Sale Terms & Conditions

Any bull not sold in the ring will attract a \$250 premium per head after the sale.

There may be NO SUBSTITUTIONS of bulls.

(Please note this is a decision made by the vendors)

Insurance Disclaimer

Insurance risk of stud animals sold at auction transfers to the purchaser at the fall of the hammer including animals remaining on the vendor's property. Purchasers therefore are advised to insure their animals at the completion of the sale. Stud animals are not covered by Commercial Livestock Insurance.

Inspection Disclaimer

The 2023 Supreme Sale Bulls presented by vendors have been thoroughly inspected by the nominated WALSA agents, with a heavy emphasis on sound feet and structure for a working Sire.

COPPLESTONE CHAROLAIS STUD

Bred to Perform, Prepared to last

At Coplestone we strive to breed consistent, quiet high performing cattle without giving up the calving ease and doing ability the industry demands and believe this years sale team reflects our aims at these traits.

We have used both AI and embryo transfer technology and have imported both male and female genetics from a number of leading studs in Eastern Australia over the last 30 years.

This year sees the introduction of two exceptional new walking sires as well as sons of the crowd favourite Paringa Harvey.

Ascot Louis was selected after extensive research from the renowned Ascot herd in Queensland for his tremendous length and softness as well as his slick coat and magnificent temperament. His sons and daughters are really showing the effect of this selection. 2023 also marks the first offering of two-year-old sons of homebred powerhouse Coplestone Primetime. In our years of breeding we have always sought to bring in outside bulls to offer clients the most up to date genetics but from early in his life we new Primetime was a bull with the potential to bring growth and carcass quality to the herd, clients are sure to benefit greatly from this year with the bulls we are seeing come through.

We are proud to present this year's team of 11 polled, quiet, slick coated white sires and look forward to catching up with new and existing clients at the WALSA Supreme Bull Sale or prior by arrangement if you wish to inspect the bulls privately.

All bulls have received their full course of Vet treatments, semen & BVDV tested and are ready to work.
