# WELCOME

**Welcome to the 2023 Woonallee Bull Sale.**

**We are proud and excited to present this group of sale bulls to you. 2022 certainly had its challenges and it feels like we have missed Spring and gone straight into Summer but as everyone knows, you can't change the weather!**

The cattle industry is still in a strong position and with the Southern weaner sales about to kick into full gear, we wait in anticipation to see how the Woonallee sired calves sell. The extra weight for age and softness these calves possess will ensure many of them will be in the lead runs of the sales. Although last year's record prices will probably not be reached, the prices achieved will still be outstanding and rewarding.

This year's draft of bulls is as consistent as ever and will impress on inspection for their outstanding phenotype, weight for age, length of body and strong carcass traits. Together combined with softness and style is what we refer to as the "Woonallee Stamp" and we strive to make sure every draft of bulls has the same stamp of consistency.

Whether you are after a Traditional, Black Simmental or SimAngus we are sure you will find one that suits.

Our continual expansion has ensured the strictest selection pressure on every group of bulls, cows and heifers to make sure that what we offer for sale is of the highest quality.

Again, we offer 2 platforms for online bidding in Elite Livestock Auctions and Auctions Plus to allow you to purchase online. Every bull will have a photo and video loaded on these platforms by late January to assist with your selection if you are unable to attend. Remember we are more than happy to help with any queries you have as the best ones to ask about a bull is the people who bred them.

Thank you for your support over the past 12 months and we look forward to seeing you on the 9th of February, 2023.

Regards

**Tom and Lizzy**

# SALE INFO

## HEALTH

Woonallee Simmentals has a JBAS score of 8 and eligible for all states in Australia including WA. All Bulls have received both shots of 7 in 1, drenched with Cydectin Pour On and ear notched tested negative for pestivirus. Bulls have received two shots of Pestiguard with a booster due in August 2023. Bulls have all passed a semen and morphology test conducted by Nationwide Artificial Breeders.

## DNA, COLOUR AND POLLED TESTING

All sale bulls have been tested for poll status, a 100K genomic test, sire verified and black bulls tested for colour aswell. This information is in the catalogue.

## TRANSPORT

Falls transport will be in attendance and is the recommended carrier for interstate deliveries. Purchases of three or more bulls will be delivered free of charge Australia wide. Woonallee will deliver free of charge within a 250km radius of Woonallee.

## TRANSFERS

All animals are registered with the Australian Simmental Breeders Association and are eligible for transfer. Please indicate on the buyer's instruction sheet if you would like your purchases to be transferred.

## BUYER REGISTRATION

Buyers are requested to register with the selling agent prior to commencement of the sale and to display their registration number at the fall of the hammer. This sale will also be interfaced with Elite Livestock Auctions and Auctions Plus. Please see information on page 5 of this catalogue to register.

## INSPECTION AND SALE TIMES

Sale animals will be yarded and available for inspection from 10:30am on sale day Thursday, 9th February. Selling to commence at 1.00pm sharp. Supplementary sheets available on sale day. Private inspection before sale day can be arranged by contacting Tom Baker on 0428 475 066. All times quoted are SA daylight savings time.

## GST

All lots are sold exclusive of GST.

## PHONE BIDDING

Please contact the selling agent to arrange phone bidding. Sale Complex number (08) 8734 3118 or contact Ben Finch on 0408 802 760.

## REBATES

A rebate of 2% is available to outside agents introducing buyers in writing to the selling agent prior to the sale and settling within 7 days.

## INSURANCE

Woonallee recommends insuring all purchases at the fall of the hammer. An insurance representative will be available on sale day to help with this.

## GUARANTEE

All cattle sold at Woonallee come with a two year structure and fertility guarantee. In the rare case a bull is found to be infertile or incapable of natural service, Woonallee will refund or replace the bull provided the problem is not caused by injury or disease incurred after taking delivery.

