WITHDRAWALS

Lots 7, 10, 14, 31, 39, 44.

Bulls were run in three mobs

1 to 13,

15 to 28,

29 to 46

Note that Lot 8 was removed from his mob at scanning on 2/11/22 because of injury to the rear right pastern. It is notable how much more weight he has gained in comparison to the others by being on his own & not fighting & fooling 50% of the time. He shows no sign of his injury at this time and is fully guaranteed.

Note that carcass data was scanned on 2/11/22.

Raw data would now be significantly higher; however, the rankings would be very similar. This data should not be compared to raw data from another property.
