PERFORMANCE, PROFITABILITY & LONGEVITY

# Welcome To Our 2023 Sale

Welcome to our annual on-farm Stud Simmental Fleckvieh sale. We have been holding these sales since 2004. As always, we are offering the best of our strong breeding lineage and we are confident you will not be disappointed.

We are grateful for the opportunity to share our home with you and hope you enjoy our hospitality. Please contact us if you would like to view the animals prior. We look forward to hosting you on the day.

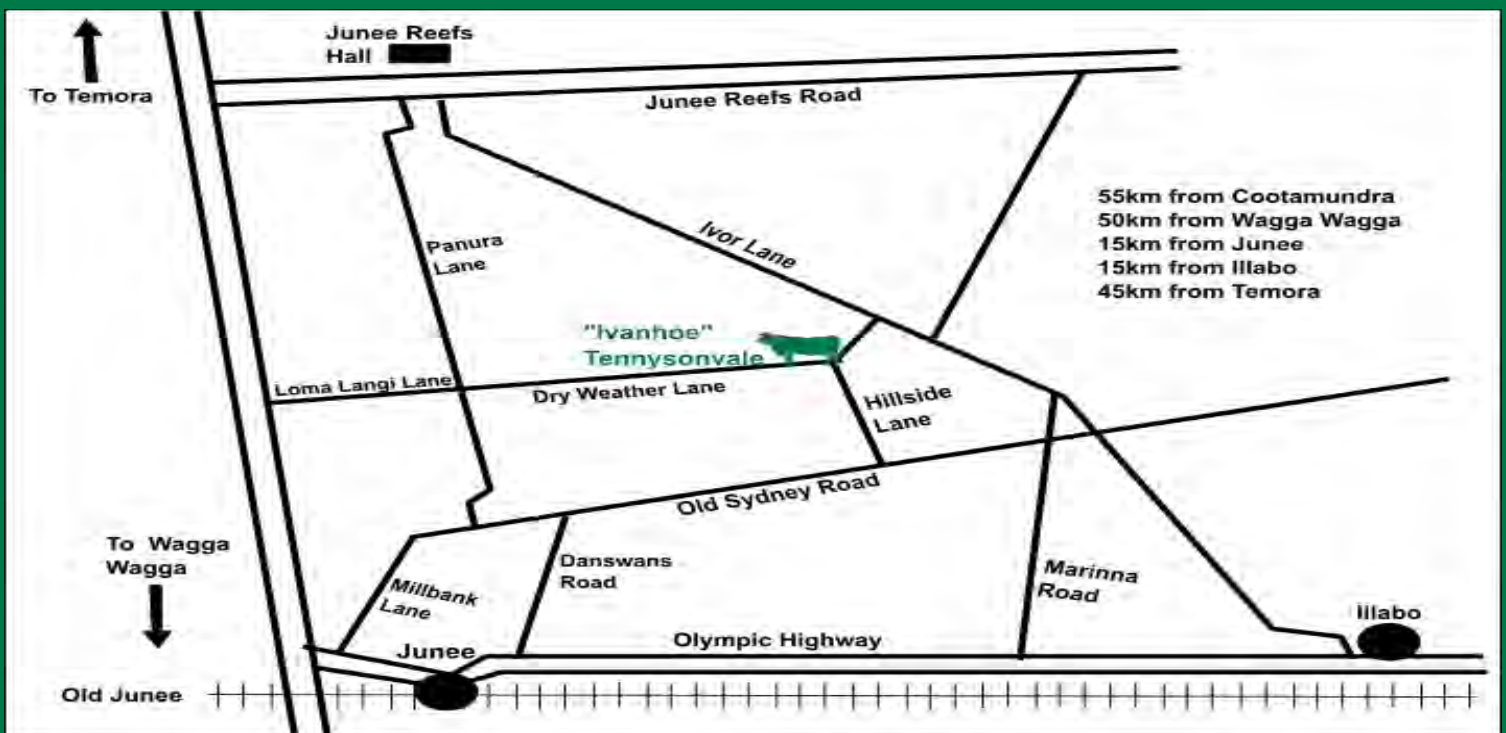

It is with great honour that we ensure the best care and attention to our cattle. All cattle have received required vaccinations, including 7-in-1, pesti-virus, tick vaccine, worming and lice treatments.

In 2023, yet again we offer an outstanding line up of heifers with 44 females offered unjoined, with 13 confirmed as homozygous polled. Our bulls are wide-ranging to suit any herd and their doability is assured. This year we have 45 bulls, with 8 confirmed as homozygous poll.

We are thrilled to share our range of new and established genetics. Recently, we have expanded our genetic base through the addition of our new stud sires, Yerwal Est Quality Kid (Pp) and Tennysonvale Quality (Pp). We continue to utilise our experienced stud sires, Tennysonvale Kip (PP), Rowlon Park Pirelli (Pp), Tennysonvale Leada (Pp), Tennysonvale Piller (PP), and Tennysonvale Merv (Pp).

We pride ourselves in the continuing growth and quality of our stud and we are excited to see what the future brings. We extend a warm welcome to all previous buyers and under bidders, as well as any newcomers. We appreciate your interest and thank you for coming. We hope this year proves to be a prosperous sale for all involved.