# EBV INFO

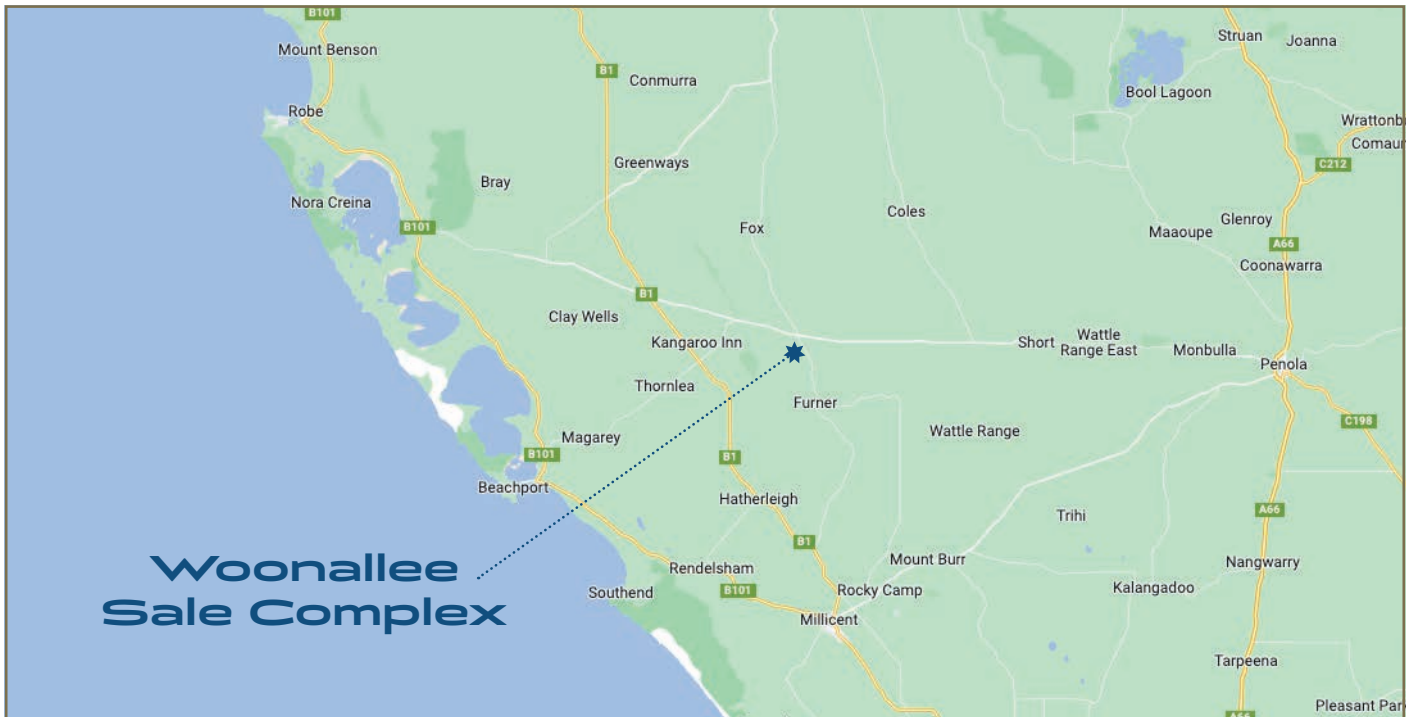

## SIMMENTAL GROUP BREEDPLAN

The breedplan values in this catalogue were calculated in the 2020 Simmental Trans Tasman Group Breedplan evaluation. Each reported trait shows an EBV and its accuracy level. The EBV (Estimated Breeding Value) provides the best current estimate of the bull's true genetic merit for that trait, relative to the overall base for the Simmental breed. It indicates how its progeny should perform relative to those of other bulls in the breed. The accuracy indicates how well an EBV predicts the true genetic worth of an animal. The accuracy of an EBV will be higher for traits with a higher heritability and will increase as more performance information on an animal and its relatives become available. The accuracy of an EBV is reported as a percentage. EBV's with higher accuracy will change less than EBV's of low accuracy when more performance records are analysed.

NOTES: It seems only fitting to start the sale with another Kathie L126 son and what an incredible sire prospect he is. Extremely well made with great length, balance and style which combines so well with his power and capacity. Rarely does an opportunity arise to buy such a complete young sire especially being Homo polled. Top 10% for 200 & 400-day weight and docility rounds out this complete young sire. The 4 Kathie L126 sons to date have averaged \$33,250/hd.

# SimAngus Bulls

The SimAngus programme is becoming larger every year and we continue to invest heavily in it to be able to offer you a superior line of bulls. The consistency we are achieving is due to the strict selection pressure we place every cow under yearly which in turn results in a higher quality group of bulls. This year's offering includes the first of the Quixote sons who have impressed us with their outstanding shape, growth and doing ability. Q129 has also done a great job for us putting plenty of performance, power and carcase into his sons.

# Livestock insurance that fits

In the livestock business, we understand it takes years to breed and produce your stock, which is why it pays to make sure you're protected if the unexpected occurs. Elders Insurance offers a wide range of risk protection options in one policy to cover any livestock enterprise you may be involved in. As we all know, there is always an inherent risk when transporting livestock but many of us forget about the risks while they are in the paddock. With every season and area being different it is important to consider all of the potential risks to your livestock and ensure you have suitable cover in advance for unforeseen circumstances involving your valuable livestock assets.
