OFFERING 30 CHAROLAIS BULLS

WELCOME!

Welcome to our annual on property bull sale. We would like to thank everyone that has supported us over the past years, we truly appreciate it and look forward to offering top quality Charolais bulls well into the future. We continually invest in superior genetics with the growth, muscle, softness and overall structural soundness to breed bulls that offer a competitive advantage to the commercial cattle producer.

We always ensure the safe delivery of our bulls after the sale.

If there are any special requirements needed please talk to us we are always happy to help

While every care will be taken with the bulls the liability of the bulls falls to the purchaser at the fall of the hammer, we recommend you insure your bulls especially for their first season.
