This sire has done a fantastic job here at Nerstane. Bought in 2015 for \$20,000, "Billy" is now at rest, with his progeny being so correct, always standing wide with great legs. They are generally very good cutters with a distinctive bold crimp that is well stamped.

T 279 (180279) Born: 2018 Sire: (x Thornlea Gov x CH Dan) Dam: Thornlea ET Ewe (x Usterling)

This ram was chosen at Hamilton Sheepvention in 2019 for his structure and pedigree. Nerstane purchased T279 for the sale topping price at the Glenelg Ram Sale that year and it looks like it may have been a very good decision. There were over 20 sons in the sale last year and sold very well. As you will see, their size, structure and woolcut are up there with the best.
