### **SALE INFORMATION**

**Sale details:** Auction will start, not before 10am WST, on Friday, March 3, 2023 at Boyanup Saleyards.

**Auction information:** The sale will be conducted by Nutrien under normal auction terms and conditions, in conjunction with AuctionsPlus. A live stream will be held on sale day.

**Registration:** All buyers are required to register before the start of the sale. All bulls sold will be exclusive of GST.

Buyer instructions: Verbal instructions cannot be accepted, written instructions are required.

**Inspection:** Bulls will be yarded by 9am on sale day for your viewing however we welcome on-farm inspections of bulls and yearlings at a mutually convenient time by contacting stud principal Clayton Trigwell on 0435074538.

**After auction:** Whispering Pines Angus will hold and take bulls back to its farm near Busselton for agistments on the condition the purchaser fully insures the bull.

**Transport:** Transport of bulls will be the buyer's responsibility and can be arranged on sale day with help from Nutrien employees.

**Insurance:** It is suggested buyers insure purchases for full cover at the end of the auction.

**Health:** Whispering Pines Angus is J-BAS 8 accredited, which is the highest level available. The cattle are also tested using the Zoetis High Density (HD) 50K genomic analysis. Sale bulls are double vaccinated with Ultravac 7in1, Pestigard and Vibrovax as well as ear-notched PI free to qualify for the Zoetis STAR BREEDER (Steps Taken Against Reproductive Diseases) Program.

**Genetic testing:** Sale cattle have been tested and are free of the four standard generic defects in Angus animals (DD, NH, CA and AM).

**Fertility:** Whispering Pines Angus takes all steps possible to ensure its bulls are structurally sound, fertile and in working order at time of sale. All sale bulls are fertility tested before sale and individual bull semen results are available by request. If a purchased bull is considered to be unsatisfactory at the time of sale, the stud can be contacted to discuss a replacement or negotiate an alternative.

## **ABOUT US**

Opening the gates to showcase what Whispering Pines Angus has been working on at its inaugural sale is an exciting prospect for the team behind the stud.

In 2023, Whispering Pines Angus will offer its first lots for auction at the Boyanup Saleyards on March 3 under its current management.

Stud principal Clayton Trigwell, along with wife Clare are keen for buyers to see first-hand the quality of bulls and yearlings they have been nurturing with great success.

Whispering Pines Angus is a third-generation bull stud with the primary goal of improving the qualities of the breed to suit WA's unique growing conditions and markets.

Located in Yoongarillup, close to Busselton, the stud was founded in 1967 by Neville Trigwell, a respected stockman with a keen eye for cattle. The stud was created with the introduction of trans-Tasman genetics to offer unique bloodlines on which to build a solid female herd.

Neville used a traditional approach to cattle selection, focusing on desirable morphology, correct structure, and optimising fertility in his breeding program. He also pioneered non-surgical embryo transfers in the South-West farming district, which is now commonplace in artificial breeding programs.

Today, Clayton has remained loyal to Neville's core breeding philosophies. The stud raises and prepares stock for sale on a 100% grass-based diet, without grain or other dietary supplements to assess and improve performance in real-world conditions.

On-farm experience reflects the relevant literature that a purely forage-based diet promotes optimal fertility, structural soundness, consistency of body condition and a prolonged service life.

"As with the purchase of modern-day machinery, bulls represent a significant investment to breeders and breakdowns, sub-optimal performance and a short service life can be costly," Clayton said.

Whispering Pines Angus is committed to an open gate policy as a transparent operation and welcomes animal inspections at any time throughout the year as well as detailed semen test results.

## **OUR SIRES**

1. WHISPERING PINES N48 - The perennial favourite of farm tours. An attractive, highly muscled outcross with a no-holes resume. A versatile sire who complements or improves the traits of any mating.

- 2. SQUARE B TRUE NORTH 8052 What we believe are the first sons of Square B True North 8052 to be born in Australia. Offering a standout morphology, calving-ease, and explosive growth, while maintaining a moderate and efficient cow size.
- 3. SITZ STELLA 726D An increasingly rare combination of good fat cover and high growth rate. Structurally correct with excellent feet and a below average birth weight to top it off.
- 4. CHILTERN PARK MOE M6 A well balanced and proven calving ease sire with breed leading docility, dersirable claw shape, and daughters with extra milk. A popular choice over heifers.

# Breeding quality Angus bulls since 1967.

5. LD CAPITALIST 316 - Breed leader for calving ease and passes it on to his daughters. A wide, muscular morphology is a trademark of his calves who achieve high weaning weights with lots of eye appeal.
