Rejoined to M Phoenix P6 from 1/5/22 on. PTIC

Notes: Well grown, productive daughter of Koojan Hills Unlimited F237 (purchased as top price bull at KH sale for \$16,000). This female line traces back to the Quamby stud (Tas) that was part of the International Angus herd run at Knutsford, Koojanup by Pat Walsh. She has had four sons sell through our sales to \$13000. Offered with a young bull calf at foot, Monterey Tantanoola T251, born 12/12/22, sire Monterey Mascot M188. L180 had an earlier born S drop calf that died from snakebite. She was rejoined earlier than others, hence this late Spring/Summer calf. Sold open for your choice of joining time.

 MONTEREY SHOWTIME S8+97 (PB) (AI)
 MONTEREY SHOWTIME 2ND (PB)

Notes: Marvellous female, and as sound as her incredible dam was. A Stratosphere daughter who has produced and weaned a quality calf each year. A heifer from this girl would be a bonus for any breeders looking to start new female families. Still top 5% for growth, EMA and RBY. Has a quality silver bull at foot, Monterey Tennessee T44, born 22/3/22, Sire Southend Narssist N185. (Calf to be retained). Running with Monterey Norfolk N78 from 20/6/22 on. PTIC

Notes: Fourth generation Black Murray Grey female with her calf - 5th generation. Feedback from commercial breeders suggests that they get more black calves (out of their league of all nations cow herd) than they do with Angus. Big, feminine female with terrific capacity and lovely udder. Being offered with her Black Murray Grey heifer calf Monterey Jeannie T112, born 19/4/22, sire Cam Grove Black Nite L41. Rejoined to Monterey Renovator R147 (Black MG, brilliant new young sire with a ton of shape and great doing ability) from 1/6/22 on. PTIC

Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

: DNA verification has not been conducted.

E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following idents.....
.....

from member.....(name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.
